47 Wall street, New York, Dec. 20, 1858. Gentlemen: Your note of the 15th instant has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if a had no objection to

I award it to you cheerfully, because I think it is due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored in its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and a large stock of Stoves, consisting of sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this lar, e class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, UL-CERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHI-LITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPERSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising

from IMPURITY OF THE BLOOD. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expul-sion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vinated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleaning the blood. Keep the blood healthy, and all is well; but with this pabulum of hie disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life

is disordered or overthrown. Sarsapariila has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be con-centrated extracts of it, contain but little of the

virtue of Sarsaparilla, or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, antil the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken ac-
