A cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Lindau Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much siekness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become of produce the deep seated and formidable distempers which load the hearses all over the land. Hence s reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention: DR. A. A. HAYES, Analytical Chemist, of Boston and State Assayer of Massachusetts, whose high professional character is endorsed by the

HON. EDWARD EVERETT, Senator of the U. S. ROBERT C. WINTHEOP, Ex-Speaker of the House ARBOTT LAWRENCE, Minister Plen. to England + John B. Fitzpatrick, Cath. Bishop of Boston, Also, Dr. J. R. Chilton, Practical Chemist, of New York City, endorsed by HON, W. L. MARCY, Secretary of State:

WM. B. Aston, the richest man in America. S. Leland & Co., Propr's of the Metropolitar Hotel, and others. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but cyclence even more convincing that the experience of eminent public men is found if

their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medica science can afford. They are compounded not of the drugs themselves, but of the medicinal virtue only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pretoral and Pills both, to produce the composition of the produce the product of the produce the product of the produce the product of the produc more efficient remedy than had hitherto been obtained by any process. The reason is perfectly ob vious. Walle by the old mode of composition, every medicino is burdened with more of less of acri monious and injurious qualities, by this each included vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qual ities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer

more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Fernaulæ by which b Practitioners in the United States and British American Provinces.
