MORE TO BE ADMIRER THAN THE RICHEST DIADEM

EVER.
Worn by Kings or Emperors.

What? Why a beautiful Head of Hair.

Because it is the ornament God Himself provided for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be shrunken and shriveled, harsh and dry, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

Dr. Wood—New York, April 19, 1858.
Dear Sir—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your 'Hair Restorative' it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable. I am, dear sir, yours truly,
S. THALBERG.
"Drych at Gwylydydd."

Welsh Newspaper office, 13 Nassau st. April 12, 1858.

Prof. O. J. Wood:—Dear Sir,—Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair.

CHARLES CARDEW,
New York, July 25, 1857.

Prof. O. J. Wood: With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers which were almost white have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.

J. G. KILBY.
Prof. Wood—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grow out, and turned back to its former color (black). At this time it is fully restored to its original color, health, and appearance, and I cheerfully recommend its use to all.
J. D. HOES.
Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small; the large holds a quart, 40 per cent more in proportion, and retails for \$3 a bottle.

SLAYER'S PLASTIC PAINTS:
CHEAP, DURABLE AND PROTECTIVE,
Weather and Fire-Proof.

These paints will stand any climate, without crack or blister and harden by exposure, thus making in time an enamel of stone, protecting Wood from decay, and Iron and other metals from rust and corrosion. They differ, essentially, from the so-called mineral paints of the day which are, principally, Oil, Ores and Clay, and are entirely worthless. SLAYER'S Plastic Paints are Purely METALLIC, containing no Alumina or Clay.

They are levigated finely, mix readily with Linseed Oil, (without the trouble of grinding,) and flow under the brush as the best White Lead, and excel all others in body or covering properties, one pound of which will cover as much surface, as two pounds of White Lead, reducing the cost two-thirds. There are six distinct colors, viz—
Olive, | Light Brown | Light Chocolate,
Black, | Dark do. | Deep do.

All equally valuable as a preservative Paint and particularly adapted to painting the outside of Buildings, Fences, Steamboats, Cars, Tin and Iron work.

REMEMBER! Exposure Hardens and increases the Durability of these Paints.

DIRECTIONS—Mix with pure Linseed oil, as thickly as possible, as the Paint is the lasting protecting body, and the oil simply the medium or agent in spreading it.

MARION AND HIS MEN!
THE ANXIOUSLY LOOKED FOR AND DEEPLY EXCITING
TALE OF THE REVOLUTION,
NOW READY!

THE SWAMP FOX;
OR, THE
Rebel Rifleman.
A TALE OF THE
TIMES AND FEATS OF MARION,
BY GEORGE ALBANY, ESQ.

Author of the "The Orange-Girl, of Venice," "The Swamp Steed," "Rube the Ranger," etc. etc.

will be commenced in
THE NEW YORK MERCURY
Of Saturday, April 30, 1859,
Now ready at all News Depots & Bookstores.

No character in history offers a better subject for the romancer, than that of MARION, or, as he was familiarly called,

"THE SWAMP FOX,"
from the immense ingenuity of his stratagems and devices for misleading and deceiving the enemy, his thorough knowledge of the woods, forests, fields, and swamps of his native region, where he and his gallant band were perfectly at home, while their enemies became lost and bewildered in the labyrinthine mazes of undergrowth and morass.

The story above announced is a true reflex of those scenes and times, and its talented author has most vividly portrayed, therein, the many exciting incidents and accidents of a tenacious and indefatigable struggle for Liberty, pursued under the most adverse circumstances. Every chapter is replete with exciting and romantic interest, historically accurate, but with a sparkling web of poetry woven through it, which makes it at once a brilliant story and a veracious record. The strongly-written descriptions of events—the ambuscade—the sudden sortie—the night attack—the wild charge and repulse—are all wonderful as examples of word-painting, and equally true to the actual facts.

In addition to the scenes of heroism and lofty daring, the *Swamp Fox* is not without the gentle charm of a love-story, for the working and effects of the tender passion are depicted in its pages, as truly and artistically as the sterner emotions, rendering the tale a perfect picture of life and character in the Days of the Revolution, which cannot fail to appeal to the admiration, and gratify the taste of every reader who has a spark of true patriotism in his soul.

The peculiar power and interest with which the gifted author, GEO. ALBANY, ESQ., describes the thrilling period, is a guarantee of the excellence of this truly magnificent Historical Romance. The vivid delineation of character, the depth of thought, the fascination of style, the picturesque beauty of description, and, in a word, the power of language he commands, all combine to render him one of the most brilliant writers of the age, while his great appreciation of and sympathy with the pioneers in the cause of universal liberty give him a grasp of Revolutionary subjects possessed by very few others. This has enabled him, in the *Swamp Fox*, to exhibit the life and adventures of

MARION AND HIS MEN
as they really were, and to do fit homage to that deliberate valor, that unyielding patriotism, which, in a few noble spirits, defying danger, and above the scenes of privation, could keep alive the sacred fires of liberty in the thick swamps and dense and gloomy forests—asking nothing, yielding nothing, and only leaving the field the better to re-enter it for the combat.)

We take to ourselves some credit, for having secured for our columns the *chefs d'oeuvre* of this master's pen, but we intended to give the

New York Mercury
a still higher prestige than ever. We believe it is already the *best and largest story paper* in the world, and we contemplate making it better and better, with every successive number, in spite of all expense and opposition.

BAYARD TAYLOR
ENGAGED EXCLUSIVELY FOR
THE NEW YORK MERCURY!

At a very heavy expense we have succeeded in securing the celebrated *Poet, Author and Tourist*, whose charming letters from foreign lands have long kept the world delighted and interested.

BAYARD TAYLOR, ESQ.
who will hereafter make the *Mercury* the only recipient of his inimitable *SKETCHES OF TRAVEL*, one of which will appear every week.

We have the happiness to announce, therefore, that in the
New York Mercury for April 30th, 1859,
will be commenced

STRAY CHAPTERS
OF
LIFE AND TRAVEL,
BY BAYARD TAYLOR,

the initiatory article being entitled
"The First Journey I ever made,"
which is considered by the author—as it unquestionably will be by the public—to be his most interesting adventure since the outset of the *Great American Traveler*, and cannot fail to be of interest to all. These delightful articles will be beautifully illustrated with original designs, in the highest style of the art, portraying the scenes and characters described in the most graphic manner.

This new feature is a most valuable and instructive one, suited to both young and old, and will render *The New York Mercury* worthy of a leading place, as the most refined and elegant of all family papers.

Since the first announcement of our engagement with Mr. TAYLOR, we have received a flood of inquiries from all parts of the Union, relative to the enterprise, showing that public expectation is on tip-toe to learn the particulars regarding the character of his contributions. As it is impossible for us to answer these in detail, we can only refer our friends and correspondents to the **New York Mercury** for April 30,

where the first of these sparkling and popular sketches will be found.

As no other American has ever traveled so extensively as BAYARD TAYLOR, and no other traveler can see things with the eyes of America, we need not further eulogize the value of these emanations of his mind and observation, to the reading public. It is sufficient to say that they will greatly enhance the high character that the *Mercury* has ever maintained, and that has heretofore rested upon many causes, some of the most important of which may be summed up as follows:

The *Mercury* employs more literary talent than any other paper.

The *Mercury* pays more, and higher prices for that talent, than any other paper.

The *Mercury* is constantly announcing new, startling, and brilliant additions to its

already unrivaled fund of attractions.

The *Mercury* is illustrated by F. O. C. Darley, Esq. the greatest artist of this century, and his beautiful pictures are thus brought within the reach of the entire public.

The *Mercury* is the oldest and most firmly established literary journal in America.

The *Mercury*, during the twenty-one years of its prosperous existence, has published a larger number of popular original tales, romances, and sketches, than all its imitators combined.

The *Mercury* must be seen, to be appreciated, and we are fully determined to make its name as familiar as a household word, "with every family in the land.

The *Mercury* is for sale by all news-dealers and booksellers in every part of the country, and subscriptions are received for it at every Post office.

It will be seen from the foregoing announcement, that the *Mercury* for April 30th, 1859, will be an excellent number for subscribers to date their subscriptions from.

NORTHAMPTON ACADEMY,
A BOARDING SCHOOL FOR
Boys and Girls,
Easton, Pa.

This Institution will open its second quarter of the Spring Session on Monday the 4th of April, and continue eleven weeks, when a vacation of six weeks will follow.

The Fall session will commence on Wednesday, the 29th of July, and continue twenty-two weeks.

The building, a large four story brick edifice, (formerly known as "Temperance Hall") is now being re-modeled and fitted up expressly for a first class Seminary for the education of pupils of both sexes. The boarding pupils will occupy two separate buildings, arranged with private rooms. Experience has taught that it is decidedly disadvantageous for more than two pupils to occupy the same room.

The accommodations and advantages of this school are of a superior order, and it designs to train and fit boys and young men thoroughly for college or business. To young ladies are offered excellent facilities for the acquisition of a solid or ornamental education.

Competent teachers are employed.

Having long experience in Teaching and devoting his whole attention to the business, the Principal hopes to merit a large share of public patronage, and would respectfully invite attention to his School.

Terms, per quarter, in the common English branches,
