Mr. Sirdeld was adopted with but slight alterations. Various propositions were also made and difference relative to details in the achedule of inquiries.

Mr. JENCKES moved to strike out the agricultural afthedule from the bill, and leave the Experimented of the consus to frame the schodule of the consus to frame the schodule, which would naturally vary according to location. He argued that it was the practical way of doing it, Congress simply indicating what subject required information. Messra, Garfield and Paine argued against the motion, which was rejected.

Mr. BINGHAM moved to amend, by

calling on the Secretary of the interior for information is to public lands remaining unappropriated in the several southern and facuthwestern. States.

Adopted.

Mr. HAYES effored a resolution requesting the Cognitition on Mines and Mining to investigate the causes of the limiting to investigate the cause of the limiting to investigate the cause of the limiting to investigate the causes of the limiting to investigate the cause of the limiting to investigate the causes of the limiting to
