

Parson Brownlow (W) Hooping.

Foremost among clergymen who are not content with preaching the Gospel, but find a more useful matter, is Parson Brownlow, of Knoxville, Tennessee. While recently attending the Methodist Annual Convention at Nashville, he thus commented on hoops:

"All I regret is that skirtdom is expanding, and the fashions in vogue are still increasing the distance between man and woman. At one moment I feel like exclaiming, 'Oh, that I were a boy again!' The next moment I feel indignant at the hoops, and feel willing to join in regiment of men in a vigorous assault upon the rattle, whalebone, cords, brass and steel, that have put asunder what God has said ought to be joined together. Only think of the display on our streets, in the parlor, of the grand and graceful skirts, looping up all around one, fascinating, charming and swinging to and fro, like so many things of life! Talk about the grandeur of a first class steamer, or of a train of cars propelled by steam! Give me a train of hooped skirts, under the folds of which are so many human locomotives, standing five feet eight inches in slippers, fired up by the blood of warm hearts, and puffing and blowing with love, kind words and winning smiles, and I would show you a sight that would run a young man crazy, raise a dead bachelor to life, and make an old widower commit suicide.

"I cannot trust myself on this glorious theme; I must desist or go crazy."

A SHOCKING DEATH.—We have received the particulars of a terrible accident, resulting in death, which occurred in the township of Bradford, on Tuesday last. Mr. Bradley, the proprietor of the Ancestor Saw Mills, while at work, was caught in the breast by a circular saw and instantly cut through the body. His liver was torn out and thrown a distance of some twenty feet across the mill. A most extraordinary circumstance connected with this frightful event, is related by parties in whose word we have implicit confidence, and was witnessed by a large number of the unfortunate man's neighbors, who were present at the time, and who have been in the habit of congregating in the mill to witness the operations of the saw. After he had been cut through the body, he arose from the floor on which he had fallen, and lifting a portion of his intestines—which, with other parts of his mangled body, lay scattered around—walked forward with several feet, when he sat down and expired, without having uttered a word from the moment he received his fatal wounds. The scene presented to the eyes of the spectators is said to have been one of horror, and calculated to shock the stoutest and most hardened heart.—Hamilton, C.W. Times.

A Disinfecting Agent. As it is the season of the year when our citizens need some disinfecting agent for their sewers, cesspools and vaults, we would recommend says an exchange, an article which is cheap, and easily to be obtained—it is copious. It slowly decomposes which makes it preferable to chloride of lime, or chloride of soda, while at the same time it is equally powerful in destroying the virus or peccant principal of all contagious diseases.

A PROCLAMATION TO THE LADIES.

Whereas, it appears that the days of rigor, honor, and integrity are fast fading away, and whereas, the unscrupulous and ignorant are daily taking advantage of the profound and learned. But it is known therefore, to all, whether Maids, Wives, or Widows, that Dr. Cheesman's Female Pills are alone the certain panacea for the troubles incident to female disorganization; they alone correct all painful menstruation, assuaging palpitations of the heart, disturbed sleep, pain in the side, and causing health and happiness to the whole sex; more especially to the married portion, as they are certain to bring on the monthly period with regularity. And whereas, these Pills are purely vegetable and entirely free from minerals, therefore perfectly harmless in their operations and wholly unlike other medicines thrust upon the public, purporting to effect the objects already detailed. Therefore, be it known, that nothing but the said Pills of Dr. Cheesman will accomplish the desired object, when disappointment has been experienced under the regime of other Pills; and the LADIES will cause this Proclamation to spread among them, to their own everlasting benefit—always premising that said Proclamation in one case must be considered null and void; that is to say, that the Pills must not be taken when any female is in an interesting situation, otherwise a miscarriage will be the inevitable result.

Explicit directions, to be carefully read, accompany each box. Price \$1. Sent by mail on enclosing \$1 to Dr. Cornelius L. Cheesman, Box 4,531, Post Office, New York City.— Sold by one Druggist in every town in the United States.

Dalley's Magical Pain Extractor.

In all diseases inflammation more or less predominates—now to allay inflammation strikes at the root of disease—hence an immediate cure.

Dalley's Magical Pain Extractor, and nothing else, will allay inflammation at once, and make a certain cure.

Dalley's Magical Pain Extractor will cure the following among a catalogue of diseases; burns, scalds, cuts, chafes, sore nipples, corns, bunions, strains, bites, poison, chilblains, bites, scrofula, ulcers, fever, sores, felons, ear ache, piles, sore eyes, gout, swellings, rheumatism, scald head, salt rheum, baldness, erysipelas, ringworm, barbers itch, small pox, measles, rash, &c., &c.

To some it may seem incredible that so many diseases should be reached by one article; such an idea will vanish when reflection points to the fact, that the salve is a combination of ingredients, each and every one applying a perfect antidote to its opposite disorder.

Dalley's Magical Pain Extractor in its effects is magical, because the time is so short between disease and a permanent cure; and it is an extractor, as it draws all disease out of the affected part, leaving nature as perfect as before the injury. It is scarcely necessary to say that no house, workshop, or manufactory should be one moment without it.

No Pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Henry Dalley, Manufacturer. For sale by all the Druggists and patent medicine dealers throughout the United States and Canada.

Principal Depot, 165 Chambers St., New York. C. F. CHACE. Sold in Stroudsburg, by Hollinshead and Detrick. Feb. 25, 1858.—1y.

WANTED.

An enterprising and responsible Agent to canvass Monroe County, for a responsible Mutual Fire Insurance Company, five years in operation without any assessments, to whom good inducements will be offered. Address D. S. Box 142, York, Pa. July 1, 1858.—3t.

There are one hundred thousand barrels, of thirty-two gallons each of lager beer manufactured in Philadelphia in a year.

LATE DISCOVERIES IN PATHOLOGY show that very many of the diseases which afflict mankind arise from impurity of the blood. This has long been suspected but is only lately known. In consumption, tubercles, are found to be a sedimentary deposit from the blood. Dropsy, Gout, Cancer, Ulcers and Eruptions, all arise in disordered deposits from the blood.—Bilious diseases and fevers are caused solely by its deranged unhealthy state, and even the decline of life follows a want of vitality in the blood. In view of these facts Dr. AYER designed his Cathartic Pills especially to purify and invigorate the blood, and hence we believe to arise its unparalleled success in controlling and curing disease.—Medical Journal.

"The Greatest Biography of the Age." NOW READY: THE LIFE OF THOS. JEFFERSON,

BY HENRY RANDALL, LL. D. In Three Volumes, Octavo. THIS WORK contains upwards of 2,000 pages—is printed on fine paper, and handsomely bound in various styles. It is illustrated by several engravings on steel, and numerous fac-similes; among the former are two fine portraits of JEFFERSON. The fac-similes embrace, among others, the original draft of the Declaration of Independence, in JEFFERSON'S own hand-writing.

This is, in every sense, an authorized work; it is undertaken under the approbation of his family, and with an unreserved access to all the private papers of JEFFERSON in their possession; and has received the benefit of the recollections and opinions of every step.

The work contains the expressions of JEFFERSON on every great public question which arose, from his advent to public life to his death—a period of about sixty years, and embracing the whole forming period of the Republic. It contains JEFFERSON'S heretofore unpublished family correspondence; selections from his finest published letters, state papers, etc., etc.

OPINIONS OF THE PRESS. "No other Life of Jefferson ever published—probably none that ever will be published—can bear any comparison to this in thoroughness, fulness of incident and conscientious fidelity. * * * This biography has evidently been a labor of love, and the years of patient, assiduous toil it has cost, have been given with ungrudging, untiring enthusiasm."—N. Y. Tribune.

"At length the public have a Life of Thomas Jefferson that is not only fascinating, and therefore sure to be popular, but one that will stand the essential historic test—that of accuracy and truthfulness. It is seen that the ground-work of the whole is authentic contemporary material, and of the highest order. We would not compare this volume with that inimitable and incomparable biography of Boswell, and yet so faithful is the portrait that Jefferson is made to draw of himself, that his nature, his very soul, is delineated with a distinctness not unlike that in which Johnson stands out in the pages of Boswell."—Boston Post.

"Imbued with that enthusiastic admiration of his subject, without which a biographer is rarely successful, Mr. Randall nevertheless does not seek to hide whatever faults he may find, either from himself or from the reader. He paints the picture as Cromwell insisted he should be painted, 'warts and all.' The picture gains by this in life-like coloring, without losing any of its majestic proportions."—Albany Exc. Jour.

"No one who runs his eye, however casually, over this work, will fail to be satisfied that Mr. Randall has added very largely to the stock of the world's information about Jefferson, that he has had access to sources hitherto unexplored, and that he has done more than was ever done by any one before him to illustrate the personality of that great statesman."—N. Y. Eve. Post.

"We have read with delight Mr. Randall's captivating details of Mr. Jefferson's personal history, which he has sedulously gathered, and admirably grouped together, from a great variety of authentic sources, hitherto unexplored. Out of the tempting richness of his materials, the able and clear-sighted author has constructed a book, at once most entertaining and instructive—one that should be studied by every patriot of the land."—Richmond Enquirer.

"There can be only one opinion as to the ability, general impartiality and industry which Mr. Randall has brought into combination in the composition of this biography. * * * He has worthily executed a much wanted book."—Phila. Press.

"It will take place among the choicest classics of American literature, and be consulted by a future historian of this country."—Phila. Eve. Bulletin.

"We like it because it neither conceals, palliates, exaggerates, nor distorts, but approaches, in every instance, and in every particular, the career of the noble character whose opinions have done so much to shape the domestic and foreign policy of the nation he contributed so greatly to call into existence."—N. O. True Delta.

"This work will be sold exclusively by subscription, at the low price of \$7 50—handsomely bound in cloth.

Experienced Canvassing Agents wanted, in all parts of the country, to obtain subscribers for the work. Applicants should state what counties they would like to canvass. Specimen copies will be sent by mail, prepaid, to any address, on receipt of the price. For full particulars address DERBY & JACKSON, Publishers, No. 119 Nassau-St., N. Y.

THE LIVER INVIGORATOR.

PREPARED BY DR. SANFORD. Compounded entirely from Gums. Is one of the best Purgative and Liver medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body, and when it performs its functions well, the powers of the system are fully developed. The stomach is almost entirely dependent on the Liver for its functions; when the bowels are at fault, the bowels are systemically diseased—the Liver—has ceased to do its duty. For the disease of the proprietors in a practice of more and more remedy to treat the many diseases to which it is liable. The remedy is at last troubled with Liver its forms, has but to move all morbid matter from their place a healthy system supplying in flow of bile, invigorating the stomach, and health to the moving the cause of a radical cure.

Bilious attacks are better prevented, by the Liver Invigorator. One dose after each meal is sufficient to relieve the stomach from rising and sour. Only one dose taken before retiring, prevents Nightmare. Only one dose taken at night, loosens the bowels gently, and cures Constipation. One dose taken after each meal will cure Dyspepsia. One dose of two teaspoonsfuls will always relieve Sick Headache. One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure. Only one dose immediately relieves Cholera, while one dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera. Only one bottle is needed to throw out of the system the effects of medicine at a long sickness. One bottle taken for Jaundice removes all sallowness or unnatural color from the skin. One dose taken a short time before eating gives vigor to the appetite, and makes food digest well. One dose often repeated cures Chronic Diarrhea in its worst forms, while Summer and Bowel complaints yield almost to the first dose. One or two doses cures attacks caused by Worms in Children: there is no surer, safer, or speedier remedy in the world, as it never fails. EPA few bottles cures Dropsy, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for Fever & Ague, Child Fever, and all Fevers of a Bilious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues. All who use it are giving their unanimous testimony in its favor. EPAIX water in the month with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR Is a Scientific Medical Discovery, and is daily working cures, almost too great to be lived. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver complaint, from the worst Jaundice or Dyspepsia to a common Headache, all of which are the result of a Diseased Liver.

PRICE ONE DOLLAR PER BOTTLE. Dr. SANFORD, Proprietor, 315 Broadway, New York. And retailed by all Druggists. Sold also by Hollinshead & Detrick, and James N. Durling, Stroudsburg, Pa. July 1, 1858.—1y.

The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State.
