J. LANTZ. DENTIST. Has permanently located aim'

self in Strondsburg, and moved his office next door to Dr. S. Walton, and nearly opposite S. Rees's Hat & Cap store, where he is fully prepared to treat the natural teeth, and also to insert incorruptille artificial teeth on pivot and plate, in the latest and most improved manner. Most per eons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far .--Hence the necessity of obtaining the services of a dentist near home. All work warranted.
