Since I originated the Gift Book Store Enterprise, I have repeatedly called the attention of the public to my large stock of liberal offers, to which they have always responded. I can now, with more satisfaction than ever, call attention to my largely increased inducements to purchasers.

Being very heavily engaged in publishing, I exchange my own publications for those of other houses, and am enabled to procure all my books at the original cost of making, and thus can and do supply the majority of the other houses engaged in the Gift Book trade, with their books, cheaper than they can procure them from other publishers. I can also, by my heavy purchases of Watches and Jewelry, for cash, furnish them with their Gifts at lower rates than they can buy them from the manufacturers.

Having such an advantage in buying, I can insure my customers a great deal better Gifts with their books than any other house, and can give my agents a larger commission. A valuable Gift will be delivered with each Book at the time of sale. Gifts worth \$500, at the lowest wholesale prices, will be impartially distributed with every \$1,000 worth of Books sold.

Send for a catalogue, which will be mailed free to any address, containing the most valuable collection of Standard productions in Literature, Philosophy, History, Geography, Travels, and the Sciences, with all the favorite works of Fiction and Romance, and every other department of Literature, classified as described below. Special Notice To Book Buyers.

My attention has been called to statements made through the public journals, by a New York Gift Store, which are calculated to deceive; who even presume to advertise themselves as the originators of the Gift Book Enterprise, which was first successfully established, and I may say honorably conducted by myself.

This concern who are proclaiming themselves "The Oldest in the business," are indebted to me, not only for their first ideas of conducting the business, but for stock to commence with, and a place to commence in. Their statement, that this is "The fifth year of their location in New York," is also false.

It has been thought, on account of the name connected with this New York Gift Book Store, that it was a branch of my Original Enterprise; but it is not so, and I wish it distinctly understood, that I am not in any way responsible for their deceptive advertisements, nor for the manner in which New York Gift Store concerns are conducted.

And holding the position I do, as the originator of the Gift Book Enterprise in the United States—having established it and brought it to its present high position, by constant labor, unwearied application, and large expenditure of money, I deem it my duty to the public and myself to expose these pretended "originators," who are attempting to impose upon the people. I would here publicly state that these parties have been referring, without authority or permission, to the largest and most widely known publishing house in the United States. I am informed by this firm, which is located in this city, that, not only have they never given permission to this New York Gift Store to refer to them, but that they utterly disclaim any knowledge of their business or standing. The foregoing can be substantiated to the satisfaction of any person or persons, by the most incontrovertible proofs.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy.

The scrofulous taint is variously caused by indigestion, low living, dissipation, or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children, into the third and fourth generation; indeed, it seems to be the root of all our ills, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders in the blood, depresses the system, and causes the human family not only to suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system.

Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla.

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul blood from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE AND SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYTHRELLA, PUSULES, PUSULES, BOILS, CARBUNCLES, HEMORRHOIDS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "impurity of the blood," is founded in truth, for scrofula is a degeneration of this fluid. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: Constipation, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of our country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. When many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never forget, and produced cures too numerous and too remarkable to be forgotten.
