The commemoration of our soldierage of the people of these cities, yesterdas, was a deeply impressive proof of public intelligence and patriotism. It is evident that, as a day set apart for the leastly observance of an entire people, abitaining from all other occupations, Decration Day has already become the day of the year. No other day, whether of feast or of fast, of pleasure or of sory was marked, last year, by an extraordinary exhibition of the public interest, but yes-terday's celebration certainly exceeded, as a popular demonstration, anything yet withceased, on any non-partisan occasion, in these cities. trampled Republican usages, the integrity of the party, under their feet. Then and since, the State has rung with the disgraceful recivil of the particular features of Mr. Anderson's crussde against the usages of our jearty. Was it according to those usages to pay cash for votes for his favorite in a nominating caucus? When this "usage" was exposed, and his candidate thereby defeated, was it "usage" to organize a bolt thereupon, and carry enough of his.creatures over to the enwy's camp to secure, with their help, a majority for another of his tools? These things may be "usage" in Crawford or Erie, but not if the people know it? He will find out their opinion of such "usages," if he remains, a candidate until October.

A Wagnerian Row.

The first representation of Wagner's Meistersinger' took place at Berlin on the let of April, in presence of the King and Queen of Prussia. The house was crowded, and in spite of the rule which forbids applause in presence of the sovereign, unless authorized by the sovereign's example, the theatre throughout the performance resounded with plandits, plentifully relieved by hisses. During the first act the audience was comparatively calm Walter's sole, sing with great expression by Niemann, was encored in spite of very violent opposition from a large perition of the audience. But with the second act tempest burst forth such as, in the mustal spite of the comparative of the second act tempest burst forth such as, in the mustal sphere, the works of Wagner alon seem capable of creating. Puring the third act the tompest became a hurrican which attained its climax when the fine was begun. The instrumentation of the closing scene is sufficiently noisy; he such was the roar kept up by the adve-BELTING, han one year. Manufacturers' and Mill ORDERS SOLICITED.
