

Vegetable Serpent.

According to some Italian journals, a new organized being has been discovered in the interior of Africa, which seems to form an immediate link between vegetable and animal life. This singular production of nature has the shape of a spotted serpent. It drags itself along the ground; instead of a head, has a flower-shaped like a bell, which contains a viscid liquid. Flies and other insects, attracted by the smell of the juice, enter into the flower, where they are caught by the adhesive matter. The flower then closes and remains shut till the prisoners are bruised and transformed into chyle. The indigestible portions, such as the head and wings, are thrown out by two spiraled openings. The vegetable serpent has a skin resembling leaves, white and soft flesh, and instead of a bony skeleton, a cartilaginous frame filled with yellow matter. The natives consider it delicious food.

"A Yankee," describing an opponent, says: "I tell you what sir, that man don't amount to a sum in arithmetic; add him up, and there's nothing to carry."

The Washington Sentinel heads an article announcing the completion of the Hall of Congress, as follows: "The Bear Garden fitted up!"

You have no business to have business with other people's business; but mind your own business, and that is business enough for any business man

There is an average of one murder a week in New York, and about a dozen stabbing cases.

Philadelphia Market.

Tuesday, Nov. 21, 1854. The Flour market is dull and inactive. Shipping brands are held at \$8.50 per barrel, but no sales for export have been reported. Small sales for home consumption at \$5.50 for common and select brands, \$9.25 for extra, and fancy lots at higher quotations. In Rye Flour and Corn Meal nothing doing—we quote the former at \$7, and the latter at \$4.12 per bushel. Grain—the demand for Wheat continues limited, but supplies come in very slowly, and prices are well sustained. Sales of 4000 bush. prime Pennsylvania white at \$2.40; red is held at \$1.90. Rye continues scarce and in demand at \$1.22. Corn is rather lower, and there is more offering—there is a fair demand, and about 124,000 bushels were disposed of at 80c 81 cents for prime dry new yellow; 83c 84 cents for new and old mixed; 85c 86 cents for weavely and good old; 87 cents for strictly prime, and 88 cents for old and new white mixed, afloat. Oats are steady—sales of 1000 bushels Delaware at 53 cents per bushel. Whiskey has advanced—Small sales of barrels at 45c 46 cents, and hds at 43 cents.

WILBOR'S COMPOUND OF PURE COD LIVER OIL AND LIME.

A Cure for Consumption, Scrofula, Coughs, Colds, Asthma, Bronchitis, Spitting of Blood, and all complaints of the Lungs.

The Proprietor has succeeded (from directions of Professor Stone) in combining the Oil and Lime so perfectly, that the taste of the Oil, which is nauseous to persons generally, is entirely overcome, and it can be taken by the most delicate females with pleasure. And as regards the benefit of this article over the pure oil, the following case, by Prof. Stone, is sufficient to convince the most skeptical. The young lady was 24 years of age.

"Her disease was one of unmixt phthisis, which had been expected to terminate in the course of a few months, fatally. The upper part of both her lungs was filled with tubercles; and in some places were beginning to soften. The case was evidently a bad one. The treatment of cod liver oil was at first used, but without marked improvement. The phosphate of lime was then administered with the oil, and the result, as in the case of many others, was soon apparent. The patient was rapidly getting well."

CAUTION.—On account of the great reputation of this Compound for all Lung Complaints, the subscriber would caution the afflicted against using any except that manufactured by him, as he has the only receipt in the United States for combining the PURE OIL with LIME in a proper manner. Therefore, as you value your health, purchase none except that manufactured by

R. SKELTON & SONS. April 20, 1854.

DR. J. LANTZ, DENTIST.

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite S. Melick's Jewelry store, where he is fully prepared to treat the natural teeth, and also to insert in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and the patient lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far.—Hence the necessity of obtaining the services of a det ntsuar home. All work warranted.

THE GREAT REMEDY.

About which so much has been said and published, is among us. Who has not heard of the Mexican Mustang Lintment? Many millions of bottles have been sold and used to cure Rheumatism, Ulcers, Sores, Bruises, Sprains, Ring-worms, Felons, Salt Rheum, Piles, Sore Nipples, and Caked Breasts, Cancers, Itch, Corns on the Toes, Sore Eyes, Ear-ache, Pimples, Swollen Joints or Limbs, Cuts, Scalds, or Scald Head, Numb Palsey Bunions or Frosted Feet, Warts or any other complaint that can be reached by an external remedy. And it is equally good in healing Wounds, Scratches, Saddle or Harness Galls, or any Sprain, Soreness or Stiffness. And it is warranted to cure Spavin, King-bone, Splint or Poll evil, on Horses.

The Lintment is put up in three sizes, and retails at 25 cts., 50 cts., and \$1.00.—The large bottles contain much more Lintment in proportion to the prices, and therefore cheapest.

To County Merchants.

Every store should be supplied with this valuable LINTMENT, as it pays a good profit and sells rapidly. G. W. WESTBROOK, (Successor to A. G. Bragg & Co.) Originator and sole Proprietor. Principal Offices, 304 Broadway, New York; and corner 3d and Market Streets, St. Louis, Missouri.

Sold by every dealer in drugs and medicine throughout the United States, Canada, West India, and Bermuda Islands.
