A PROCLAMATION TO THE LADIES.

Whereas, it appears that the days of right, honor, and integrity are fast fading away, and whereas, the unscrupulous and ignorant are daily taking advantage of the profound and learned. Bet it known therefore, to all, whether Maids, Wives, or Widows, that Dr. Cheesman's Female Fills are alone the certain panacea for the troubles incident to female disorganization; they alone correcting all painful menstruation, assuaging palpitations of the heart, disturbed sleep, pain in the side, and causing health and happiness to the whole sex; more especially to the married portion, as they are certain to bring on the monthly period with regularity. And whereas, these Pills are purely vegetable and entirely free from minerals, therefore perfectly harmless in their operations and wholly unany manner affect the right of property like other medicines thrust upon the public, purporting to effect the objects already detailed. Therefore, be it known, that nothing but the said Pills of Dr. Cheesman will acbomplish the desired object, when disappointment has been experienced under the regime of other Pills; and the LADIES will cause' this Proclamation to spread amongst them, to their own everlasting benefit-always premising that said Proclamation in one case must be considered null and void ; that is to say. that the Pills must not be taken when any female is in an interesting situation, otherwise a miscarriage will be the inevitable result
