The subscriber has just opened an entirely new and complete stock of goods of the best quality and description, to which he would respectfully call the attention of Merchants and Dealers who wish to find a good article cheap for cash.

These goods were bought for Nett Cash, at the greatly reduced prices consequent upon the stringency of the times, and believing the "nimble shippers" to be better than the "slow shilling," they are now offered to the public at prices that defy competition.

The following are a few of the articles always on hand:

Pails and Tubs of all kinds and qualities. Toy Pails, Salt and Sugar Boxes, Hair Brushes and Peck Measures, Well Buckets, Towel Rollers, Patent head and straight clothes pins, wash boards, wooden mop handles, Gram scoops, Toy Wheelbarrows, Corn Brooms, every variety, Shoe, Paint, Strub, and Sweep Brushes, &c.

These goods are all new and carefully selected, are offered at prices that cannot fail to attract attention.

Buyers will invariably find it to their own interest to call before purchasing elsewhere.

Particular attention given to packing goods for shipment, so as to prevent damage or excessive charges for freight.

A Card from Dr. James M. Jarrett, of the New York Lung Infirmary.

My connection for the past eight years with the above Institution, as Chief Physician, and a twelve year's course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivaled opportunities and advantage of pathological research—sided not a little by a perfect system of Medical Inhalation—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs and Air Passages. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integument. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjunct in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both general and local treatment. The success of any treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I can now be consulted personally or by letter, on all diseases as above, and that the medicines, the same as is used in the Institution, prepared to suit each individual case, Inhalation Vapors, Medical Inhalers, &c., &c., will be forwarded by express in any part of the United States or the Canadas. Terms—My terms of treatment are as follows, viz: \$12 per month for each patient, which will include medicine sufficient for one month's use; also Inhalation Vapor, and an Inhaler Apparatus. Payment as follows: \$5 to be paid to Express Agent on receipt of the box of Medicine, and balance \$6 at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients awaiting themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address:

JAMES M. JARRETT, M. D., No. 820 Broadway, cor. Twelfth St. N. Y.

P. S.—Physicians and others are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our improved apparatus for the Inhalation of medicated vapor can be seen and inspected.

From the N. Y. Dispatch. PRIZE CORRESPONDENCE.

The affidavit of Mr. Wilson, given below, must silence scepticism with regard to the honesty of some lottery proprietors. This gentleman has verified the adage, "better be born lucky than rich."

BRICK HOUSE,

[From the Missouri DEMOCRAT.]

Upon Prof. O. J. Wood, of St. Louis, fortune has conferred the honor of having discovered a balsamic preparation, which not only promotes the growth of, and beautifies the hair in a high degree, but restores it when it is gone, or turns it to its original color after it has become gray, fastens it to the scalp and effectually destroys such cutaneous eruptions as may have been engendered by the use of dyes, essential oils and other injurious applications. The many respectable testimonials which are offered in its favor, from every part of the country in which it has been introduced, leaves no loop for a skeptic to hang a doubt on. It is supplanting all other specifics for the hair, and enjoys a popularity which no other has ever attained. Buy it—test it—and rejoice that your attention has been directed to it.

CAUTION.—Beware of the worthless imitations, as several are already in the market, called by different names. Use none unless the words (Professor Wood's Hair Restorative, Depot St. Louis, Mo., and New-York) are blown in the bottle. For sale at Durlings, and Hollinshead & Detrick's Drug Stores.
