Cure for Crack in Horses' Hoofs.

The Farm Journal says, our friend Martin Bell, Esq., of Blair county, sends us the following remedy for hoof crack: "When the crack opens and makes the horse lame, take a piece of light hoop iron, six or seven inches long, and punch six or eight holes in it, so that three or four may come on each side of the crack, and fit it to the hoof as near the hair as the solid part of the hoof will permit. Have the opposite foot held up by an assistant, and fasten the plate to its place in a workmanlike manner, with good screws about three-sixteenths of an inch in length. The holes for the screws should be made in the hoof with a small springingawl. If properly done the horse can be either ridden or worked without limping. But to make the cure perfect, a sore must be made at the top of the hoof where the hair comes, which may be done with an inch chisel, guarded so as not to cut too deep. A little poke root or something else should be inserted in the wound to make a sore and it is done. I have seen the plate remain on two or three months, and know from experience that it is much preferable to any other mode I have ever seen tried where the horse has to be used."

New Mode of Making Butter.

The following process for the manufacture of butter is recommended, by which its quality is improved and its disposition to become rancid prevented. When butter contains only the fatty portions of milk it changes slowly under the influence of the atmosphere. It contains, however, generally a quantity of casein, derived from the cream, which retains this nitrogenous substance. This casein acts as a ferment on the fatty acids of the butter, and produces those changes which give the character of rancidity to it. By washing butter, this cause of its rancidity cannot be completely removed, because water will not dissolve casein when by the acids of the cream, it has been converted into an insoluble modification. It could be entirely removed if these acids were neutralized, and the casein could then be washed from the butter. To accomplish these objects, proceed the following way: The cream, in small portion, is with constant agitation to be carefully neutralized with milk of lime, and agitation proceeded with in the churn until the butter separates from it, but not so as to form a mass, as is usually the practice. The butter milk is then poured off, fresh water added to the butter, and churning continued until the butter combines into a mass; the butter is then finished in the ordinary method. By this process, it is stated butter is best obtained, and keeps good much longer than that made in the usual way. The butter milk thus produced loses its disagreeable smell and its laxative properties on men and animals; and besides, in this state they will more readily partake of it than in the common form. It is found that when butter becomes too rancid to be consumed as food, it may again be restored by washing it with lime water. For this purpose lime water can be replaced by any other alkaline fluid.—*Annals of Chemistry and Practical Chemistry.*

The Farmer's Pest.

Weeds, it should be recollected, are always more exhausting to soil than either roots or grain crops. They are indigenous, consequently gross feeders, and abstract from the soil only those elements of fertility which are essentially and indispensably requisite to sustain the more valuable and cultivated crops. It should ever be a rule with the farmer, to allow no plant to perfect its seed on his premises, that will in any way, diminish the productivity of his soil. There are many weeds which, if cut close to the soil, while in inflorescence, inevitably die; and others, if so treated, will not start again till the following year, or if they do, it will be very feebly, and with so little vigor that they will effect but little injury, comparatively speaking, and without any possibility of producing seed. Mullen, thistles, burdocks and many other noxious productions of a similar class, may be eradicated by placing a teaspoonful of salt upon the stump of each plant after cutting it. When these weeds are "in force," we have frequently found it profitable to sow salt freely after mowing, as the exuding fluids of the roots dissolve it and of course take a portion of it into their vessels, where it acts as a most efficient destroyer. If a field infested with thistles be mowed when the thistles are in full bloom, and salt, say two bushels to the acre, be sowed upon the stumps, and sheep be permitted to graze upon the enclosure, it is said the thistles will be at once destroyed. This is perhaps a more economical method of eradication, than removing the plants by the roots, which is tedious, expensive and but seldom effectual.—*Modern Farmer.*

Raising Blood

And Consumption, pain in the side and night sweats, Asthma, Whooping Cough, palpitation of the heart, Liver complaint, Bronchitis, and all diseases of the throat, lungs and liver cured by Sherman's All-Healing Balm.

RAISING BLOOD & CONSUMPTION

Mr. Milne, Builder, in Brooklyn, was attacked with raising blood, followed by a cough, pain in the side, and all the usual symptoms of consumption. He employed two of the best physicians; they did him no good, and told him he could not live.

Hearing of the wonderful cures performed by Sherman's Balm, he sent at 10 o'clock at night to Mrs. Hayes, 136 Fulton street, and got a bottle; it operated like a charm, stopped the bleeding and cough! Before he had taken one bottle he was able to be about his work. It had saved his life. His daughter, residing at 127 Myrtle Avenue, can attest it.

Miss Ann Maston, of Williamsburg living in Tenth, near South Fourth st., says—That she had been troubled with a hacking cough, and pain in the chest, for a long time, which at last became so bad that she was obliged to give up her school for more than a year. She then commenced taking the All-Healing Balm—which soon alleviated her symptoms. She is now fast recovering, and has resumed her laborious occupation as a teacher.

14 years Mr. John O'Neil, 10th avenue and 21st street, suffered with a cough, raising of phlegm, and pain in his side. He could get no relief till he tried the All-Healing Balm, which drove the pain from his side, allayed the cough, and brought the disease upon the surface; and before he had taken three bottles, was entirely cured.

PLEURISY AND CONSUMPTION.

Mrs. Baggs, a lady upwards of 70, residing 88 Sheriff street, has for years been subject to attacks of Pleurisy, Raising of Blood, severe Cough, Shortness of Breath, Pain in her head and various parts of her body. Her friends believed past recovery. The All-Healing Balm relieved her at once of all her alarming symptoms, and now she is able to attend to her work.

ASTHMA AND WHOOPING COUGH.

Mrs. Lucretia Wells, 95 Christie st.; L. S. Beals, 19 Delancy street; W. H. Youngs, 75 Walnut st.; know the value of this great remedy.

Ask for Sherman's All-Healing Balm, and see that his written signature is on each bottle.

Price 25 cents and \$1 per bottle.

Stroudsburg and Easton

Port Jervis, Mauch Chunk and Scranton

STAGE LINES.

The Stroudsburg and Easton mail line of stages, consists of excellent four horse coaches, and leaves J. J. Postens' Indian Queen Hotel, Stroudsburg, Pa. every day (except Sundays) at 7 o'clock A. M. arriving in Easton before the departure of the cars for New York, or stages to Bethlehem and Allentown.

The following lines leaves Postens, Indian Queen Hotel, Stroudsburg, Pa. every Monday, Wednesday and Friday, returning on alternate days:

A line to Port Jervis, leaving at 7 o'clock A. M. via Bushkill, Dingman's Choice and Milford. Returning, leaves Port Jervis immediately after the arrival of the morning train of cars to New York, at about 8 o'clock A. M.

A line to Mauch Chunk, leaving at 7 o'clock A. M. via Brodheadsville, where it connects with lines to Wilkes-Barre and White Haven.

A line to Scranton, leaving at 4 o'clock A. M. via Bartonsville, Tanagersville, where it connects with a line to Honesdale, and connecting at Scranton with the cars for the west.

These lines hold out strong inducements to the traveling public—passing through sections of the country which are as magnificent and picturesque as any in the Union.

Having provided themselves with excellent coaches, good horses, and careful drivers, they feel confident that they will be enabled to give entire satisfaction to all who will patronize them.

B. A. FANESTOCK'S VERMIFUGE.

A SURE REMEDY FOR WORMS.

The testimony in its favor is over whelming. The proprietors are daily in receipt of letters and certificates, going to prove its remarkable efficiency to a class of worms, both in children and adults. The relief given, and the immediate improvement of health which follows its use, has called the attention of physicians to this article, and they freely recommend & prescribe it in their practice. The retail price is 25 cents per vial which brings it within the means of all.

Brooklyn, L. I. January 16, 1847. I do certify that I gave one bottle of B. A. Fanestock's Vermifuge to my child, and in seven hours it passed 23 large worms. Any person doubting this may apply for further information at my residence corner of York and Jackson st's.

JAMES McCAFFREY.

Poughkeepsie, N. Y. March 2, 1844.

I certify, that I took two vials of B. A. Fanestock's Vermifuge, which I found to be the greatest cure for worms I have ever used. I have been troubled with tape worms for a number of years, and I have never found so good a medicine as B. A. Fanestock's Vermifuge. I therefore recommend it.

MARTHA CLIFT.

The public is cautioned against counterfeits and spurious articles, and to put no confidence in statements that 'Kalmstock's,' and 'S. Fanestock's Vermifuge,' are the same or as good as the only genuine article, which is B. A. Fanestock's Vermifuge.

HOBENACK'S WORM SYRUP & LIVER PILLS

\$500 CHALLENGE.

Whatever concerns the happiness and health of a people is at all times of the most valuable importance. I take it for granted that every person will do all in their power, to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that worms, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually chargeable from one kind of food to another, Bad Breath, Pain in the Stomach, Pickling at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular—remember that all these denote worms, and you should at once apply the remedy!

Hobenack's Worm Syrup.

An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly safe when taken, & can be given to the most tender Infant with decided beneficial effect, where *Bowel Complaints and Diarrhea* have made them weak and debilitated, the Tonic properties of my Worm Syrup are such, that it stands with, or out an equal in the catalogue of medicines, giving tone and strength to the Stomach which makes it an infallible remedy for those afflicted with Despondency, the astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

The Tape Worm!

This is the most difficult Worm to destroy of all that infest the human system.—It grows to an almost indefinite length, becoming so coiled and fastened in the Intestines and Stomach affecting the health so sadly as to cause St. Vitus Dance, &c. &c. that those afflicted seldom if ever suspect that it is *Tape Worm* hastening them to an early grave. In order to destroy this Worm a very energetic treatment must be pursued. It would therefore be proper to take 6 or 8 of my Liver Pills so as to remove all obstructions, that the Worm Syrup may act direct upon the Worm which must be taken in doses of 2 Table spoon's full 3 times a day, these directions followed, have never been known to fail in curing the most obstinate case of Tape Worm.

Hobenack's Liver Pills.

No part of man is more liable to disease than the Liver, it serving as a filter to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver affects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. &c.—We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of *Roots and Plants* furnished by nature to heal the sick; Namely *St. An Expectant*, which augments the secretion from the Pulmonary mucus membrane, or promotes the discharge of so-called matter. 2d, An *Alterative*, which charges in some explicable and insensible manner, the certain morbid action of the system. 3d, A Tonic, which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th, A Cathartic, which acts in perfect harmony with the other ingredients, and operating on the Bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the Blood, which destroys disease and restores health.

To Females.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring their fractional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as head ache, sickness, dimness of sight, pain in the side, back, &c.

None genuine unless signed J. N. Hobenack, all others being base imitations!
