

The Pittsburgh Gazette.

OFFICE: LIBERTY BUILDING, 54 AND 55 FIFTH AVENUE. OFFICIAL PAPER OF PITTSBURGH, Allegheny and Allegheny Counties, Pa. PUBLISHED WEEKLY, MONDAY, JAN. 31, 1870. ESTABLISHED IN 1825.

WE direct the attention of readers to an interesting chapter in the history of the coal question at the State Capitol, which we print in another column.

The Tennessee Convention decided by a vote of 22 to 10, in favor of closed suffrage. Whereupon, the Legislature of that State accepted the result by a unanimous vote.

The House paid a very high compliment to the Hon. Mr. Lincoln, by passing, by a vote of more than three to one, a bill to regulate the office and duties of the Congressional Printer.

A report to a recent visit by the Board of Health to the State Prison, at Allegheny, is published in another column.

It is a new tariff bill to be ready for report to the House to-day or tomorrow. It is a bill to amend the act of 1857, relating to the duties on foreign goods.

In re-arranging the judicial circuit of the State, the Hon. Mr. Lincoln, by a bill to amend the act of 1857, relating to the duties on foreign goods.

Why have the Democratic members of the Legislature taken the unprecedented step of making a party question of the Tennessee Convention?

Mr. HAYES, in his address, has abandoned his bill to declare a day of thanksgiving, and consequently open to public view, his own private feelings.

It is generally admitted that those portions of the bill in relation to the question of protection, in France, are the most important.

THE QUESTION of the bill in relation to the question of protection, in France, are the most important.

THE KENTUCKY SENATE has passed a bill to amend the act of 1857, relating to the duties on foreign goods.

THE REPUBLICAN CHIEF of this Commonwealth is found in the Western and North-western counties, and a large part of our majorities are always being piled up by those very districts which elected the members of the Legislature.

community, hand and foot, to a new favorite but only recently so much favored monopoly. It is management, however, known as well as we do, that there is no Vanderbilt agency in this city, unless, which the public respects, it be the management of that Journal. Its importance against its contemporaries has long ago lost the charm of novelty, and even the faintest semblance of public interest in their truth. There is but one Journal in Pittsburgh which has earned for itself the universal admission of respectability as honest as its fidelity to our municipal interests is marked—and that Journal is the Pittsburgh Commercial.

THE HOUSE COMMITTEE on TERRITORIES responds to the general sentiment—to which the President gave recently and much attention—the question of a public policy which contemplates the earliest possible extension of the privilege of citizenship to the Indian tribes. The Committee's bill erects the whole Indian country into a territory, to be styled "Lawson," and it is to be divided into counties, and a delegate to be elected to confer the suffrage, for a definite period of time, upon every Indian who can read his ballot. There are thousands of these Indians, and especially among the Creeks, Choctaws, and Chickasaws, and about the religious missions in that territory, who have acquired the high quality of citizenship. Except by the extinction of the race, we can see no other plan so summary, and certainly none so all, consistent with an enlightened humanity, for the ultimate absorption of the aboriginal tribes, and for the complete solution of the vexed Indian problem.

A HANNAH correspondent of the Raleigh Republican, deprecates the severity of an outrage which occurred in the Commonwealth. There may be no less than a hundred persons who have been severely punished in the Commonwealth. There may be no less than a hundred persons who have been severely punished in the Commonwealth.
