A Young Girl in a Trance for 48 Hours.

ANONHER POUGHKEEPSIE SEER.

About 10 o'clock last Thursday night, a young girl named Isabella Ellison, aged 19, residing in Washington street, Poughkeepsie, while at the altar in the Methodist Church in that city, suddenly lifted up her hands, and fell backward apparently a corpse. Several members of the church immediately ran to her assistance, and raised her up, when to their horror they found that her eyes were glazed and set, her features pale as marble, lips colorless, her feet and hands cold; and the spectators thought that they were gazing upon the features of a corpse.

It was shortly discovered that she yet breathed, when she was conveyed to her residence, the preacher saying that she was in a trance, and when a member advised that medical assistance should be procured, the preacher objected, saying that Jesus Christ had thrown her into this mysterious state, and he will at his own time raise her to testify to his goodness. She remained in this state until Saturday evening, excepting a slight incident which occurred on Friday afternoon, when she suddenly lifted up her hand, and made three or four efforts to clutch at something, when her arm fell back over her the head board of the bed. Two or three of the women who were in the house attempted to replace the arm upon the bed, but were unable to bend or move it. On Saturday evening, a number of the members were in the house, singing her favorite hymn, when she suddenly lifted up her hands, and cried out, "Glory Hallelujah!" She then turned to one of her friends, and calling her by name said, "Repent, repent! Oh, if you had seen what I have you would not live another moment in your sins, but would pray to God to have mercy upon you. I have been in Heaven; Heaven is a tree; it is lit up with the glory of God, and around the throne were thousands of angels singing sweetly and praising the King of Heaven. Jesus came past and spoke to me. I also saw the great gulf, and could scarcely see the bottom of it." On Friday night a number Christians were in the house, singing and praying all night. She was very weak when she awoke from the trance, but was strong enough to attend church yesterday morning. This wonderful case was witnessed by scores in Poughkeepsie, and considerable excitement is caused thereby in that city.

Reflections on Death.

Heavens! what a moment that must be, when the last flutter expires on our lips!

What a change! Tell me, ye who are deepest read in nature and in God, to what new worlds are we borne! What new being do we receive! Whither has that spark unseen, that uncomprehended intelligence fled! Look upon the cold, livid, ghastly corps that lies before you! That was but a shell, a gross and earthly covering, which held for a while the immortal essence that has now left it range, perhaps, through illimitable space to receive new capacities of delight—new powers of perception—new glories of beatitude! The thousand fancies rush upon the mind as it contemplates the awful moment between life and death! It is a moment big with imagination's greatest hopes and fears; it is the consummation that clears up all mystery revolves all doubt—which removes all contradictions and destroys error—Great God! what a flood of rapture may at once burst on the departed soul! The unclouded brightness of the celestial regions—the pure existance of etherial beings—the solemn secrets of nature may then be divulged; the immediate unity of the past, the present, and the future—strains of unimaginable harmony forms of imperishable beauty may then disclose themselves, bursting on the delighted senses, and bathing them in measureless bliss! The mind is lost in this excess of wondrous light, and dares not turn from the heavenly vision to one so gloomy so tremendous, as the departure of the wicked! Human fancy shrinks back appalled, while hope and charity whisper to the bleeding heart that *there*, where all mercy is, there too will be forgiveness!

Whitewash.

As this is the season when people begin to clean up and make things look fresh for the approaching Summer, we do not think we could do our readers a greater favor than to insert the following recipe for the best and cheapest white-washes, both for the outside and inside of houses, from the *Scientific American*. It will no doubt be received with pleasure by all who study comfort and cleanliness:

"Take half a bushel of fresh-burned white lime, and slack it either with hot or cold water in a tub or barrel. When thoroughly slacked dissolve in the water required to thin the lime, two quarts of common salt, stir it thoroughly, and it is then ready for use to put on with a brush."

This wash is for the outside of buildings, fences, &c., and is very durable.—Some put glue in whitewash, and others flour and rice paste; but these render it liable to scale off in very dry weather.

The above wash may be made a cream color by the addition of ochre.

The above whitewash is all that can be desired for the interior of houses, excepting the salt, it must be omitted, as it tends to imbibe moisture. French white is superior to lime for the ceilings of rooms, as it is not so liable to turn yellowish in color, but it rubs off so easily that it cannot be used for side walls.

The Delaware Indians in Kansas are wealthy. The General Government owes them upwards of a million of dollars, and when their lands are divided there will be about three hundred acres for every man, woman and child in the tribe. It is estimated by many that the average worth of the lands will be $20 per acre.

NO LOAN NEEDED!

Washington correspondents say there will be no necessity for a resort to a loan in order to meet the expenditures of the Government for the next fiscal year, as some have supposed. We might with the same confidence say, that "no loan is needed" by the fortunate individual who invests $10, 5 or 2½ in S. Swan's legalized lottery, which draws every Saturday at Augusta, Ga. By inclosing those amounts respectively to that well established firm, the holder of a fortunate ticket will be entitled to the capital prize of $70,000, or a half, or a quarter of that amount as the case may be.

A PROCLAMATION

TO THE LADIES.

Whereas, it appears that the days of right, honor, and integrity are fast fading away, and whereas, the unscrupulous and ignorant are daily taking advantage of the profound and learned. Be it known therefore, to all, whether Maids, Wives, or Widows, that *Dr. Cheesman's Female Pills* are *alone* the certain panacea for the troubles incident to female disorganization; they *alone* correcting all painful menstruation, assuaging palpitations of the heart, disturbed sleep, pain in the side, and causing health and happiness to the whole sex; more especially to the married portion, as they are certain to bring on the monthly period with regularity. And whereas, these *Pills* are purely vegetable and entirely free from minerals, therefore perfectly harmless in their operations and wholly unlike other medicines thrust upon the public, purporting to effect the objects already detailed. Therefore, be it known, that *nothing* but the said *Pills of Dr. Cheesman* will accomplish the desired object, when *disappointment* has been experienced under the regime of *other Pills;* and the LADIES will cause this *Proclamation to* spread amongst them, to their own everlasting benefit—always premising that said Proclamation in one case must be considered null and void; that is to say, that the Pills must not be taken when any female is in an *interesting situation*, otherwise a miscarriage will be the inevitable result.

Explicit directions, to be carefully read, accompany each box. Price $1. Sent by mail on enclosing $1 to Dr. Cornelius L. Cheeseman, Box 4,531, Post Office, New-York City. Sold by one Druggist in every town in the United States.

Dalley's Magical Pain Extractor.

In all diseases inflammation more or less predominates——now to allay inflammation strkes at the root of disease—hence an immediate cure.

Dalleys' Magical Pain Extractor, and nothing else, will allay inflammation at once, and make a certain cure.

Dalley's Magical Pain Extractor

will cure the following among a catalogue of diseases; burns, scalds, cuts, chafes, sore nipples, corns, bunions, strains, bites, poison, chilblains, biles, scrofula, ulcers, fever sores, felons, ear ache, piles, sore eyes, gout, swellnigs, rheumatism, scald head, salt rheum, baldness, erysipelas, ringworm, barbers itch, small pox, measles, rash, &c., &c.

To some it may seem incredulous that so many diseases should be reached by one article; such an idea will vanish when reflection points to the fact, that the salve is a combination of ingredients, each and every one applying a perfect antidote to its opposite disorder.

Dalley's Magical Pain Extractor

In its effects is magical, because the time is so short between disease and a permanent cure; and it is an extractor, as it draws all disease out of the affected part, leaving nature as perfect as before the injury. It is scarcely necessary to say that no house, workshop, or manufactury should be one moment without it.

No Pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Henry Dalley, Manufacturer,

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the bearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:

DR. A. A. HAYES, Analytical Chemist, of Boston and State Assayer of Massachusetts, whose high professional character is endorsed by the

HON. EDWARD EVERETT, Senator of the U. S.

ROBERT C. WINTHROP, Ex-Speaker of the House of Representatives.

ABBOTT LAWRENCE, Minister Plen. to England

† JOHN B. FITZPATRICK, Cath. Bishop of Boston

Also, DR. J. R. CHILTON, Practical Chemist, of New York City, endorsed by

HON. W. L. MARCY, Secretary of State.

WM. B. ASTOR, the richest man in America.

S. LELAND & Co., Propr's of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. Where by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, a few would be taken if their composition was known. Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid to all men, and all who are competent to judge of the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by the effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting whereever they exist, such derangements as are the first origin of disease.

Being sugar with [illegible] they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.
