WM. K. HAVILAND. Auditor. Stroudsburg, March 22, 1860.

MOTHERS

In presenting you with Dr. EATON'S IN-FANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First-It is the peparation of a regular scribe for them. Secondly-it is entirely free from paregoric or opiate of any kind, tilled being dog from the forests under the fant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation, viz:

For all complaints attending Teething; such as Dysentery, Colic, &c; also, for soft ening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the head it is a sure relief. For Croup, the most fatal and trying of diseases it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to lose no time in procuring. it. Lastly-it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions are wrapped around each bottle, must be strictly followed. Price 25 cents per bottle

Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by

hair falling off the top of my head and threatening to make me bald. In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for F had really no expectation that gray hair could ever be restored in its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I
