

past, with all the hope of the present, I call upon you to take it soon; the train is moving and the cars are filling up. Come on; let us take this for a single principle. Everything else that is right will follow, and in 1860 there will not be a white man in the North willing to say that he ever heard the name of Leconte. [Loud cheers.]

MARRIED.

The Jeffersonian.

THURSDAY, SEPTEMBER 9, 1858.

In order to lay before our readers to-day, the whole of Col. Forney's speech, we are compelled to defer several articles arranged for this week's paper.

We publish to-day the speech of Col. Forney, delivered at Tarrytown, N. Y., on Thursday last, on the occasion of a meeting of the friends of Hon. J. B. Haskin. Haskin's friends are making arrangements to return him again to Congress, as he took a decided stand against Buchanan's Leconte policy.

Col. Forney's statements will be received by all good Democrats as truths, and we commend the speech to all who have been taught to disbelieve the charge made by the Republicans against the Administration. Show this speech to your neighbor and request him to read it.

On Friday the 3d inst., Mr. Michael H. Wolfe, of Smithfield township, killed near his house, a large eagle, measuring from tip to tip of his wings, seven feet.

Mr. Wolfe had the monster in town on Saturday, on exhibition. He says that he first discovered the bird near his house, pursued by a number of crows, &c.; he took his gun and followed it to the woods, where it alighted on a tree a short distance from the ground. Mr. Wolfe discharged his gun, loaded with shot, three times at the bird; the first shot producing no effect on it; the last shot broke its wing, and it came to the ground. Mr. Wolfe then approached it with the intention of finishing the job with the breach of his gun, when the monster with open beak, into which a man's fist might have been thrust, pursued him and he was obliged to beat a retreat. At length a fourth shot succeeded in giving the enemy his quietus, and Mr. Wolfe returned to camp victorious.

We have several quills in our office as trophies of the victory, and we assure our readers they are really curiosities.

The Democratic Convention of Monroe and Pike assembled at the public house of William Place, in Lebanon township, Pike county, on Saturday last, and nominated Col. Charles D. Brodhead, of Chestnut Hill, as their Representative. John C. Westbrook and John Coriellus of Pike county, and Wm. Oerfield, Hon. Abraham Leering and Abraham Edinger of Monroe county, were appointed Congressional Delegates, to meet the Conference of Northampton, Wayne and Carbon, with instructions to support the Hon. William H. Dinwiddie, from first to last, for Congress.

A meeting of the members of the Monroe County Mutual Fire Insurance Company took place at the Court House, in this Borough, on Monday last, for the purpose of electing a board of 13 Managers, for the ensuing year. Considerable attention seems to have been paid to it from the fact that 92 votes were polled. The following named persons were elected:

Stoddell Stokes, Jacob Knecht, J. Dupre Lubar, Jacob Stouffer, Richard S. Staples, Charles R. Andre, Samuel D. Pipber, Theodore Schoeb, Silas L. Drake, Thomas W. Rhodes, Godlieb Aaracher, Sam'l S. Dreher, Joseph Fenner.

Wm. K. Haviland, Secretary of the Company, made a statement to the members present, showing the manner of conducting the business of the Company, its present condition and prospects.

A meeting of the new board of Managers will be held at the Company's office, in this place, on Tuesday, the 14th inst., at 2 o'clock P. M., for the purpose of electing a President, Treasurer, Secretary and Surveyor, and to appoint Auditors to settle the accounts of the officers of said Company for the past year.

BALDNESS CURED.—For real worth, Wood's Hair Restorative is undoubtedly the best preparation now in use, for restoring hair on bald heads, changing gray hair to its original color, and as a cosmetic or cure for pimples, it is fast taking the place of other preparations. No toilet now-a-days is complete without it.

CAUTION.—Beware of worthless imitations, as several are already in the market, called by different names. Use none unless the words (Professor Wood's Hair Restorative, Depot St. Louis, Mo., and New York) are blown in the bottle.—Sold by all Druggists and Patent Medicine dealers, also by all Fancy and Toilet Goods dealers in the United States and Canada.

The Sussex Democrat, the organ of the anti-Leconte Democracy of Sussex Co., N. J., will make its appearance this week. It will start with a circulation nearly equal to the Herald, its political rival, and will no doubt become a permanent institution in that county.

See advertisement of Dr. Sanford's LIVER INVIGORATOR in another column.

School Examination and Exhibition.

The Public School of this Borough will close for the season, on Tuesday the 14th inst. On Monday and Tuesday the 13th and 14th inst., an Examination will be held at the Academy, at which the friends of Education generally are invited to be present.

On Wednesday Evening, the 15th inst., an Exhibition will be given by the School, at the Court-House; the proceeds of which will be applied to the purpose of increasing the School Library. As the object is a laudable one, we trust that the Public will encourage the enterprise by a large attendance. A band of music has been provided for the occasion. The following will constitute the Programme for the Evening:

Holloway's Ointment and Pills.—Look out for Counterfeits!—These can always be detected by the absence of the Water mark, which appears in every leaf of the genuine book of directions. Unless the words "Holloway, New York and London," are visible in semi-transparent letters in each page, the medicine they envelope is spurious. To deplete the system by bleeding and violent purging, is to deprive life's machinery of its motive power. These great remedies disinfect the blood and the secretions, and cure external complaints by destroying their seeds in the vital fluids.

THE GREAT ENGLISH REMEDY. SIR JAMES CLARKE'S Celebrated Female Pills.

PROTECTED BY ROYAL PATENT.

Prepared from a prescription of Sir J. Clarke, M. D. Physician Extraordinary to the Queen.

This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It moderates all excess and removes all obstructions, and a speedy cure may be relied on.

To Married Ladies

It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity. Each bottle, price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

CAUTION.

These Pills should not be taken by females during the FIRST THREE MONTHS of Pregnancy, as they are sure to bring on Miscarriage, but at any other time they are safe.

In all cases of Nervous and Spinal Affections, pain in the back and limbs, fatigue on slight exertion, palpitation of the heart, hysterics and whites, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, calomel, antimony, or anything harmful to the constitution. Full directions in the pamphlet accompany each package, which should be carefully preserved.

Sole Agent for the United States and Canada, JOB MOSES (Late I. C. Baldwin & Co.) Rochester, N. Y.

N. B.—\$1.00 and 6 postage stamp enclosed to any authorized Agent, will insure a bottle, containing 50 pills by return mail. For sale in Stroudsburg, by July 1, 1858.—J. N. DUBILING, Agent.

Dailey's Magical Pain Extractor.

In all diseases inflammation more or less predominates—now to allay inflammation strikes at the root of disease—hence an immediate cure.

Dailey's Magical Pain Extractor,

and nothing else, will allay inflammation at once, and make a certain cure.

Dailey's Magical Pain Extractor

will cure the following among a catalogue of diseases; burns, scalds, cuts, chafes, sore nipples, corns, bunions, strains, bites, poison, chilblains, bites, scrofula, ulcers, fever sores, felons, ear ache, piles, sore eyes, gout, swellings, rheumatism, scald head, salt rheum, baldness, erysipelas, ringworm, barbers itch, small pox, measles, rash, &c., &c.

To some it may seem incredulous that so many diseases should be reached by one article; such an idea will vanish when reflection points to the fact, that the salve is a combination of ingredients, each and every one applying a perfect antidote to its opposite disorder.

Dailey's Magical Pain Extractor

In its effects is magical, because the time is so short between disease and a permanent cure; and it is an extractor, as it draws all disease out of the affected part, leaving nature as perfect as before the injury. It is scarcely necessary to say that no house, workshop, or manufactory should be one moment without it.

No Pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Henry Dailey, Manufacturer, For sale by all the Druggists and patent medicine dealers throughout the United States and Canada. Principal Depot, 165 Chambers St., New-York. C. F. CHACE.

Sold in Stroudsburg, by Hollinshead and Detrick.

A Card from Dr. James

H. Jarrett, of THE NEW YORK LUNG INFIRMARY.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve year's course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivaled opportunities and advantage of pathological research—aided not a little by a perfect system of Medical Inhalation—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs and Air Passages. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integument. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjunct in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I can now be consulted personally or by letter, on all diseases as above, and that the medicines, the same as is used in the Institution, prepared to suit each individual case, Inhalation Vapors, Medical Inhalers, &c. &c., will be forwarded by express to any part of the United States or the Canada. Terms—My terms of treatment by letter are as follows, viz: \$12 per month for each patient, which will include medicine sufficient for one month's use; also Inhalation Vapor, and an Inhaler Apparatus. Payment as follows: \$6 to be paid to Express Agent on receipt of the box of Medicine, and balance \$6 at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address

JAMES M. JARRETT, M. D., No. 820 Broadway, cor. Twelfth St. N. Y.

P. S.—Physicians and others are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our improved apparatus for the Inhalation of medicated vapor can be seen and inspected.
