

Pennsylvania Democratic State Convention. Reading, Pa., Tuesday, Feb. 28, 1860. The whirl and excitement here to-day is very great. The city is crowded to excess with delegates and other politicians, attending upon the Democratic State Convention to be held to-morrow. The trains from all points, to-day, came well filled. The headquarters of Messrs. Witte and Fry, the prominent candidates for nomination for Governor, are at the Keystone House, where all the attractions center. The current this evening is running apparently in favor of Mr. Witte.—The friends of the candidates hold a caucus to-night. The Keystone Club of Philadelphia arrived this evening.

Ira B. Newman, A. M. Well known and generally esteemed in this section of the country, as a successful educator of youth, died at Milford, Pa., on the 17th inst., aged about 45 years. He was earnestly devoted to the cause of popular instruction; and though his pecuniary circumstances were such as to warrant his abandoning the harassing duties of the school-room, he yet labored diligently to the close of his days in the profession which he had chosen.—He was for the last 6 or 8 years principal and proprietor of "Electric Hall," in Milford.—Sussex Register.

THE OXYGENATED BITTERS, THE OXYGENATED BITTERS, CONTAINING NO ALCOHOL.

Reliable Testimony. We call the attention of the reader to the following letter from President Smith, of Wesleyan University:

MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co., Gentlemen:—I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms, and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from dyspepsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours, AUGUSTUS W. SMITH.

THE OXYGENATED BITTERS, THE OXYGENATED BITTERS.

STROUDSBURG, N. H., Sept. 30, 1859. GENTS, SETH W. FOWLE & Co.

Male:—I was, for many years, a great sufferer from Dyspepsia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazleton, to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician, I should have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bottles, I had entirely regained my health. I hope all Dyspeptic persons will be induced to give them a fair trial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been produced. Yours, STEARNS FOSTER.

OXYGENATED BITTERS.—To such of our readers as are troubled with the debility incident to the approach of warm weather, we cordially recommend the use of the Oxygenated Bitters as an invigorating tonic, containing mineral matter than any preparation of the kind we have ever known.—Ogdensburg Republican.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing virus, and, above all, by the venereal infection. Whatever be its origin it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Ham who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or morbid matter, which, in the lungs, liver, and intestines, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every-where prevalent and deadly taint. It is compounded from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eczema, and Skin Diseases, ST. ANTHONY'S FIRE, ROSA, or ECZEMA, PIMPLES, PUSTULES, BLOTCHES, BRUISES AND BOILS, TUMORS, TETTER, and SALT RHEUM; SCALD HEAD, RINGWORM, RHEUMATISM, SPYRITIC and MERCURIAL DISEASES, DYSPEPSIA, DEBILITY, YETTER, ALL CONSUMING AFFECTIONS, and, indeed, ALL CONSUMING AFFECTIONS. The popular belief in "impurity of the blood," is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSICIAN, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correct its diseased action, and restore its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and invigorating. Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to certify, in his American Almanac, containing certificates of their cures, and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Constipation, and all other ailments of the Bowels, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to require observation, and where its efficacy is not known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

A Benevolent Institution established by special Endowment, for the Relief of the Sick and Distressed, afflicted with Violent & Epidemic Diseases. The HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of diseases, in all their forms, and to give Medical advice gratis to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, to FURNISH MEDICINE FREE OF CHARGE. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Spermatorrhea, Seminal Weakness, Gonorrhoea, Gleet, Syphilis, the vice of Onanism or Self-Abuse, Diseases of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhea, or Seminal Weakness, the vice of Onanism, Masturbation, or Self-Abuse, and other diseases of the Sexual Organs, by the Consulting Surgeon, will be sent by mail (in a seal envelope), free of charge, on receipt of two stamps, for postage. J. LANTZ, DENTIST. Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite S. Rice's Hat & Cap store, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far.—Hence the necessity of obtaining the services of a dentist near home. All work warranted.

Something New. The public are respectfully informed that the undersigned has opened, in the Borough of Stroudsburg, a NEW DRUG STORE, in the large four story building recently erected by Messrs. Fowler and Whitehead, two doors above Robert Boy's Store, where he intends keeping always on hand, a large assortment of Drugs and Medicines, Paints, Oils, Varnishes, French and Common Glass, &c.
