

[From the Wheeling Times and Gazette.]
Though it may seem strange to many who have not seen it, yet there is no doubt of the fact, that Prof. Wood's Hair Restorative will change grey hair to its original color, and cause it to grow on heads entirely bald, and by a few applications keep it from falling off. There was a time when persons who had lost their hair were compelled to wear wigs or go bald, but since the advent of Prof. Wood's Tonic, there is no longer any necessity of wigs or grey hairs.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disorders of the alimentary canal, impure air, dirt, and filthy habits, the depressing vice, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders in the blood, depresses the energies of life, so that scrofulous constitution, not only suffer from scrofulous complaints, but they have less power to withstand the attacks of other diseases; consequently, vast numbers perish in disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERYTHEMA and SYPHILIS, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIALIZED or IMPURE BLOOD. The popular belief in "impurity of the blood," is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted, they can never forget, and produced cures too numerous and too remarkable to be forgotten.

GIVE THEM A TRIAL!
SILVER'S PLASTIC PAINTS:
CHEAP, DURABLE AND PROTECTIVE, Weather and Fire-Proof.

These paints will stand any climate, without crack or blister and harden by exposure, thus making in time an enamel of stone, protecting Wood from decay, and Iron and other metals from rust and corrosion. They differ, essentially, from the so-called mineral paints of the day which are, principally, Oxides and Clays, and are entirely worthless.

Silver's Plastic Paints are Purely METALLIC, containing no Alumina or Clay. They are levigated finely, mix readily with Linseed Oil, (without the trouble of grinding,) and flow under the brush as the best White Lead, and excel all others in body or covering properties, one pound of which will cover as much surface, as two pounds of White Lead, reducing the cost two-thirds. There are six distinct colors, viz:—

White, Light Brown, Light Chocolate, Black, Dark do, Deep do.

All equally valuable as a preservative Paint and particularly adapted to painting the outside of Buildings, Fences, Steamboats, Cars, Tin and Iron work.

REMEMBER! Exposure Hardens and increases the Durability of these Paints. DIRECTIONS.—Mix with pure Linseed Oil, as thickly as possible, as the Paint is the lasting protecting body, and the oil simply the medium or agent in spreading it.

For sale, Wholesale and retail, by
JAMES N. DURLING,

MORE TO BE ADMIRER THAN THE RICHEST DIADEM
EVER

Worn by Kings or Emperors. What? Why a beautiful Head of Hair.

Because it is the ornament God Himself provided for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, harsh and dry, or worse still, if sprinkled with gray, nature will loose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

Dr. Wood—New York, April 19, 1858.
Dear Sir—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable. I am, dear sir, yours truly,
S. THALBERG.

"Drych a' Gwilydydd." Welsh Newspaper office, 13 Nassau st. April 12, 1858.
Prof. O. J. Wood—Dear Sir,—Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair.

CHARLES CARDEW,
New York, July 25, 1857.
Prof. O. J. Wood: With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers which were almost white have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.
J. G. KILBY.

Prof. Wood—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grow out, and turned back to its former color, (black.) At this time it is fully restored to its original color, health, and appearance, and I cheerfully recommend its use to all.
Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds $\frac{1}{2}$ a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, and retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3 a bottle.
