

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, and is transmitted from parent to child. It is hereditary in the constitution, and is transmitted from parent to child. It is hereditary in the constitution, and is transmitted from parent to child.

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed scrofula; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders in the blood, depresses the energy of life, so that scrofulous constitutions do not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders, which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla.

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERYTHEMA and SKIN DISEASES, ST. ANTHONY'S FIRE, BORES, or ERYSIPELAS, RINGBLES, PUSTULES, BLOTCHES, BRAINS AND BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, KINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, YETTERED OR RUSTY BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis any American Almanac, containing the rates of their cures, and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and about the Bowels, the Bile, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of our country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public are restrained from what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never forget, and produced cures too numerous and too remarkable to be forgotten.

DR. HUNTER'S MEDICAL MANUEL:

Being an original and popular Treatise on MAN AND WOMAN, Their Physiology, Functions, and Sexual Disorders of every kind, with never-failing Remedies for the speedy Cure of diseases of a private and delicate character incident to the violation of the laws of Nature and of Nature's God.

PRICE TWENTY-FIVE CENTS.

The author of the above volume is a graduate, and having devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders as a specialty, he has become possessed of most invaluable information in regard to the same, and is able to compress into a volume of moderate size, the vast amount of medical science on this important subject; as the result of the experience of the most eminent physicians in Europe and America is thoroughly demonstrated in his own highly successful practice in the treatment of secret diseases in many thousands of cases in the City of Philadelphia alone.

Testimony of the Professor of Obstetrics in Penn. College, Philadelphia. "Dr. Hunter's Medical Manuel."—The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats, is a graduate of one of the best Colleges in the United States. It affords me pleasure to recommend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence. JOSEPH S. LONGSHORE, M. D. From A. Woodward, M. D. of Penn. University, Philadelphia.

It gives me pleasure to add my testimony to the professional ability of the author of the "Medical Manuel." Numerous cases of Diseases of the Genital Organs, some of them of long standing, have come under my notice in which his skill has been manifest in restoring to perfect health, in some instances where the patient has been beyond medical aid. In the treatment of Seminal weakness or disarrangement of the functions produced by self-abuse or excess of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as a kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves. ALFRED WOODWARD, M. D. One Copy, securely enveloped, will be forwarded free of postage to any part of the United States for 25 Cents, or 6 Copies for \$1. Address Post-paid, CONDENSED & CO. Publishers, Box 197, Philadla. Booksellers, Canvasers and Book Agents, supplied on the most liberal terms. June 7, 1860.—ly.

GIVE THEM A TRIAL!

SILVER'S PLASTIC PAINTS:

CHEAP, DURABLE and PROTECTIVE, Weather and Fire-Proof. These paints will stand any climate, without crack or blister and harden by exposure, thus making in time an enamel of stone, protecting Wood from decay, and Iron and other metals from rust and corrosion. They differ, essentially, from the so-called mineral paints of the day, which are, principally, Ochromes and Clays, and are entirely worthless.

Silver's Plastic Paints are Purely METALLIC, containing no Alumina or Clay. They are levigated finely, mix readily with Lined Oil, (without the trouble of grinding,) and flow under the brush as the best White Lead, and excel all others in body or covering properties, one pound of which will cover as much surface, as two pounds of White Lead, reducing the cost two-thirds. There are six distinct colors, viz—Olive, | Light Brown, | Light Chocolate, Black, | Dark do. | Deep do. All equally valuable as a preservative Paint and particularly adapted to painting the outside of Buildings, Fences, Steamboats, Cars, Tin and Iron work.

REMEMBER! Exposure hardens and increases the Durability of these Paints. DIRECTIONS—Mix with pure Lined Oil, as thickly as possible, as the Paint is the lasting protecting body, and the oil simply the medium or agent in spreading it. For sale, Wholesale and retail, by JAMES N. DURLING, Stroudsburg, Pa. A general assortment of Paints, Drugs, Window Glass, Perfumery, Liquors, &c., &c. Constantly on Hand, and to which we invite the attention of the Public. May 5, 1859.—ly.
