

Hon. ROBERT T. CONARD, has been nominated by the Whigs of Philadelphia, as their candidate for Mayor.

The Easton Gas company have obtained supplements to their charter authorizing them to extend their pipes to Phillipsburg and South Easton. These towns we suppose, therefore, will soon be lighted with gas.

Hon. James Pollock.

This gentleman having been nominated as a candidate for Governor by the Whig State Convention, we regret to see that his Congressional course has already been misrepresented by his political opponents. It is asserted that he voted against men, and supplies for the Mexican War. This is not so; the bill appropriating ten millions, and authorizing President Polk to accept 50,000 volunteers, received the vote of Mr. Pollock—it passed 174 to 14 and Mr. Strohm was the only Pennsylvania in the negative. Let us keep history correct for the honor of our State, if not for the sake of truth.—Philadelphia Sun.

In New York city there are nine thousand and ninety-six gas lamps, and 246 miles of gas pipe laid.

A Washington correspondent of the Inquirer says—from present appearances, Congress will not adjourn till October, if so soon. At least one hundred and fifty speeches upon Nebraska, are already prepared for delivery in the house. Here there is a stock of eloquence for four months at least. Then the appropriation bills will consume a month or two—to say nothing of all other measures and private bills. Verily this will be a notable session, unless matters take a new turn—as remarkable for its length, as the little business which will be transacted.

Important Trial for Conspiracy—Fatal Steam Boiler Explosion.

Pittsburg, Monday, April 17, 1854. The Small Note case against Hazen, Davis, Morris and Lawson, a conspiracy, suit for endeavoring to extort \$110,000 from the Pennsylvania Railroad Company, was concluded to day. William A. Stokes for the prosecution made an eloquent speech to the jury. Judge McClure charged the jury strongly for the prosecution, and after an absence of three hours the jury returned a verdict of guilty. Mr. Stokes moved for sentence forthwith, when it was found that none of the defendants were present. Their bail was forfeited, and warrants issued for their arrest. Hazen and Davis were taken and committed to jail, but Morris and Lawson have not yet been found.

The boiler of a steamboat on Jones' Ferry exploded this morning as the boat was leaving the shore. The engineer Jacob Hadley, was instantly killed, and four others were injured.

A great horse race came off at New Orleans on the 5th inst. the stakes being \$10,000 aside, with other heavy amounts pending on the result. Four horses were entered, viz. Lexington, for Kentucky; Lecompte, for Mississippi; Highlander, for Alabama; and Arrow, for Louisiana. The first heat was won by Lexington, Arrow being distanced. The second heat and the race was won by Lexington, Lecompte coming in second and Highlander third. The track was very heavy. The Kentuckians present were much elated, of course, at the success of their favorite.

Artesian Wells.

The Councils of Frederick, Md., have just completed a successful experiment, commenced some time since, for the purpose of supplying that city with water by means of the Artesian fountain.

The Examiner, referring to the subject, says that the present depth of the shaft is over five hundred feet, and then to be rimmed out to the diameter of five and a half inches, the top of the supply of water is said to be nearly forty feet higher than the receiving reservoir of the present water-works, and the water is of the delicious quality. Up to the present time the Examiner says the cost of the entire work, including an engine, is less than four thousand dollars.

The spirit of incendiarism appears to be destroying property by wholesale in Philadelphia. Eight or ten fires occurred there between sunset on Saturday night and Monday morning, most of which were ignited by the hands of incendiaries. One man was killed and two or three injured by being run over by engines;—twenty-six horses were burned to death, and various dwellings, stores, stables and lumber yards were consumed. During the period alluded to false alarms were of frequent occurrence, and fire companies were continually racing through the streets, and coming into collision. In short, rowdism was perfectly rampant, and law and order was completely nonplussed.

Something of a commotion among the "solid men" of Boston, by the publication of the fact that Hon. Edward Everett was the author of the celebrated Hulse mann letter, which has been considered as adding so much to Mr. Webster's fame. It seems that Mr. W. called upon Mr. Everett to write the letter, which he did; and now, since it has been so universally praised, Mr. Everett has applied to Fletcher Webster for the original draft in his own hand writing, and obtained it.

An extensive Counterfeiting Establishment was broken up in New-York, on Sunday, in Thirty-fifth street, between second and third Avenue. A large quantity of spurious \$1 and \$5 gold pieces was found, so perfectly made that it required good judges to detect them, and, on further search, the officers discovered counterfeit dies, galvanic batteries, and other implements. Five persons were also taken into custody—Edward T. Morton, John Brown, Charles Watson, alias John Clark, Almira Watson, Amanda Hewet.

Philadelphia Market.
MONDAY, April 17.—The Flour market is firm at the late advance—sales of 1500 barrels good brands were made on Saturday evening at \$8 50 per brl, but to day some holders will not accept this figure. There is a steady demand for the supply of the trade at \$8 50 up to \$8 75 for common and extra brands. Rye Flour is held at \$5 50. A sale of 300 brls Pennsylvania Corn Meal at \$3 75, which is an advance of 12 1/2 cents per brl.

Corn is also scarce—1000 bushels yellow sold at 82 cents. Oats are in demand and have advanced—4000 bush prime Pennsylvania, in store, sold at 55 cents per bush.

Whiskey is held firmly at 26 cents in both hds and brls, which is an advance.

New York Market.
