A NEW and singularly successful remedy for the A cure of all Bilious diseases — Costiveness, Indi-gestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflamma-tions, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harm-less but effectual Cathartic were more freely used. No person can feel well while a costite habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative, This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have

sestified in favor of these Pills, we may mention: DR. A. A. HAVES, Analytical Chemist, of Poston and State Assayer of Massachusetts, whose high professional character is endorsed by the HON. EDWARD EVERETT, Senator of the U. S. ROBERT C. WINTHROP, Ex-Speaker of the House of Representatives. ABBOTT LAWRENCE, Minister Plen. to England

Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorsed by HON. W. L. MARCY, Secretary of State. WM. B. ASTOR, the richest man in America. S. LELAND & Co., Propr's of the Metropolitar Did space permit, we could give many hundred certificates, from all parts where the Pilis have

JOHN B. FITZPATRICK, Cath. Bishop of Boston

been used, but evidence even more convincing than the experience of emiment public men is found in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtue only of Vegetable remedies, extracted by chemica process in a state of purity, and combined togethe in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry rectoral and Pills both, to produce s more efficient remedy than had hitherto been obtained by any process. The reason is perfectly ob-vious. While by the old mode of composition, every mediane is burdened with more or less of acrimealous and injurious qualities, by this each indiadual virtue only that is desired for the curative effect is present. All the inert and obnoxious qual ities of each substance employed are left behind, the curative virtues only being retained. Hence it is

self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulae by which both my Pectoral and Fills are made to the whole, body of Practitioners in the United States and British Amer-Practitioners in the United States and ican Provinces.
