

The Jeffersonian.

THURSDAY, AUGUST 11, 1859.

FOR AUDITOR GENERAL. Thomas E. Cochran, of York Co

FOR SURVEYOR GENERAL. William H. Keim, of Berks Co.

All persons are bereby notified to have Express matter at the office by 11 next day.

JOHN N. STOKES.

Death of Horace Mann.

The decease of this great and good man, will east a gloom over the whole country. as the sad intelligence speeds its way onward. It is generally conceded that this affliction will be the death blow to Antioch College; yet the gifted but departed President seemed in his last hours to retain that sagacity, foresight and judgment which at all times characterized him while in active life. This was indicated by his York-one of the ablest men in the country, -as his successor.

We learn that his disease was of a typhoid nature.

Elections.

In Kentucky four opposition members of Congress and five Locos are elected; one doubtful. In Tennessee the opposition gain three members of Congress .-For Governor 26 counties show an opposition gain of 2200 votes. In North Carolina the opposition gain a member of Congress by 556 majority.

Mind Your own Business.

FOR THE JEFFERSONIAN.

I was pleased to learn by an advertisement in your paper that a Female Semi nary will soon be established in this place. This has long been needed, as parents wi hing to give their daughters a proper education, have been compelled to send them abroad, and there are many whose means will not allow this. And now that the privilege is offered to them at their own doors, and upon such moderate terms. we hope and trust that all will avail themselves of it. Strangers have often remarked upon the number of pretty faces in our town, and let us endeavor to make it also renowned for the general intelligence of those possessing them. But let us not merely wish success to the enterprise, but let every one do something to actually aid it. Parents should not delay till the second session but send their daughters at the commencement of the first. If this cuterprise should fail, it may be years before another is attempted. The teachers are well known in our community as being in every respect qualified for the work, and if we citizens, all do our duty we shall soon have one of the best Female Seminaries in the State.
