B. DE LANEY, M. D. The important fact that the many alarming complaints, originating in the imprudence and solitude of youth, may be easily removed without medicine, is in this small tract, clearly demonstrated; and the entirely new and highly successful treatment, as adopted by the Author, fully explained, by means of which every one is enabled to cure himself perfectly and at the least possible cost, thereby avoiding the advertised nostrums of the day.

A PROCLAMATION TO THE LADIES.

Whereas, it appears that the days of right, honor, and integrity are fast fading away, and whereas, the unscrupulous and ignorant are daily taking advantage of the profound and learned. Be it known therefore, to all, whether Maids, Wives, or Widows, that Dr. Cheseman's Female Pills are alone the certain panacea for the troubles incident to certain disorganization; they alone correct all painful menstruation, assuaging palpitations of the heart, disturbed sleep, pain in the side, and causing length and happiness to the whole sex; more especially to the married portion, as they are certain to bring on the monthly period with regularity. And whereas, these Pills are purely vegetable and entirely free from minerals, therefore perfectly harmless in their operations and wholly unlike other medicines thrust upon the public, purporting to effect the objects already detailed. Therefore, be it known, that nothing but the said Pills of Dr. Cheseman will accomplish the desired object, when disappointment has been experienced under the regime of other Pills; and the LADIES will cause this Proclamation to spread among them, to their own everlasting benefit—always premising that said Proclamation in one case must be considered null and void; that is to say, that the Pills must not be taken when any female is in an interesting situation, otherwise a miscarriage will be the inevitable result.

Explicit directions, to be carefully read, accompany each box. Price \$1. Sent by mail on enclosing \$1 to Dr. Cornelius L. Cheseman, Box 4531, Post Office, New York City. Sold by every Druggist in every town in the United States.

Given under my hand and seal, C. L. CHESEMAN, M. D. General Agent for the United States, 165 Chambers-st., N. York.

"No such Word as Fail." A RESISTLESS REMEDY.

AYER'S PILLS.

A new and singularly successful remedy for a cure of all Bilious diseases—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Hæmorrhoids, Irritability, Intermittent Fevers, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a cæcive habit of body prevails; besides it soon generates a morbid taste, and renders the system generally unwholesome. The timely and judicious use of a good purgative. This is alike true of Colds, Febrile symptoms, and Bilious derangements. They all tend to become chronic, if not relieved, and often terminate in fatal consequences. Ayer's Pills have been perfected by the timely and judicious use of a good purgative. This is alike true of Colds, Febrile symptoms, and Bilious derangements. They all tend to become chronic, if not relieved, and often terminate in fatal consequences.

HOLLOWAY'S OINTMENT. Circular to the Sick.

The first hospital surgeons and medical publicists of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose with the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidence of disease, and centralize the fiery elements which feed and exasperate the malarial.

Rheumatism, Scrofula, Erysipelas.

These are among the most terrible and agonizing diseases of the muscles, and fleshy fibre of the skin; yet in the worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, antiseptic to pain and inflammation.

Salt Rheum, Fever Sores, Stiff Joints.

In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopeia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

Discharging Ulcers.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly until the orifice is filled up with sound material, and the ulcer radically cured.

A Word to Mothers.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

Significant Facts.

This Ointment is universally used on board the Atlantic and Pacific whaling fleets as a cure for scrofulic affections, and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following cases:

- Bunions, Skin Diseases, Swelled Glands, Clapped Hands, Sore Legs, Chilblains, Sore Breasts, Fistulae, Sore Throats, Sore of all kinds, Lumbago, Sprains, Stiff Joints, Rheumatism, Tetter, Ringworms, Ulcers, Itch, Scalds, Wounds of all kinds.

Caution—None are genuine unless the words "Holloway, New York and London," are discernible as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

*Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and at all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 62 1/2 cents, and \$1 each.

SUFFER NOT!

When a CURE is guaranteed IN ALL STAGES OF SECRET DISEASES,

Self-Abuse, Nervous Debility, Strictures, Gleet, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancer, Dropsy, Epileptic Fits, St. Vito's Dance, and all diseases arising from a derangement of the Sexual Organs.

Such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the face, Pain in the back and head, Female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing, or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice I have rescued from the jaws of Death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted who may place themselves under my care, a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of Consumption. Scrofula and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions and other affections of the skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF-ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer weakened in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself.

With the fullest confidence I assure the unfortunate victims of Self-Abuse that a permanent and speedy cure can be effected, and with the attendant of numerous practices my patients can be restored to robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious scammers in the columns of the public prints to catch and rob the unwary sufferers that millions have their constitutions ruined by the vile compounds of quick doctors, or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so-called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regardless of consequences.

Regularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canada by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address J. SUMMERVILLE, M. D. Office No. 1131 Fillbert St. (Old No. 109.) below twelfth. PHILADELPHIA. July 23, 1857.—1y.

Landlords will find it greatly to their advantage to deal with me. I have no hired agents to sell and distribute liquors for me at great expense, which must be paid for by the consumer. Those dealing with me I intend to be satisfied with the article they get, as well as the price, and whenever they are not, I will be pleased to have them return the liquor, and make the fact known, for I intend to do so by dealing honorably.

J. LANZ, DENTIST

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite N. Rees's Hat & Cap store, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentures live at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far. Hence the necessity of obtaining the services of a dentist near home. All work warranted.

GUNSMITH.

The undersigned respectfully informs the citizens of Stroudsburg and vicinity, that he has commenced the

near Kautz's Blacksmith shop, on William st., and is fully prepared to do all kinds of work in his line, with neatness and dispatch. Having had twenty years experience in this business, he hopes will be an inducement for the people to give him a trial.

IMPORTANT DISCOVERY. CONSUMPTION AND ALL

Diseases of the Lungs and Throat ARE POSITIVELY CURABLE BY INHALATION.

Which conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is much under the control of medical treatment as any other formidable disease; ninety out of every hundred cases can be cured in the first stages, and fifty per cent. in the second; but in the third stage it is impossible to save more than five per cent. for the Lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, Inhalation affords extraordinary relief to the suffering attending this fearful scourge, which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the consumptive's graves.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful and the gifted. By the help of that Supreme Being from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tuberculosis is from impure blood, and the immediate effect produced by their deposition in the lungs is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system.—Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and the breathing easy, after inhaling remedies. Thus, Inhalation is a local remedy; nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system when fainting or apparently dead.—The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air—is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the lungs should produce the happiest results? During eighteen years' practice, many thousands suffering from diseases of the lungs and throat, have been under my care, and I have effected many remarkable cures, even after the sufferers have been pronounced in the last stages, which fully justifies me that consumption is no longer a fatal disease. My treatment of consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tuberculosis, &c., enables me to distinguish, readily, the various forms of disease that simulate consumption, and apply the proper remedies, rarely being mistaken even in a single case. This familiarity, in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of constricted chests, to enlarge the chest, purify the blood, impart to it renewed vitality, giving energy and tone to the entire system.

Medicines with full directions sent to any part of the United States and Canada by patients communicating their symptoms by letter. But the cure could be more certain if the patient should pay me a visit, which would give me an opportunity to examine the lungs and enable me to prescribe with much greater certainty, and then the cure could be effected without my seeing the patient again. G. W. GRAHAM, M. D., Office, 1131 Filbert Street, (old No. 109.) below twelfth. PHILADELPHIA, PA. July 16, 1857.—1y.

Howard Association, PHILADELPHIA.

A Benevolent Institution, established by special enactment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

To all persons afflicted with Sexual Diseases, such as Spermatorrhea, Seminal Weakness, Impotence, Gonorrhoea, Gleet, Syphilis, the Vice of Onanism, or self-abuse, &c. &c. The HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, and the deception practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a charitable act, worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical advice gratis, to all who apply by letter, with a description of their condition (age, occupation, habits of life, &c.) and in cases of extreme poverty, to furnish medicines free of charge. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important but much neglected cause.

Just Published by the Association, a Report on Spermatorrhea, or Seminal Weakness, the Vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail, (in a sealed letter envelope,) FREE OF CHARGE, on receipt of TWO STAMPS for postage.
