Scrofula, or King's Evil,
is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing view, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children, and into the third and fourth generation; indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."
Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders the blood, deprives the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by diseases which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from an accumulation of the same cause.
One quarter of all our people are scrofulous; and their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

**AYER'S
Compound Extract of Sarsaparilla,**
the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it can be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptions and Skin Diseases, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BRAINS and BORES, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSENTERIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "impurity of the blood," is founded in truth, for scrofula is a degeneration of the blood. The purifying and renovating power of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of the action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the fire is lowered down, and invigorated every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. So wide is the field of its usefulness, and so numerous are the forms of its most formidable every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. It is, in fact, a true, simple, and efficacious remedy, and is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what medicine to employ for the distressing and dangerous affection of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures so numerous and too remarkable to be forgotten.

Ayer's Sarsaparilla,
A compound remedy, in which we have labored to produce the most effectual alternative that can be made. It is a concentrated extract of Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Scrofulous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proved by experiment on many of the worst cases to be found of the following complaints:
**SCROFULA AND SCROFULOUS COMPLAINTS,
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, PUSTULES, BLOTCHES, RINGWORM, SCALD HEAD, SYPHILITIC AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOLOROSAUX, DEBILITY, DYSENTERIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE,** and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.
This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and diseases, which which the system will strive to rid itself of, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when your limbs are obstructed and numb; clean the system clean it whenever it is full, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.
Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtues that is claimed for it, but, more, because the preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.
During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been found upon the sick, for they only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral
has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
