The Hot Season.

BY OLIVER WENDELL HOLMES. The folks, that on the first of May Wore winter-coats and hose, Began to say, the first of June, "Good Lord! how hot it grows. At last two Fabrenheits blew up, And killed two children small, And one barometer shot dead A tutor with its ball!

Now all day long the locusts sang Among the leafless trees; Three new hotels warped inside out-The pumps could only wheeze; And ripe old wine, that twenty years Had cobwebbed o'er in vain, Came spouting through the rotten corks, Like Joly's best Champagnet

The Worcester locomotives did Their trip in half an hour; The Lowell cars ran farty miles Before they checked the power; Roll brimstone soon became a drug, And locolocos fell; All asked for ice, but everywhere

Saltpetre was to sell. Plump men of mornings ordered tights, But, ere the scorching mons, Their candle-moulds had grown as loose As Cossack pantaloons! The dogs ran mad,-men could not try_

If water they would choose; A horse fell dead, -he only left Four red-hot, rusty shoes!

But soon the people could not bear The slightest hint of fire ; Allusions to caloric, drew A flood of savage ire; The leaves on heat were all torn out From every book at school, Because they said-, Keep cool!

The gas-light companies were mobbed, The bakers all were shot, The penny press began to talk Of Lynching Doctor Nott; And all about the warehouse steps Were angry men in droves, Crashing and splintering through the doors To smash the puteat stoves!

The abolition men and maids Were tanned to such a hue. Unless their eyes were blue, And when I left, society Had burst its ancient guards, And Brattle Street and Temple Place Were interchanging cards!
