

Holloway's Pills and Ointment.—Delicate females who are harassed and debilitated by complaints peculiar to their organization, are uniformly relieved by Holloway's Pills. For hysteria, spasms, hot flushes, sick headache, pains in the back and loins, they are a safe and reliable remedy, while the healing and cooling effect of this balsamic Ointment upon burns, scalds, running sores, irritations of the skin, scrofulous ulcers, salt rheum, erysipelas, and all external inflammation, is a miracle in surgery. Purchasers, before using these remedies are cautioned to look for the Water-mark, which appears in every leaf of the genuine book of directions. If the words, "Holloway, New York and London," are not visible in the paper, the medicines are counterfeits.

STATE CONVENTION.

The United American, Republican, and People's Committee of Superintendence for the city of Philadelphia, earnestly desirous to extend and perpetuate that union of the elements of opposition to the present National Administration, which in this city has lately resulted in such brilliant success, do hereby respectfully suggest, and recommend to the State Committees representing those several elements of opposition, that they call upon the citizens of Pennsylvania, who are opposed to the present National Administration; especially to its despotic and fraudulent Lecompton policy, and in willful neglect of the just claims of domestic industry; and who are in favor of the sovereignty of the people over their own local concerns; of American institutions as against the policy and intrigues of foreign Governments; and of adequate protection to our home labor, to assemble in their respective Senatorial and Representatives Districts, to choose delegates to a State Convention, to meet at Harrisburg, in the Hall of the House of Representatives, at 2 o'clock, P. M., of WEDNESDAY, the 14th DAY OF JULY, 1858, to nominate candidates for Judge of the Supreme Court and Canal Commissioner.

LEONARD R. FLETCHER, Pres.

W. J. P. WHITE, }

Philadelphia, May 20, 1858.

In view of the above recommendation, and its general acceptance, I hereby withdraw the call for a State Convention, issued by me, for the 8th of July next, and earnestly request the American Republicans of the State to accept it, and participate in the election of Delegates to said Convention:

By order of the State Committee.
LEMUEL TODD, Chairman.
Attest: EDWARD MCPHERSON, Sec'y.

To the Americans of Pennsylvania:
The above recommendation having been submitted to me for my approval, after consultation with the majority of the members of the American State Committee, and a large number of the prominent Americans of the State, I cheerfully adopt it as our call for a State Convention, and urge the members of the American party throughout the State to participate in the election of delegates.

H. BUTCHER SWOOPÉ,
Chairman of the American State Com.

Chairman of the Republican State Com.

One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the stomach
Three or five bottles are warranted to cure the worst kind of Erysipelas.

Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

One to two bottles are warranted to cure sick headache.

One to two bottles are warranted to regulate a costive state of the bowels.
One to two bottles will regulate all derangement of the kidneys.
Four to six bottles have cured the worst cases of dropsy.

One to three bottles has cured the worst case of piles; a relief is always experienced. What a mercy to get relief in such an excruciating disease!
Since my first discovery, I have from time to time added various other herbs to it; of one of them, Hippocrates, the Father of Medicine, says: "It is an herb of Jubiter, and in the sign Leo."
"It openeth obstructions of the liver, gall and spleen; it is an especial friend to the liver, worth all other herbs put together; cooling it when too hot, and warming it when too cold."
"It creatheth an appetite, cureth allgone and sinking feelings in the pit of the stomach, easeeth all pains and stitches in the side."
"It cureth the jaundice by opening the gall, and restoreth the native color of the body."
"It expels all raw, visco and slimy humors out of the body; it cleanseeth all inward ulcers and congealed blood from the kidneys."
"By opening obstructions of the spleen, it purgeth all burnt cholier and melancholy vapors which riseeth to the head and brain, causing distressing headache, fearful foreboding of trouble, trembling of the heart, fainting and swooning."
"The herb boiled in wine is particularly good to revive the drooping spirit of the aged, and whoever has a lingering sickness after a fever, nothing restoreth him to health so quick as drinking the juice of this herb."
"The seeds boiled in water cureth the most offensive breath, and drunk at bedtime, preventeth what is commonly called nightmare, and all melancholy dreams, a disease bilious people are liable to."
"The Father of Medicine says of another herb in this composition, that "it is an herb of the Sun, and in the sign Leo."
"The sun is the source of all life, and ruleth the heart; and this herb is the best cordial, the greatest strengthener of the heart, of any that grows; it comforteth the heart, cureth all palpitation thereof; it taketh away trembling, fainting and smothering of it; yet it must be taken carefully, or severe gripings will ensue, which must be corrected with fennel seed or ginger."
"So much for this herb, between which and the adder there is the utmost antipathy; so much so that the adder will not touch him that has the herb about him."
"No change of diet ever necessary—eat the best you can get and enough of it."
Directions for use. Adults one table spoonful per day.—Children over ten years, desert spoonful.—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.
