

Our Receipt for Beef and Pork.

This receipt, which originated with us, and has now had many years of trial, we believe to be unsurpassed as a pickle. At this period in the season, when farmers and others will soon be putting down their winter's and we may add their next year's supply of meat, it may be of service to republish the receipt, which is as follows:

- To 1 gallon of water, take 1 lb. of salt, 1 lb. brown sugar, 1 oz. saltpetre, 1 oz. potash.

In this ratio the pickle to be increased to any quantity desired.

Let these be boiled together until all the dirt from the sugar and salt rises to the top and is skimmed off. Then throw the pickle into a large tub to cool, and when cold, pour it over your beef or pork, to remain the usual time, say from four to six weeks, according to the size of the pieces, and the kind of meat. The meat must be well covered with the pickle, and it should not be put down for at least two days after killing, during which time it should be slightly sprinkled with powdered saltpetre.

Several of our friends have omitted the boiling of the pickle, and found it to answer equally as well. It will not, however, answer quite so well. By boiling the pickle, it is purified—for the amount of dirt which is thrown off by the operation, from the salt and sugar, is surprising.—Germantown Telegraph.

From the N. Y. Dispatch. PRIZE CORRESPONDENCE.

The affidavit of Mr. Wilson, given below, must silence scepticism with regard to the honesty of some lottery proprietors. This gentleman has verified the adage, "better be born lucky than rich."

Augusta, Ga. Oct. 4th, 1858. WM. R. WILSON, Esq. No. 498 Pearl St. N.Y. Dear Sir:—Allow us to congratulate you on your good fortune, in drawing the whole of the second capital prize of \$22,300 in our lottery scheme of Sept. 11th, last.

As we do not use the names of prize holders without special permission, we have to ask authority to do so in your case. We more particularly desire your consent at this time, because there has been a recent attempt to injure our firm.

Very respectfully yours, SAMUEL SWAN & CO.

New York, Oct. 8th, 1858. Messrs. SAM'L SWAN & CO., Augusta, Ga.

Gents:—Yours of the 4th inst. is just received. I most cheerfully give you permission to use my name, and hope it may be of advantage to your concern.

I consider I owe you this in consideration of the promptness with which you have paid the prize.

Very truly yours, &c. WM. R. WILSON, No. 498 Pearl street. P. S.—I herewith enclose you my affidavit, which you can publish if you think proper.

The undersigned, WM. R. WILSON, of 498 Pearl street, in the city of New York, being sworn, deposes and says: That he was the holder of the whole ticket—numbers 19, 41, 51—in SAM'L SWAN & Co's lottery scheme of Sept. 11th, last; and that by reason of the drawing, the said ticket became entitled to the whole of the second capital prize of \$22,300, which prize has been fully and promptly paid by the said managers.

[From the Missouri DEMOCRAT.]

Upon Prof. O. J. Wood, of St. Louis, fortune has conferred the honor of having discovered a balsamic preparation, which not only promotes the growth of, and beautifies the hair in a high degree, but restores it when it is gone, or turns it to its original color after it has become gray, fastens it to the scalp and effectually destroys such cutaneous eruptions as may have been engendered by the use of dyes, essential oils and other injurious applications. The many respectable testimonials which are offered in its favor, from every part of the country in which it has been introduced, leaves no loop for a skeptic to hang a doubt on. It is supplanting all other specifics for the hair, and enjoys a popularity which no other has ever attained. Buy it—test it—and rejoice that your attention has been directed to it.

CAUTION.—Beware of the worthless imitations, as several are already in the market, called by different names. Use none unless the words (Professor Wood's Hair Restorative, Depot St. Louis, Mo., and New-York) are blown in the bottle. For sale at Durling's, and Hollinshead & Detrick's Drug Stores. See Advertisement in another column.

The Milledgeville (Ga.) Record avers that Mr. Joseph C. McDowell has a hen that he has owned for ten years, which for the past two or three years has been gradually changing in appearance to a rooster. Her plumage has been changed from a yellow to a glistening red; her tale is that of a genuine rooster, beautifully black, long and flowing; her spurs are short, but growing; very little comb.

High Prices. Fourteen negroes were sold for cash at Leesburg, North Carolina, on Monday last, by E. B. Holden, auctioneer, for the aggregate sum of \$10,600. Two of them were children not six months old, and two were permanently diseased. A little girl eight years old brought \$1013, and one at seven and another at five years of age pushed these figures.—Richmond Enquirer.

IT IS NOT TOO MUCH TO SAY SINCE ALL

OLD AND YOUNG, AFFIRM ITS TRUTH, Viz: Professor Wood's Hair Restorative

Will preserve infallibly the growth and color of the hair, if used two or three times a week, to any imaginable age. Perfectly restores the gray, cover the bald with nature's own ornament, the hair; make it more soft and beautiful than any oil, and preserve the scalp free from all disease to the greatest age.

Prof. Wood—Dear Sir: My hair had, for several years, been becoming prematurely gray, accompanied by a harshness which rendered the constant application of oil necessary in dressing it. When I commenced using your Hair Restorative about two months ago it was in that condition; and having continued its use till within the last three weeks, it has turned to its natural color, and assumed a softness and lustre greatly to be preferred to those produced by the application of oils or any other preparation I have ever used.

I regard it as an indispensable article for every lady's toilet, whether to be used as a Hair Restorative or for the simple purpose of dressing or beautifying the hair. You have permission to refer to me all who entertain any doubt of its performing all that is claimed for it. MRS. C. SYMONDS, Cincinnati, O. Feb. 10, 1857. 114, 3d St.

WELLINGTON, Mo. Dec. 5, 1857. Prof. Wood—Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it. I had the fever, some time last May, and nearly every hair in my head came out. Now my hair has come in a great deal thicker than ever it was. Nothing but a duty and sympathy that I feel to communicate to others who are afflicted as I have been, would induce me to give this public acknowledgment of the benefit I have received from Prof. Wood's Hair Restorative. Yours respectfully, A. R. JACOBS.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds 1/4 pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3 a bottle.

O. J. WOOD & CO., Proprietors, No 312 Broadway, New York, (in the great N. Y. Wire Railing Establishment,) and 114 Market St., St. Louis, Mo. And sold by all good Druggists and Fancy Goods Dealers. [Oct. 1, 1858.—3m.]

Dalley's Magical Pain Extractor.

In all diseases inflammation more or less predominates—now to allay inflammation strikes at the root of disease—hence an immediate cure.

Dalley's Magical Pain Extractor, and nothing else, will allay inflammation at once, and make a certain cure.

Dalley's Magical Pain Extractor will cure the following among a catalogue of diseases: burns, scalds, cuts, chafes, sore nipples, corns, bunions, strains, bites, poison, chilblains, bites, scrofula, ulcers, fever sores, felons, ear aches, piles, sore eyes, gout, swellings, rheumatism, scald head, salt rheum, baldness, erysipelas, ringworm, barbers itch, small pox, measles, rash, &c., &c.

To some it may seem incredulous that such a disease should be reached by one article; such an idea will vanish when reflection points to the fact, that the saline is a combination of ingredients, each and every one applying a perfect antidote to its opposite disorder.

Dalley's Magical Pain Extractor In its effects is magical, because the time is so short between disease and a permanent cure; and it is an extractor, as it draws all disease out of the affected part, leaving nature as perfect as before the injury. It is scarcely necessary to say that no house, workshop, or manufactory should be one moment without it.

No Pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Henry Dalley, Manufacturer.
