

**Mutual Fire Insurance Comp'y**  
The rate of Insurance is one dollar on the thousand dollars insured, after which payment no subsequent tax will be levied, except to cover actual loss or damage by fire, that may fall upon members of the company.

The net profits arising from interest or otherwise, will be ascertained yearly, for which each member in proportion to his, her, or their deposit, will have a credit in the company. Each insurer in or with the said company will be a member thereof during the term of his or her policy. The principle of Mutual Insurance has been thoroughly tested—has been tried by the unerring test of experience, and has proved successful and become very popular. It affords the greatest security against loss or damage by fire, on the most advantageous and reasonable terms.

**J. LANTZ, DENTIST**

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite S. Rees's Hat & Cap store, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far—Hence the necessity of obtaining the services of a dentist near home. All work warranted.

**McREAS CELEBRATED LIQUID GLUE,**  
THE GREAT ADHESIVE.

Most useful article ever invented, for house, store and office, surpassing in utility every other glue, gum, mastic, paste or cement ever known.

**Always ready for Application.**  
ADHESIVE ON PAPER, CLOTH, LEATHER, FURNITURE, PORCELAIN, CHINA, MARBLE OR GLASS.

For manufacturing Fancy Articles, Toys, etc., it has no superior, not only possessing greater strength than any other known article, but adheres more quickly, leaving no stain where the parts are joined. NEVER FAILS.

Within the last three years upwards of 250,000 bottles of this justly celebrated LIQUID GLUE have been sold, and the great convenience which it has proved in every case, has deservedly secured for it a demand which the Manufacturer has found it, at times, difficult to meet; acknowledged by all who have used it, that its merits are far above any similar article or imitation ever offered to the public.

This GLUE is extensively counterfeited—observe the label "McRea's Celebrated Liquid Glue, the Great Adhesive." Take no other.

The undersigned would inform Landlords and the public generally, that he continues the above business in Stroudsburg, in the store house formerly occupied by John H. Melick as a Jewelry Store, and has on hand a large stock of

**WINES AND LIQUORS**  
of all kinds and of the best quality, direct from the Custom House, which is prepared to sell to Landlords and others on the most reasonable terms. Our stock consists of French Brandy, dark and pale. Also, Peach, Blackberry, Cinnamon and Cherry Brandy; Holland Gin, N. E. Rum, Irish, Rye and Apple Whiskey; Lisbon, Claret, Port, Sweet Malaga, Currant and Champagne Wine, &c. &c. Also, on hand a large stock of Bitters of all kinds.

Demijohns, from 1 to 5 gallons; bottles, and generally any thing that can be asked for in our line.

Landlords will find it greatly to their advantage to deal with me. I have no hired agents to sell and distribute liquors for me at great expense, which must be paid for by the consumer. Those dealing with me I intend shall be satisfied with the article they get, as well as the price, and whenever they are not, I will be pleased to have them return the liquor, and make the fact known, for I intend to make it a permanent business, and can only do so by dealing honorably. All orders sent me, by stage drivers or others, will be promptly attended to, the same as though the person was present dealing for himself.

**HOLLOWAY'S OINTMENT.**

**Circular to the Sick.**  
The first hospital surgeons and medical publicists of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidence of disease, and neutralizes the fiery elements which feed and exasperate the malady.

**Rheumatism, Scrofula, Erysipelas.**

These are among the most terrible and agonizing diseases of the muscles, and fleshy fibre of the skin; yet in the worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, antidote to pain and inflammation.

**Salt Rheum, Fever Sores, Stiff Joints.**

In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopoeia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

**Discharging Ulcers.**

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, the place of healthy flesh begins to take the place of the discharging matter. This process goes on more or less rapidly until the orifice is filled up with sound material, and the ulcer radically cured.

**A Word to Mothers.**

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the enervated sores which sometimes disfigure the breasts and faces of children.

**Significant Facts.**

This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections, and as the best possible remedy for wounds and bruises.—Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following cases:

Bunions, Skin Diseases, Swelled Glands, Chapped Hands, Sore Legs, Chloasma, Fistula, Gout, Lumbago, Mercurial Eruptions, Piles, Rheumatism, Ringworm, Salt Rheum, Scalds, Stiff Joints, Tetter, Ulcers, Venereal Sores, Wounds of all kinds.

**Caution.**—None are genuine unless the words "Holloway's, New York and London" are dis-tinctly as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

**AYER'S PILLS,**

A new and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammation, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless and effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Febrile symptoms, and Bilious derangements. They all tend to become or which lose the benefit of a good purgative. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected by the consummate skill of most distinguished and extensive practitioners by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond all calculation, and the character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention Dr. A. A. Lewis, Analytical Chemist, of Boston and State Assayer of Massachusetts, whose high professional character is endorsed by the Hon. EDWARD EVERETT, Senator of the U. S., and Hon. W. W. LORRICK, Ex-Speaker of the House of Representatives.

ABRIOTT LAWRENCE, Minister Plen. to England and Italy, Dr. J. B. PIERCE, Civil, Bishop of Boston, Dr. J. C. W. WALKER, Practical Chemist, of New York City, endorsed by

HON. W. L. MARCY, Secretary of State.  
Wm. B. AUSTIN, the richest man in the U. S., J. J. LANSAN, Esq., Proprietor of the Metropolitan Hotel, &c. &c.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the names of eminent public men is found in their effects upon the trial.

These Pills, the result of long investigation and study, are offered in the purest and the best and most complete form which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal properties of Vegetable and Mineral substances, combined in a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and other celebrated Remedies, and is more efficacious than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less inert and unwholesome ingredients, by which each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, and the beneficent effects which should be the result of every medicine, are thereby rendered more powerful and more certain.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly do so, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British America, and I have no doubt that they should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are now offered, few are so good as these. Their composition was known to their life consists in their mystery. I have no secrets.

The composition of my preparations is laid out to all men, and all who are competent to judge of their intrinsic merits. The Cherry Pectoral pronounced by scientific men to be a wonderful medicine before its name was known, and many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon the trial.

They generate in their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, and restore the circulation to health, and by correcting whatever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being pure, they have no harm can arise from their use in any quantity.

**SUFFER NOT!**

When a CURE is guaranteed IN ALL STAGES OF SECRET DISEASES, Self-Abuse, Nervous Debility, Strictures, Gleet, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitis's Dance, and all diseases arising from a derangement of the Sexual Organs.

Such as Nervous Trembling Loss of Memory, Loss of Power, General Weakness, Dimness of Vision with peculiar spots appearing before the eyes, Loss of St. Int. Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the face, Pain in the back and head, Female Irregularities and all improper discharges from both sexes. It may not be from what cause the disease originates, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice I have rescued from the jaws of Death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions and other affections of the skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer writhed in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious swindlers in the columns of the public prints to catch and rob the unwary sufferers that millions have their constitutions ruined by the vile compounds of quick doctors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so called Patent Medicines and find that nearly all of them contain Corrosive Sublimates, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canada by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address

**IMPORTANT DISCOVERY.**  
**CONSUMPTION**  
AND ALL

**Diseases of the Lungs and Throat ARE POSITIVELY CURABLE BY INHALATION,**  
Which conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is much under the control of medical treatment as any other formidable disease; ninety out of every hundred cases can be cured in the first stages, and fifty per cent. in the second; but in the third stage it is impossible to save more than five per cent. for the Lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, Inhalation affords extraordinary relief to the suffering attending this fearful scourge, which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the consumer's graves.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful and the gifted. By the help of that Supreme Being from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect produced by their deposition in the lungs is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system.—Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and the breathing easy, after inhaling remedies. Thus, Inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system when fainting or apparently dead.—The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air—is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the lungs should produce the happiest results! During eighteen years' practice, many thousands suffering from diseases of the lungs and throat, have been under my care, and I have effected many remarkable cures, even after the sufferers have been pronounced in the last stages, which fully satisfies me that consumption is no longer a fatal disease. My treatment of consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, &c., enables me to distinguish, readily, the various forms of disease that simulate consumption, and apply the proper remedies, rarely being mistaken even in a single case. This familiarity, in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chests, to enlarge the chest, purify the blood, impart to it renewed vitality, giving energy and tone to the entire system.

Medicines with full directions sent to any part of the United States and Canada by patients communicating their symptoms by letter. But the cure would be more certain if the patient should pay me a visit, which would give me an opportunity to examine the lungs and enable me to prescribe with much greater certainty, and then the cure could be effected without my seeing the patient again.

**Howard Association,**  
PHILADELPHIA.  
A Benevolent Institution, established by special enactment for the relief of the sick and distressed, afflicted with Venereal and Epidemic diseases.

To all persons afflicted with Sexual Diseases, such as Spermatorrhoea, Seminal Weakness, Impotence, Gonorrhoea, Gleet, Syphilis, the Vice of Onanism, or self abuse, &c. &c.

The HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, and the deception practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a charitable act, worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all its forms, and to give Medical advice gratis, to all who apply by letter, with a description of their condition (age, occupation, habits of life, &c.) and in cases of extreme poverty, to furnish medicines free of charge. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important but much despised cause.

Just Published by the Association, a Report on Spermatorrhoea, or Seminal Weakness, the Vice of Onanism, Masturbation or Self Abuse, and other Diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail, (in a sealed letter envelope), FREE OF CHARGE, on receipt of TWO STAMPS for postage.

Address, Report or treatment, Dr. GEO. R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa.

By order of the Directors,  
EZRA D. HEARTWELL, President,  
GEO. FAIRCHILD, Secretary,
