

The Jeffersonian.

THURSDAY, APRIL 5, 1860.

Hon. Andrew G. Curtin, OF CENTER COUNTY.

I. O. of O. F.

The members of Fort Penn Lodge, No. 134, I. O. of O. F. are hereby notified that Amendments to the By-Laws of said Lodge, will be presented for consideration, on Saturday evening, April 14th, 1860.

By order of the Lodge, THEODORE SCHOCH, Sec'y. April 5, 1860.

The Philadelphia Inquirer, an independent political, literary, and miscellaneous newspaper, has lately made its appearance in a new dress, which adds greatly to its attractions.

We learn that Mr. George Dreher of our Borough, has received from the Governor, a Commission as Notary Public.

Mr. Dreher is a deserving young man, and merits well of the community.

Remarkable!

We have been shown a hen's egg about three fourths of an inch in diameter, and weighing less than half an ounce; with a perfectly formed shell, and nearly round.

The remarkable part of the story is, that it was taken from the inside of another egg of ordinary dimensions. Mr. Robert Huston, the owner of the egg, says that his family had boiled eggs for breakfast, and on breaking one of them, this strange phenomenon appeared.

We would call the attention of our readers to the speech, on another page of this paper, delivered at Harrisburg, by the Hon. John Covode, who defeated Henry D. Foster, in 1858, for Member of Congress, and who is now Chairman of the Corruption Investigating Committee, lately set on foot by Congress.

That Enemy of Mankind,

Consumption can be cured, but it is far better to prevent the cruel disease from fastening itself on the system, by the timely use of a remedy such as Dr. Wistar's Balsam of Wild Cherry efforts.

Strumous or Scrofulous affections are the curse, the blight, the potatoe rot of mankind. They are vile and filthy as well as fatal. They arise from contamination and impurity of the blood, and are to be seen around us everywhere.

Connecticut Election.

The election on Monday resulted in the success of the Republican candidate for Governor by 1000 majority.

New-Haven, Tuesday, April 3, 1860. Complete returns show the election of Buckingham, Republican, for Governor, by 571 majority.

All the returns received to-day continue to favor the Republicans. They elect their State ticket by about 1,000 votes, and have a large majority in both branches of the Legislature.

Potatoes are now selling through Burlington county, N. J., at from 30 to 37 cents per bushel.

Methodist Conference--Final Adjournment.

The Philadelphia M. E. Conference met on Saturday last, when the memoirs of the preachers who died during the year were read. A report was then received from the Education committee, in which the value of Christian education is asserted, and the colleges and seminaries under the patronage of the Conference strongly recommended to the members and the public generally; also, that the Conference educational collections be divided between Dickinson college and the Wesleyan Female Seminary.

The following appointments were made for this County. Stroudsburg, Rev. Charles J. Thompson; Cherry Valley, Rev. Thomas E. Childs; Tannersville, Rev. J. F. Reynolds; Monroe, Rev. Magee.

We have been requested also to announce that the Rev. J. F. Reynolds will preach on Sabbath morning at Sprageville, and in the afternoon at Shafer's School House.

John Crimmins was executed in New York, on Friday morning for the murder of Dennis McHenry. George Acker, who murdered an old man named Gordon, in October last, was executed at Morristown, N. J., same day.

Great Haul of Pigeons.

Up in Covington, last Saturday, at the place of Mr. Jacob Gress, were caught over nineteen hundred wild pigeons, say 2000 in round numbers. Mr. E. Harris and Mr. Gress inform us that the pigeon roost has been broken up by the hunters from Seranton and other places, who gave them no rest.

Penn. Institution for the Blind.

From the twenty-seventh annual Report of the Managers of this Institution, we learn that the number of Pupils in January was 153. During the past year (1859) thirty were discharged, and thirty-three were received. Of these 153 pupils, 132 are from New Jersey, and from all other places, 9.

Pennsylvania Legislature.

Harrisburg, Tuesday, April 3, 1860. This morning the Senate and House reconsidered the vote on the General Appropriation bill, and recommitted it to a Conference Committee. The Committee reported the bill which the House adopted.

The President's Message.

Buchanan Protests against an Investigation by Covode. The President has sent a message to the House of Representatives, denying the right of that body to make investigations into his conduct. A dispatch from Washington says:--The President's message, protesting against Mr. Covode's investigation, created intense excitement in the House.

A Naked Outrage.

On Sunday morning, the 18th ult., great excitement was caused in the Baptist Church, at Pittstown, Rensselaer County, N. Y., by a man walking in the midst of the congregation stark naked.

Barnum Erect.

We see by the New York Papers that the great showman has disposed of the great clock debt and "come to time." The Museum is to be once more under his control, and the world is to sit down to its ancient feast of astonishment every morning.

Stenography Acquired in fifteen Minutes.

Any person desirous of learning short hand in an incredible short space of time, can do so by procuring Cray's Stenographic Chart. His system is an abbreviation of less than one-eighth of common writing, and is practiced by more reporters than any other system now in use.

The Homestead Bill.

The Homestead bill which has passed the House of Representatives at Washington, and is at present awaiting the action of the Senate, provides as follows: That any person who is the head of a family, or who has arrived at the age of twenty-one years, and is a citizen of the United States, or who shall have filed his intentions to become such, shall be entitled to enter free of cost, one hundred and sixty (160) acres of public land, upon which the said person may have filed a pre-emption claim, or which may at the time the application is made, be subject to pre-emption at one dollar and a quarter, or less, per acre, or eighty acres at two dollars and a half per acre.

A good story is told of the towns of Lisbon and Lyman, at the late election in New Hampshire. Lisbon is a Republican town and Lyman is Democratic. The Democratic leaders in the latter town thought they could spare two or three voters, so as to carry Lisbon for the Democrats, and they accordingly moved some two or three, just long enough before the election to entitle them to vote.

Stirring up the Animals.

A letter from the city of Philadelphia, dated March 19th, says: An unexampled contumacious has prevailed among the keepers of our unlicensed rum-shops for a fortnight past. An official crusade of the worst kind for them--has been inaugurated; and last week they were brought up by scores for trial. Most of them pleaded guilty, whereupon Judge Ludlow laid his heavy hand on each offender with an energy that compelled most of them to disgorge \$100 apiece. Over \$7,000 have been levied as fines, and the work goes bravely on. This crusade against our 2,500 unlicensed doggeries has been followed by a tremendous rush to obtain licenses--for no one in the business seems to think of quitting it; so that the crowd at the Commissioner's Office was so great that applicants formed themselves into a long line, which reached two or three times around the room.

Dr. Berrian, Rector of Trinity Church, New York, has married 1065 couple, baptized 2300 persons, and attended the funerals of 2500 during his ministrations.

Cameron County.

The bill erecting a new county out of parts of Clinton, Potter, McKean and Elk, to be called "Cameron," was signed by the Governor on Thursday last.

The School Committee have forbidden the assignment of lessons for study out of school, in the Boston schools for girls.

United States District Attorney.

President Buchanan has removed from office James C. Vandyc, Esq., United States Attorney for the Eastern District of Pennsylvania, and appointed in his place George M. Wharton, Esq.

Anonymous letters have been addressed to Mr. Covode, M. C., from Pa., and Mr. Sherman, M. C., from Ohio, threatening them with assassination unless they desist from investigating charges of corruption against the Locofocos.

It is a good sign to see a man wiping the perspiration from his face, but it is bad to see a fellow wiping his mouth coming out of a cellar.

A Good Law.

The following bill, requiring Overseers of the Poor and Supervisors of Roads to give security passed both branches of the Legislature, received the sanction of the Governor, and is now a law.

Section 1. Be it enacted, &c., That from and after the passage of this act, it shall be the duty of the township auditors and borough councils to require the overseers of the poor and the supervisors of roads, in each township and borough in this Commonwealth, (except the county of Schuylkill,) before entering upon their duties, to give bond with security, to be approved by the auditors or borough councils, in a sum not less than double the probable amount of tax which may come into the hands of the said officers, which bonds shall be taken in the name of the township or borough, conditioned for the faithful performance of their respective duties as supervisors and overseers of the poor, accounting for and paying over to the township treasurers their successors in office, any balance that may remain in their hands at the settlement of their accounts by the aforesaid auditors or borough councils; and in case the said officers shall neglect or refuse to pay over a balance remaining in their hands, within thirty days after the settlement, it shall be the duty of the said auditors or borough councils holding the bonds to proceed, by the course of law, to collect the same for the use of said township or borough: Provided, That each officer may give security individually in double the amount of such as may, in the judgment of the auditors or borough councils, come in to his hands, and in such case he shall not be accounted for the acts of his associate in office.

Sec. 2 That any officer failing to give the security required by the first section of this act, within one month of his election, then his or their offices shall be declared vacant, and the court of quarter sessions shall appoint one or more, as the case may be, subject to all the restrictions of the first section of this act, and who shall hold his or their office till the next election; and until such an appointment is made, the officer or officers giving bail shall act; if all fail to give the required security, then the proceeding officers shall perform the duties as heretofore, until such appointment is made by the court, in accordance with the provisions of this act.

Sec. 3 That any officer failing to give the security required by this act, shall not be liable for the penalty imposed by existing laws upon township and borough officers refusing to serve: Provided, That the borough council shall be satisfied that such security shall not be obtained.

Sec. 4. That all laws which are inconsistent with, or are supplied by the provisions of this act, be and the same are hereby repealed.

Mr. Robert M. T. Hunter, of Va., will probably obtain the nomination at the Charleston Convention for President of the United States. The Democratic State Convention of Maryland, last week, which it was thought would favor Douglas, decided against him by four to one. Mr. Hunter was evidently the choice of the Convention--as he seems to be of a majority of the Southern States.

We learn from Washington, that from all the information collected there, it is pretty certain that, if Kentucky and Tennessee will withdraw their candidates, he will get the whole one hundred and twenty Southern votes on the first ballot, and certainly on the second. Messrs. Davis, Slidell, Fitzpatrick, Wise, Guthrie, Johnson and Breckenridge will be retired as the Southern delegation can exchange opinions personally, and ascertain the importance of throwing a solid vote.

Mr. Hunter is a thorough going disciple of Calhoun--believes most heartily in the divinity of Slavery, and regards it as the one great interest which the Government should sedulously foster and maintain. He is consequently a perfect embodiment of "latter-day democracy." He is a platform in himself, and will not need any long-winded resolutions to serve as a political chart to steer by.

Wart on the hands may be removed by the daily use of a little nitrate of silver.

Domestic Trials.

Come, tell me my dear wife, What is it, ails thee now? What has caused that frown to settle On thy usually fair brow? Have domestic cares pressed heavily! Is it because the sun Was obscured by dismal clouds, Ere the weekly wash was done? Did the elder children's racket Keep the little one from sleeping, And thus retard the progress Of the dusting and the sweeping? Have the bread and pies, in baking Almost to creep been burned? By the carelessness of Biddy, Just as your back turned.

For a moment, on the kitchen There are trials, I will avow, But not worth half the feeling Housewives have on them thrown. Not Husband, 'tis because our neighbor Dame Fish, (across the way She drops in here so often To pass the time away.) Said, your dress is old fashion'd: Too much behind the style, She wonders you don't patronize The store of R. C. Pyle.

Chase away the storm cloud dearest! And henceforth it shall be, (That Easton Hall of Fashion) The clothing mart for me. Pyle's store is opposite the Old Easton Bank, where those who want fine clothing made in the very best manner are invited to call. All work warranted equal to the best customer work and sold at the lowest prices.

The Carstang-Shaw Case.

St. Louis, April 2--The Jury in the Breach of Promise case, brought by Effie Carstang against Mr. Shaw, brought in on Saturday night a verdict for the defendant. A motion for a new trial was made, and if this is refused, the case will go to the Supreme Court.

CROUP.

Children are often seized very suddenly with this disease, which, if not quickly relieved, proves fatal. It generally attacks children in the night, after having been much exposed to damp, cold winds through the day. Damp houses, wet feet, thin shoes, wet clothes, or anything that obstructs perspiration, may occasion Croup. Mothers! your children are liable to be taken with this dread complaint at a time when you least expect it; but it is not always a doctor can be called or a remedy found, and for this reason we would advise you now, and without a moment's delay, to buy a bottle of Dr. Eaton's Infantile Cordial. It will cure every case of Croup, if taken in time; and also all complaints attending Teething, Convulsions, Coughs, Colds, etc. It is sold by all respectable druggists--Messrs. Church & Dupont, New York, are the proprietors, and also sole agents for "Dr. Bronson's Blood Food," which for Consumptive and Chronic diseases is a sure remedy. THE ONLY PREPARATION WORTHY OF Universal Confidence & Patronage.

For Statesmen, Judges, Clergymen, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall street, New York, Dec. 20, 1858. Gentlemen: Your note of the 15th inst. has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it is due. My age is about 50 years, the color of my hair Auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeables increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored in its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very respectfully, BEN. A. LAVENDER. To O. J. Wood & Co., 444 Broadway, N. Y. Simonton, Ala., July 20, 1859. To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the public of its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly, WM. H. KENEDY. P. S.--You can publish the above if you like. By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile Mercury, a strong Southern paper. W. H. KENEDY.

Wood's Hair Restorative.

Prof. O. J. Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851. I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON. The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds 3/4 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proportion, and retails for \$3.
