JEREMHAH POSTENS. DANIEL LONG, Priceburg, Jan. 26, 1860. Adm'ors

Auditor's Notice. In the Court of Common Pleas of MONROE COUNTY. Jacob Correll, Philip Kresge,) Ven Ex and John Merwine de terris No. 1, of VS. John Fr. Hornberger. December term, 1859.

In the matter of distribution of the fund ari-ing from the said writ, to and among the lieu creditors.

I hereby caution all persons against Ayer's Sarsaparilla.

A compound remedy, in which we have labored to produce the most effectual alterative that can the 27th day of December, 1859, dated be made. It is a concentrated extract of Para at Hamilton, Monroe County, Pa. The Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a rem-edy is wanted by those who suffer from Stru-mous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints :

> SCROFULA AND SCROFULOUS COMPLAINTS. ERUPTIONS AND ERUPTIVE DISEASES, UL CERS, PIMPLES, BLOTCHES, TUMORS, SALF RHEUM, SCALD HEAD, SYPHILIS AND SYPHI-LITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleause it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be con-centrated extracts of it, contain but little of the

virtue of Sarsaparilla, or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and chent. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we The undersigned, auditor, appointed by think we have ground for believing it has virwhich are irresistible

of a single exception. They are therefere sources of direct profit to those who faithfully to water those over whose spir. When she had been out a few days it was invest in them.
