

NEW AGRICULTURAL SETTLEMENT.

To all wanting Farms. A RARE OPPORTUNITY IN A DELIGHTFUL AND HEALTHY CLIMATE 25 MILES SOUTH OF PHILADELPHIA, ON THE CAMDEN AND ATLANTIC RAILROAD, NEW JERSEY.

An old estate consisting of several thousand acres of productive soil has been divided into Farms of various sizes to suit the purchaser. A population of some fifteen hundred, from various parts of the mid-west States and New England have settled there the past year, improved their places, and raised excellent crops. The price of the land is at the low sum of \$15 to \$20 per acre, the soil is of the best quality for the production of Wheat, Clover, Corn, Peaches, Grapes and Vegetables. It is considered the best Fruit soil in the Union. The place is perfectly secure from frosts—the destructive enemy of the farmer. Crops of grain, grass and fruit are now growing and can be seen. By examining the place itself, a correct judgment can be formed of the productiveness of the land. The terms are made easy to secure the rapid improvement of the land, which is only sold on actual improvement. The result has been that within the past year, some three hundred houses have been erected, two miles of steam, four stores, some forty vineyards and peach orchards, planted, and a large number of other improvements, making it a desirable and active place of business.

THE MARKET.

as the reader may perceive from its location, is the **BEST IN THE UNION.**

Produce bringing double the price than in locations away from the city, and more than double the price than the West. It is known that the earliest and best fruits and vegetables in this latitude come from New Jersey, and are annually exported to the extent of millions.

In locating here, the settler has many advantages. He is within a few hours ride of the great cities of New England and Middle States, he is in a settled country where every improvement of comfort and civilization is at hand. He can buy every article he wants at the cheapest price, and sell his produce for the highest. (In the West this is reversed) he has schools for his children, divine service, and will enjoy an open winter, and delightful climate, where fevers are utterly unknown. The result of the change upon those from the north, has generally been to restore them to an excellent state of health.

In the way of building and improving, lumber can be obtained at the mills at the rate of \$10 to \$15 per thousand. Bricks from the brick yard opened in the place, every article can be procured in the place, good carpenters are at hand, and there is no place in the Union where buildings and improvements can be made cheaper.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct no one would be invited to examine the land before purchasing. This all are expected to do. They will see land under cultivation, such is the extent of the settlement that they will not doubt, meet persons from their own neighborhood; they will witness the improvements and can judge the character of the population. If they come with a view to settle, they should come prepared to stay a day or two and be ready to purchase, as locations cannot be held on refusal.

There are two daily trains to Philadelphia, and to all settlers who improve, the Railroad Company gives a Free Ticket for six months, and a half price ticket for three years.

THE TOWN OF HAMMONTON

In connection with the agricultural settlement, a new and thriving town has naturally arisen, which presents inducements for any kind of business, particularly stores and manufactures. The shoe business could be carried on in this place and market to good advantage, also cotton business, and manufactures of agricultural implements or Farm derivatives for cutting small articles. The improvement has been so rapid as to insure a constant and permanent increase of business. Town lots of a good size, we do not sell small ones, as it would effect the improvement of the place, can be had at from \$100 and upwards.

The *Hammonton Farmer*, a monthly literary and agricultural sheet, containing full information of Hammonton, can be obtained at 25 cents per annum.

Title indisputable—warranted deeds given, clear of all incumbrance when money is paid. Route to the land: leave Vine street wharf, Philadelphia for Hammonton by Railroad, at 7 1/2 A. M., or 4 1/2 P. M. Fare 90 cents. When there inquire for Mr. Byrnes. Boarding conveniences on hand. Parties had better stop with Mr. Byrnes, a principal until they have decided as to purchasing, as he will show them over the land in his carriage, free of expense. Letters and applications can be addressed to Landis & Byrnes, Hammonton P. O., Atlantic Co., N. Jersey or S. B. Coughlin, 202 South Fifth Street, Philadelphia. Maps and information cheerfully furnished.

NORTHAMPTON ACADEMY, A BOARDING SCHOOL FOR Boys and Girls,

Easton, Pa.

This Institution will open its second quarter of the Spring Session on Monday the 4th of April, and continue eleven weeks, when a vacation of six weeks will follow.

The Fall session will commence on Wednesday, the 29th of July, and continue twenty-two weeks.

The building, a large four story brick edifice, (formerly known as "Temperance Hall") is now being re-modeled and fitted up expressly for a first class Seminary for the education of pupils of both sexes. The boarding pupils will occupy two separate buildings, arranged with private rooms. Experience has taught that it is decidedly disadvantageous for more than two pupils to occupy the same room.

The accommodations and advantages of this school are of a superior order, and it designs to train and fit boys and young men thoroughly for college or business. To young ladies are offered excellent facilities for the acquisition of a solid or ornamental education.

Competent teachers are employed. Having long expertise in Teaching and devoting his whole attention to the business, the Principal hopes to merit a large share of public patronage, and would respectfully invite attention to his school.

Terms, per quarter, in the common English branches, for Boarding Scholars, \$37.50.

Puition for Day Scholars from \$5.25 to \$8.00.

Additional charges are made for the higher English branches and Classics. Extra charges for the modern languages and the ornamentals. Bills paid in advance.

GIVE THEM A TRIAL! SILVER'S PLASTIC PAINTS:

CHEAP, DURABLE AND PROTECTIVE, Weather and Fire-Proof.

These paints will stand any climate, without crack or blister and harden by exposure, thus making in time an enamel of stone, protecting Wood from decay, and Iron and other metals from rust and corrosion. They differ, essentially, from the so-called mineral paints of the day which are, principally, Ochers and Clays, and are entirely worthless.

Silver's Plastic Paints are Purely METALLIC, containing no Alum or Clay. They are levigated finely, mix readily with Linseed Oil, (without the trouble of grinding) and flow under the brush as the best White Lead, and excel all others in body or covering properties, one pound of which will cover as much surface, as two pounds of White Lead, reducing the cost two-thirds. There are six distinct colors, viz:—

Olive, Light Brown, Light Chocolate, Black, Dark do, Deep do.

All equally valuable as a preservative Paint and particularly adapted to painting the Outside of Buildings, Fences, Steam-boats, Cars, Tin and Iron work.

REMEMBER! Exposure Hardens and increases the Durability of these Paints. DIRECTIONS—Mix with pure Linseed oil, as thickly as possible, as the Paint is the lasting protecting body, and the oil simply the medium or agent in spreading it. For sale, Wholesale and retail, by **JAMES N. DURLING,** Stroudsburg, Pa. A general assortment of Paints, Drugs, Window Glass, Perfumery, Liquors, &c., &c. Constantly on Hand, and to which we invite the attention of the Public. May 5, 1859.—1y.

HOWARD ASSOCIATION, PHILADELPHIA.

A Benevolent Institution established by special Endowment, for the Relief of the Sick and Distressed, afflicted with Venereal & Epidemic Diseases.

The HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of diseases, in all their forms, and to give Medical advice gratis to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, to FURNISH MEDICINE FREE OF CHARGE. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Spermatorrhoea, Seminal Weakness, Gonorrhoea, Gleet, Syphilis, the vice of Onanism or Self Abuse, Diseases of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhoea, or Seminal Weakness, the vice of Onanism, Masturbation, or Self Abuse, and other diseases of the Sexual Organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope), free of charge, on receipt of two stamps, for postage.
