J. LANTZ, DENTIST.

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite S. Rees's Hat & Cap store, where he is fully prepared to treat he natural teeth, and also to insert incorrupt. ible artificial teeth on pivot and plate, in the latest and most improved manner. Most per sons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inopervenience and trouble of going so far .----Hence the necessity of obtaining the services of a dentist near home. All work warranted.

THE OXYGENATED BITTERS, THE OXYGENATED BITTERS, CONTAINING NO ALCOHOL.

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, of Wesleyan University: MIDDLETOWN, Conn., Feb. 28, 1859.

SETH W. FOWLE & CO. - Gentlemen :- 1 first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous heada-he, on an average of not less than one Arrive at Great Bend, day in a week, I was induced, by the unpretending recommendation of Dr. Green, " to try one bottle, and if no beacht was received to discontinue the use.33

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours,

AUGUSTUS W. SMITH.

The first bottle produced but a slipht alteration in the disease, and had it not been by the urgent request of my physician, I simplify then have discontinued their use, thinking them to be of no avail ; but his confidence impired me to persevere, and after using to the extent of half a dozen betties, I had entirely regained my health. I hope all for the various forms of Dyspepsia, that has been pro-
