THERE has long existed a public demand for an flective purgative pill which could be relied on as ure and perfectly safe in its operation. This has een prepared to meet that demand, and an extenive trial of its virtues has conclusively shown with t is easy to make a paysural out that not easy to it is easy to make a physical phy int int easy to make the best of all phills - one which should have one of the supections, but all the advantages, of very other. This has been attempted here, and ith what success we would respectfully submit to public decision. It has been unfortunate for the patient hitherto that almost every purgative nedicine is acrimonious and irritating to the bowds. This is not. Many of them produce so much griping pain and revulsion in the system as to more han counterbalance the good to be derived from hem. These pills produce no irritation or pain. unless it arise from a previously existing obstruc-tion or derangement in the bowels. Being purely regetable, no harm can arise from their ase in any mantity ; but it is better that any medicine should e taken judicionsly. Minute directions for their in the several diseases to which they are ap-

dicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins ; for, in truth, all these are but the conquence of diseased action in the liver. As an aperient they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofala and Scurvy, Colds with soreness of the body,

Ilcers and impurity of the blood; in short, any and every case where a purgative is required. They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organ.sm. as every purgative modicine roduces the strength when taken to excess.
