

MONROE COUNTY

Mutual Fire Insurance Comp'y
The rate of Insurance is one dollar on the thousand dollars insured, after which payment no subsequent tax will be levied, except to cover actual loss or damage by fire, that may fall upon members of the company.

The net profits arising from interest or otherwise will be ascertained yearly, for which each member in proportion to his, her, or their deposit, will have a credit in the company. Each insurer in or with the said company will be a member thereof during the term of his or her policy. The principle of Mutual Insurance has been thoroughly tested—has been tried by the unerring test of experience, and has proved successful and become very popular. It affords the greatest security against loss or damage by fire, on the most advantageous and reasonable terms.

Applications for Insurance to be made in person, or by letters addressed to WM. K. HAVILAND, Secretary MANAGERS.

New Wholesale and Retail WINE & LIQUOR STORE, Stroudsburg, Pa.

The undersigned would inform Landlords and the public generally, that he continues the above business in Stroudsburg, in the store house formerly occupied by John H. Melick as a Jewelry Store, and has on hand a large stock of

WINE AND LIQUORS

of all kinds and of the best quality, direct from the Custom House, which he is prepared to sell to Landlords and others on the most reasonable terms. Our stock consists of French Brandy, dark and pale. Also, Peach, Blackberry, Cinnamon and Cherry Brandy; Holland Gin, N. E. Rum, Irish, Rye and Apple Whiskey; Lisbon, Claret, Port, Sweet Malaga, Currant and Champagne Wine, &c., &c. Also, on hand a large stock of Bitters of all kinds.

Demijohns, from 1 to 5 gallons; bottles, and generally anything that can be asked for in our line. Landlords will find it greatly to their advantage to deal with me. I have no hired agents to sell and distribute liquors for me at great expense, which must be paid for by the consumer. Those dealing with me I intend shall be satisfied with the article they get, as well as the price, and whenever they are not, I will be pleased to have them return the liquor, and make the fact known, for I intend to make a permanent business, and can only do so by dealing honorably. All orders sent me by stage drivers or others, will be promptly attended to, the same as though the person was present, and for himself. July 8, 1857.

THE MEDICINE OF THE MILLION, PHILOSOPHY AND FACT.

HOLLOWAY'S PILLS, The Exciting Cause of Sickness.

The blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The Stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

The National Complaint.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and happily to this teaching and unerring remedy.

Bilious Affections.

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

Bowel Complaints.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhoea, Chronic Constipation, and other diseases of these waste pipes of the system.—The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine: By following the primed directions, the most alarming cases of bowel complaint are promptly controlled.

A Word to Females.

The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative.

Holloway's Pills are the best remedy known in the world for the following diseases:

- Asthma, Headaches, Bowel Complaints, Indigestion, Coughs, Inflammation, Gout, Inward Weakness, Liver Complaints, Dropsy, Lowliness of Spirit, Rheumatism, Piles, Strains and Sprains, Debility, Secondary Sympoms, Fever and Ague, Female Complaints, Worms of all kinds.

Caution—None are genuine unless the words "Holloway, New York and London," are discernible as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 60 1/2 cents, and \$1 each.

There is a considerable saving by taking the larger sizes. N. B.—Directions for the guidance of patients in every disorder are affixed to each box. Sold in Stroudsburg by Hollinshead & Detrick, July 23, 1857.—1y.

J. LANTZ, DENTIST

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite S. Rees's Hat & Cap store, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far.—Hence the necessity of obtaining the services of a dentist near home. All work warranted.

McREA'S CELEBRATED LIQUID GLUE, THE GREAT ADHESIVE.

Most useful article ever invented, for house, store and office, surpassing in utility every other glue, gum, mucilage, paste or cement ever known. Always ready for Application.

ADHESIVE ON PAPER, CLOTH, LEATHER, FURNITURE, PORCELAIN, CHINA, MARBLE OR GLASS.

For manufacturing Fancy Articles, Toys, &c., it has no superior, not only possessing greater strength than any other known article, but adheres more quickly, leaving no stain where the parts are joined. NEVER FAILS. Within the last three years upwards of 250,000 bottles of this justly celebrated LIQUID GLUE have been sold, and the great convenience which it has proved in every case, has deservedly secured for it a demand which the Manufacturer has found it, at times, difficult to meet; acknowledged by all who have used it, that its merits are far above any similar article or imitation ever offered to the public.

This GLUE is extensively counterfeited—observe the label "McRea's Celebrated Liquid Glue, the Great Adhesive." Take no other. TWENTY-FIVE CENTS A BOTTLE. Manufactured and Sold, Wholesale and Retail, by WM. C. McREA, Stationer, No. 907 Chesnut St., Philadelphia.

Liberal inducements offered to persons desirous of selling the above article. October 15, 1857.—1y.

CHARLTON BURNEY, Attorney at Law

Office on Elizabeth street, for Stroudsburg, Monroe County, Pa. supplied by Wm. Davis, Esq.

AYER'S PILLS, A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fever, Gout, Itch, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c.

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fever, Gout, Itch, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Induced, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a copious habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Febrile symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the bowels all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected where relief were thought not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified to the efficacy of these Pills, we may mention: Dr. A. A. HAYES, Analytical Chemist, of Boston and State Assayer of Massachusetts, whose high professional character is endorsed by the U. S. ROYAL COMMISSIONER, Senator of the U. S. ROYAL C. WINTHROP, Ex-Speaker of the House of Representatives.

AMORY LAWRENCE, Minister Plenipotentiary to England; Wm. B. ASTOR, the celebrated Merchant of Boston; Also, Dr. J. R. CUTLER, Practical Chemist, of New York City, endorsed by Hon. W. L. MARCY, Secretary of State.

Wm. B. ASTOR, the celebrated Merchant of Boston; Also, Dr. J. R. CUTLER, Practical Chemist, of New York City, endorsed by Hon. W. L. MARCY, Secretary of State.

Did space permit, we could give many hundred certificates from parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are the best in the world, and the most complete which the present state of medical science can afford. They are composed not of the drugs themselves, but of the medicinal qualities of the plants, and are prepared by a process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found to be the most efficacious, and has been adopted by the most eminent and judicious of our countrymen. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of noxious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of the drugs are excluded, and only the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer more powerful and more pleasant to use than any medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he would not properly judge of its remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, few could be taken if their composition was known. Their life consists in their mystery. I have

been so successful in my preparations is laid to all men, and all who are competent to judge, the subject freely acknowledge their convictions of their intrinsic merit. The Cherry Pectoral was pronounced by scientific men to be a wonder, and as such, it is well known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and were willing to certify that their anticipations were not only realized, but exceeded.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it to healthy action—remove the obstructions of the bowels, loosen the mucus of the organs of the body, restore their regular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped, its effects were pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions, see wrapper c & 2r.

PAINTS & OILS.

A good article of Pure White Lead White Zinc, Snow White Zinc, French Zinc, Stone Colored Zinc, and Linseed Oil for sale at Easton price, by HOLLINSHEAD & DETRICK, June 11, 1857.

SUFFER NOT! When a CURE is guaranteed IN ALL STAGES OF SECRET DISEASES,

Self-Abuse, Nervous Debility, Strictures, Gleet, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancer, Dropsy, Epileptic Fits, St. Vito's Dance, and all diseases arising from a derangement of the Sexual Organs.

Such as Nervous Trembling Loss of Memory, Loss of Power, General Weakness, Dimness of Vision with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the face, Pain in the back and head, Female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice I have rescued from the jaws of Death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions and other affections of the skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF-ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines for there are so many ingenious swindlers in the columns of the public prints to catch and rob the unwary sufferers that millions have their constitutions ruined by the vile compounds of quack doctors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so called Patent Medicines and find that nearly all of them contain Corrosive Sublimates, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females, treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canada by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address J. SUMMERVILLE, M. D. Office No. 1131 Filbert St., (Old No. 109.) below twelfth, PHILADELPHIA, July 23, 1857.—1y.

LOTTERIES.

The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are \$10; halves, \$5; quarters, \$2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from \$40 to \$50,000, every prize being drawn, and result of drawing forwarded to all purchasers.

A list of the numbers that are drawn from the wheel, with the amount that each prize is entitled to, will be published after every drawing; in the following papers:—New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, Savannah News and New York Weekly Day Book. Write your address plainly, and direct to P. SWAN & CO., Atlanta, Georgia.

Prizes paid in full—no percentage deducted from prizes as in other lotteries. All communications strictly confidential. April 16, 1857.—1y.

IMPORTANT DISCOVERY! CONSUMPTION AND ALL

Diseases of the Lungs and Throat ARE POSITIVELY CURABLE BY INHALATION.

Which conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heats the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is much under the control of medical treatment as any other formidable disease; ninety out of every hundred cases can be cured in the first stages, and fifty per cent. in the second; but in the third stage it is impossible to save more than five per cent. for the Lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, Inhalation affords extraordinary relief to the suffering attending this fearful scourge, which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the consumptive's graves.

Truly the conqueror of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful and the gifted. By the help of that Supreme Being from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect produced by their deposition in the lungs is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system.—Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and the breathing easy, after inhaling remedies. Thus, Inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system when fainting or apparently dead.—The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air—is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the lungs should produce the happiest results? During eighteen years' practice, many thousands suffering from diseases of the lungs and throat, met, have been under my care, and I have effected many remarkable cures, even after the sufferers have been pronounced in the last stages, which fully satisfies me that consumption is no longer a fatal disease. My treatment of consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, &c., enables me to distinguish, readily, the various forms of disease that simulate consumption, and apply the proper remedies, rarely being mistaken even in a single case. This familiarity, in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chests, to enlarge the chest, purify the blood, impart to it renewed vitality, giving energy and tone to the entire system.

Medicines with full directions sent to any part of the United States and Canada by patients communicating their symptoms by letter. But the cure would be more certain if the patient should pay me a visit, which would give me an opportunity to examine the lungs and enable me to prescribe with much greater certainty, and then the cure could be effected without my seeing the patient again. B. A. FANESTOCK'S VERMIFUGE

A SURE REMEDY FOR WORMS

The testimony in its favor is overwhelming. The proprietors are daily in receipt of letters and certificates, going to prove its remarkable efficiency to all cases of worms, both in children and adults. The relief given, and the immediate improvement of health which follows its use, has called the attention of physicians to this article, and they freely recommend & prescribe it in their practice. The retail price is 25 cents per vial which brings it within the means of all.

Brooklyn, L. I. January 16, 1847. I do certify that I gave one bottle of B. A. Fanestock's Vermifuge to my child, and in seven hours it passed 23 large worms. Any person doubting this may apply for further information at my residence corner of York and Jackson st's.

JAMES McAFFREY, Poughkeepsie, N. Y. March 2, 1847. I certify, that I took two vials of B. A. Fanestock's Vermifuge, which I found to be the greatest cure for worms I have ever used. I have been troubled with tape worms for a number of years, and I have never found so good a medicine as B. A. Fanestock's Vermifuge. I therefore recommend it.

MARTHA CLIFT. The public is cautioned against counterfeits and spurious articles, and to put no confidence in statements that "Kalmstock's," and "S. Fanestock's Vermifuge," are the same or as good
