THE GREAT WONDER
OF THE NINETEENTH CENTURY.
PROFESSOR WOOD'S
HAIR RESTORATIVE.
 Says the St. Louis, (Mo.) Democrat: Below we publish a letter from Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:
 BATH, MAINE, Jan. 20, 1856.
Professor O. J. Wood & Co.
 GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers was of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray of my head and face, and my hair has resumed its natural color, and I believe more soft and glossy than it has been before for twenty-five years. I am now sixty-two years old; my good wife at the age of fifty-two, has used it with the same effect.
 The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly, yours,
 A. C. RAYMOND.

BALTIMORE, Jan. 23, 1858.
WOOD'S HAIR RESTORATIVE.
 Professor Wood—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and words can express my obligations to you in giving to the afflicted such a treasure.
 FINLEY JOHNSON.
 The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.
 WM. DYER.

BROOKFIELD, JANUARY 12, 1858.
 Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray to its original color. I have used no other article with anything like the same pleasure or profit.
 Yours truly,
 J. K. BRAGG.
 The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds 1/4 a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for \$3 a bottle.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,
 FROM THE
 Worst Scrupulous down to a common Pimple
 Two bottles are warranted to cure a turning sore mouth.
 One to three bottles will cure the worst kind of pimples on the face.
 Two or three bottles will clear the system of bile.
 Two bottles are warranted to cure the worst canker in the stomach.
 Three or five bottles are warranted to cure the worst kind of Erysipelas.
 One or two bottles are warranted to cure all humor in the eyes.
 Two bottles are warranted to cure running of the ears and blotches among the hair.
 Four to six bottles are warranted to cure eczema and running ulcers.
 One bottle will cure scaly eruptions of the skin.
 Two or three bottles are warranted to cure the worst kind of ringworm.
 Two or three bottles are warranted to cure the most desperate case of rheumatism.
 Three to four bottles are warranted to cure salt rheum.
 Five to eight bottles will cure the worst case of scrofula.
 One to three bottles are warranted to cure the worst case of dyspepsia. I know from the experience of thousands that it has caused by a canker in the stomach.
 One to two bottles are warranted to cure sick head-ache.
 One to two bottles are warranted to regulate a costive state of the bowels.
 One to two bottles will regulate all derangement of the kidneys.
 Four to six bottles have cured the worst cases of dropsy.
 One to three bottles has cured the worst case of piles; a relief is always experienced. What a mercy to get relief in such an excruciating disease!
 Since my first discovery, I have from time to time added various other herbs to it; of one of them, Hippocrates, the Father of Medicine, says: "It is an herb of Juffiter, and in the sign Leo."
 "It opens obstructions of the liver, gall and spleen; it is an especial friend to the liver, with all other herbs put together; cooling it when too hot, and warming it when too cold."
 "It creteth an appetite, cureth all gne and sickly feelings in the pit of the stomach, easeth all pains and sickness in the side."
 "It cureth the jaundice by opening the gall, and restoreth the native color of the body."
 "It expels all raw, viscid and slimy humors out of the body; it cleanseth all inward ulcers and congealed blood from the kidneys."
 "By opening obstructions of the spleen, it purgeth all uric cholera and melancholy vapors which rise to the head and brain causing distressing headache, fearful trembling of the head, trembling of the heart, fainting, and swooning."
 "The herb boiled in wine is particularly good to revive the drooping spirit of the aged, and whoever has a lingering sickness after a fever, nothing restoreth him to health so quick as drinking the juice of this herb."
 "The seeds boiled in water cureth the most offensive breath, and drank at bedtime, cureth what is commonly called night-mare, and all melancholy dreams, a disease noxious people are liable to."
 "The Father of Medicine says of another herb in this composition, that "it is an herb of the Sun, and in the sign Leo."
 "The sun is the source of all life, and ruleth the heart; and this herb is the best cordial, the greatest strengthener of the heart, of any that grows; it comforteth the heart, cureth all palpitation thereof; it taketh away trembling, fainting and swooning of it; yet it must be taken carefully, or severe gripings will ensue, which must be corrected with fennel seed or ginger."
 "So much for this herb, between which and the adder there is the utmost antipathy; so much so that the adder will not touch him that has the herb about him."
 No change of diet ever necessary—eat the best you can get and enough of it.
 Directions for use. Adults one table spoonful per day—Children over ten years, desert spoonful—Children from five to eight years, tea spoonful. As to directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

MONROE COUNTY
Mutual Fire Insurance Comp'y

The rate of Insurance is one dollar on the thousand dollars insured, after which payment no subsequent tax will be levied, except to cover actual loss or damage by fire, that may fall upon members of the company.
 The net profits arising from interest or otherwise, will be ascertained yearly, for which each member in proportion to his, her, or their deposit, will have a credit in the company. Each insurer in or with the said company will be a member thereof during the term of his or her policy. The principle of Mutual Insurance has been thoroughly tested—has been tried by the unerring test of experience, and has proved successful and become very popular. It affords the greatest security against loss or damage by fire, on the most advantageous and reasonable terms.
 Applications for Insurance to be made in person, or by letters addressed to

THE LIVER INVIGORATOR,
 PREPARED BY DR. SANFORD,
 Compounded entirely from GRASS.
 Is one of the best Purgative and Liver medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to reject its morbid matter then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.
 The Liver is one of the principal regulators of the human body; and when it performs its functions well, the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for its performance; when the stomach is at fault, & the whole system of the body is consequently deranged, the Liver is the organ to be attended to. One of the duties of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy whereby to counteract the morbid action of the Liver for the promotion of its healthy functions; when the stomach is at fault, & the whole system of the body is consequently deranged, the Liver is the organ to be attended to.
