

this appointment as it ought to be spoken of, although there are a few private citizens of that party who, we are informed, do denounce it in terms of indignant reprobation. This is an encouraging sign, so far as it goes, and we hail it as an evidence that there are some righteous men yet left in Sodom.—Sussex Register.

Remarkable Physical Phenomenon.

A SLEEPING GIANT—A RIP VAN WINKLE.—The Rochester Democrat gives the subjoined account of a Rip Van Winkle in that neighborhood:

Our attention was called yesterday to a most extraordinary phenomenon. A full grown man, six feet two inches tall, 37 years of age, has slept for nearly five years, with only occasional and brief intervals of wakefulness. The name of this man, subject to so remarkable a suspension of the ordinary faculties of the race is Cornelius Broomer. He is the son of a farmer living in the town of Clarkson, in this county, in whose family only this single and singular instance of somnolency has ever occurred. The subject of notice first fell into this long sleep on the 16 of June, 1848, and since that time has been awake, at different periods, from a few hours to four months at a time. It is remarked that when he comes out of this catalepsy, he appears to have no knowledge of the lapse of time, or of circumstances taking place while he sleeps. The fit comes upon him instantly, without so far as is known, any warning. His eyes close, his jaws are set, his muscles contract, and his whole frame is rigid, so that if standing, he continues in that attitude partly bent over; and it is not easy to pull him down. He has continued in this condition for months together, unable to speak or move.

Various experiments have been tried to restore him to consciousness, without effect. The man sleeps on, lives, eats, retains perfect health, with a pulse at 80, and without variation. When asleep, he may be placed upon his feet, and he will stand for days together, as he has been known to do for three days and nights in succession. In order to feed him it is necessary to pry open his firmly set jaws; and in that manner but little food is introduced into his stomach. He is not, however, much emaciated, keeps his natural color, and appears entirely without disease, excepting that which produces his strange sleep. When he awakes, he comes out of his trance suddenly, his rigid muscles relax at once, he asks for meat or drink, and eats voraciously. If asked why he sleeps so much, he appears to regard it as an imposition, just as any active man would receive an intimation that he was considered sluggish.

A disgraceful Riot took place Sunday afternoon on the Belleville Avenue, at the house of Mr. John Donahue. A brother of Mr. D. who had been residing with him about a year, during which he had been ill of consumption, died on Saturday morning. Mr. D. is a Protestant and his brother was a Catholic, but when dying gave no particular directions concerning his funeral to the family, leaving it to their discretion and they made arrangements with other friends and Fathers Moran and Senex for having Protestant services at the house, and then resigning the body to the Catholic friends of the deceased for interment in their Cemetery. This it was believed would settle all the difficulties which had been raised and no disturbance being apprehended, the funeral was going on quietly, Rev. Mr. Townsend officiating. While he was in his discourse Father Senex and others drove up and said according to the testimony of those who heard it, "is there no good Catholic here that will stop that babbling? He is playing a comedy over the dead body"—in allusion to Mr. Townsend. The services were then stopped, the Catholics rushed in and attempted to get possession of the body and a general melee ensued in which the coffin lid was taken off and used as a weapon by the assailants. The riot continued for some time but finally the bearers and friends placed the body in the hearse and followed it to the grave among much ill language uttered by the other party. The affair will become the subject of a legal investigation.—Newark Ad.

Rev. Mr. Senex publishes a card in the Newark papers denying that he used the language imputed to him, and declaring that there was no rioting whatever at the funeral. On the other side a number of persons are ready to testify to the use of the language, and the consequent fray. In this contradictory state of things, the truth of the matter will not be ascertained until an impartial investigation shall be had, which we learn, has been ordered by the authorities.

Destruction by Grasshoppers.
A gentleman from Somerville, in Lower Makedfield township, informs us that the grass hoppers are very destructive in that vicinity. The fields are crowded with them to such an extent that a person passing over them drives the insects up before him in perfect clouds.—Several fields that our informant had seen were almost entirely stripped of their crops of clover. He also states that he had the curiosity to count the number of the insects on a rail in the fence. He found it to contain between two or three hundred. On another rail he presumed there was at least five hundred. If there should come a dry spell, and they increase as they usually do at such times, fears are entertained that they will become as destructive as the locusts of Egypt.—Dagles-town Democrat.

POISONING.

Thousands of Parents who use Vermifuge composed of Castor Oil, Calomel, &c., are not aware, that while they appear to benefit the patient, they are actually laying the foundations for a series of diseases, such as salivation, loss of sight, weakness, of limbs, &c. In another column will be found the advertisement of HOBENSACK'S Medicines, to which we ask the attention of all directly interested in their own as well as their Children's health. In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, HOBENSACK'S Liver Pills.

"Be not deceived," but ask for HOBENSACK'S Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. HOBENSACK, as none else are genuine.

DR. J. LANTZ, DENTIST,

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite S. Melick's Jewelry store, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far.—Hence the necessity of obtaining the services of a dentist near home. All work warranted.

5000 CHALLENGE.

Whatever concerns the happiness and health of a people is at all times of the most valuable importance. I take it for granted that every person will do all in their power, to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that worms, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually flagging from one kind of food to another, Bad Breath, Pain in the Stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Sore Throat, Pulse Irregular—remember that all these denote worms, and you should at once apply the remedy—

Hobensack's worm Syrup.

An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly safe when taken, & can be given to the most tender Infant with decided beneficial effect, where Bowel Complaints and Diarrhea have made them weak and debilitated, the Tonic properties of my Worm Syrup are such, that it stands with, out an equal in the catalogue of medicines, in giving tone and strength to the Stomach which makes it an infallible remedy for those afflicted with Dyspepsia, the astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

The Tape Worm!

This is the most difficult Worm to destroy of all that infest the human system.—It grows to an almost indefinite length, becoming so coiled and fastened in the Intestines and Stomach affecting the health so sadly as to cause St. Vitus Dance, Fits, &c. that those afflicted seldom if ever suspect that it is Tape Worm hastening them to an early grave. In order to destroy this Worm a very energetic treatment must be pursued, it would therefore be proper to take 6 or 8 of my Liver Pills so as to remove all obstructions, that the Worm Syrup may act direct upon the Worm which must be taken in doses of 2 or 3 Table spoon's full 3 times a day, these directions followed, have never been known to fail in curing the most obstinate case of Tape Worm.

Hobensack's Liver Pills.

No part of man is more liable to disease than the Liver, it serving as a filter to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver affects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c.—We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of Roots and Plants furnished by nature to heal the sick: Namely Ist, An Expectorant, which augments the secretion from the Pulmonary mucus membrane, or promotes the discharge of secreted matter. 2d, An Alterative, which charges in some explicable and insensible manner, the certain morbid action of the system. 3d, A Tonic, which gives tone and strength to the nervous system, renewing health and vigor in all parts of the body. 4th, A Cathartic, which acts in perfect harmony with the other ingredients, and operating on the Bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the Blood, which destroys disease and restores health.

TO FAMILIES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring their fractional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as head ache, giddiness, dimness of sight, pain in the side, back, &c.

None genuine unless signed J. N. Hobensack, all others being base imitations. Agents wishing new supplies, and Store Keepers wishing to become Agents must address the Proprietor J. N. Hobensack No 120 N. Second st., Phila., Pa.

What can be got for Five Dollars!!

The undersigned have entered into an arrangement by which they agree to furnish the Knickerbocker Magazine, (monthly,) the Home Journal, (weekly,) and the Musical World and Times, (weekly,) to new subscribers, at the very moderate price of five dollars a year for the three publications; all orders, enclosing that amount to Dyer & Willis, will be promptly attended to.

Grand Literary and Artistic Combination.

Arrangements have been made to furnish the Knickerbocker Magazine, the Home Journal, and the New York Musical World and Times, to new subscribers, for five dollars a year! This is cheap literature, with a vengeance. The Knickerbocker is \$3 per annum; the Home Journal, \$2; and the Musical World and Times, \$3; making \$8 a year at the usual rates. That three such works can be obtained for five dollars a year, is a fact truly worthy the Caloric age, which is just now being ushered in. Of the Knickerbocker Magazine, edited by Lewis Gaylord Clark, it is unnecessary to speak.—For twenty years it has been the most general, humorous, and spicy "monthly" in the world; and the present volume will be better than any which preceded it. The Home Journal, edited by Geo. P. Horris, and N. P. Willis, is well known as the best family newspaper in America; and the Musical World and Times, edited by Richard Storrs Willis, with Lowell Mason, Geo. H. Curtis, Thomas Hastings, Wm. P. Bradbury, Geo. F. Root, and other musical writers contributing; and which gives, among other things, over \$5 worth of music and a full course of instruction in harmony annually, is the very best musical journal ever published. These three publications will post a family up to nearly everything worth knowing—Art, Science, Literature, Music, Painting, Sculpture; Inventions, Discoveries; Wit, Humor, Fancy, Sentiment; the Newest Fashions and other attractions for Ladies; Choice New Music for the Sabbath, the Church, and the Fireside; Reviews and Criticisms of Musical Works, Performed and Performances; in short; the very pick and cream of Novelty, Incident, History, Biography, Art, Literature and Science; including whatever can be given in periodicals to promote Healthy Amusement and Solid Instruction in the family, and help to make it Better, Wiser, and Happier, may be now obtained for five dollars. Address DYER & WILLIS, 257 Broadway.

Editors publishing the above three times, and sending the papers containing it to Dyer & Willis, will receive the three works named, for one year.

and all other articles in his line of business, which he will dispose of upon very reasonable terms.

Work made to order at the shortest notice.

His materials will be of the best quality, and as he employs none but good workmen, he hopes to receive a liberal share of public patronage.

His motto is "quick sales and small profits." Call and see for yourselves.
