These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medica science can afford. They are compounded not of only of Vegetable remedies, extracted by chemica process in a state of purity, and combined togethe in such a manner as to insure the best results. Thi system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce more efficient remedy than had hitherto been ob tained by any process. The reason is perfectly ob vious. While by the old mode of composition, every medicine is burdened with more or less of acri proved more purely remedial, and the Pills a surer more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. Even, how-States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the consumptive's graves.

Truly the quiver of death has no arrow so atal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave; the beautiful, the graceful and the gifted. By the help of that Supreme Being from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and peedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect produced by their deposition in the lungs is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system --Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and the breathing easy, after Inhaling remedies. Thus, Inhahalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. During eighteen years' practice, many thousands suffering from diseases of the lungs and throat, have been under my care, and I have effected many remarkable cures, even after the sufferers have been pronounced in the last stages, which fully satisfies me that consumption is no longer a fatal disease. My treatment of consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, &c., enables me to distinguish, readily, the various forms of disease that simulate consumption, and apply the proper remedies, rarelybeing mistaken even in a single case.
