

Protection of Brickwork.
The penetration of moisture through the surface of brickwork may be obviated by the following simple remedy: three-quarters of a pound of mottled soap are to be dissolved in one gallon of boiling water, and the hot solution spread steadily with a flat brush, over the outer surface of the brickwork, taking care that it does not leech; this is to be allowed to dry for twenty-four hours, when a solution formed of a quarter of a pound of alum, dissolved in two gallons of water, is to be applied in a similar manner over the coating of soap. The operation should be performed in dry, settled weather. The soap and alum mutually decompose each other, and form an insoluble varnish, which the rain is unable to penetrate, and this cause of dampness is said to be effectually removed. Another method was sometimes since described (as, by the way, the previous one was,) at the Royal Institute of Architects. It consists of sulphurizing oil as a varnish or paint, and is said to improve the color of the brick or stone, as well as preserve them. It is prepared by subjecting eight parts of linseed oil, and one part of sulphur, to a temperature of 278 deg. in an iron vessel. It is said to keep out both air and moisture, and prevent deposits, and soot and dirt, when applied with a brush to the surface of a building of brick or stone, or even of woodwork.—*London Builder.*

Largest Shipment of Corn in the World.
Anybody who will say that Chicago is a humbug, but we won't believe it. Twelve vessels left our port on Wednesday, laden with 202,732 bushels of corn. Upwards of 200,000 bushels in one day! Only think of that, and then talk about humbug! It is impossible that a city can be kept down which has such enormous resources at her command. If we can ship that much in one day from the last year's crop what can we not do with the present unrivalled yield of all manner of grain? Illinois is the richest country on the globe, and Chicago is its commercial centre. We are bound to distance all inland competition.—*Chicago Herald.*

A lady at her marriage requested the clergyman to announce to be sung by the choir the hymn commencing—
"This is the way I long have sought,
And mourned because I found it not."

An old man in Sodus, N.Y., who is owing a physician a bill of thirty dollars, and unable to pay it, has decided to the doctor his body, for dissecting after his demise. The deed has been accepted and a receipt given by the physician.

Pennsylvania Oil Regions.
A correspondent on a visit to the oil wells of Venango county, gives us the result of his observations in a communication, from which we subjoin the following extracts:—"Visiting Franklin, I found several wells in the lower part of the town doing great things in the way of bringing up the oil. The first I came to was the Hickory Broom well. The upper rigging consists of steam engine, shed, derrick and lever, and two vats, the whole of which did not cost over \$600. The well is fourteen feet deep, and is worked night and day, and produces about seven barrels of oil per diem. It is located on the school house lot, and brings in an excellent revenue towards the advancement of education, and is worth a great deal of money to its owners. A year ago this lot might have been bought for \$200; now I think \$50,000 would be a low estimate of its value, and this is but a sample of hundreds which have been bought for a trifle, and turned into immense fortunes for their owners. I extended my journey around Franklin, and I found the average product was from one to fifteen barrels per day. A great many have not got down to the oil, but every day we get reports of wells striking oil, and I have not the faintest doubt but that all will get oil in more or less quantities. I am fully convinced that there is an immense lake of this oil underlying miles of this county, and any one who sinks a well will surely be rewarded for his trouble. It affords a capital opportunity to young men whose means are limited to realize a fortune; by securing ten or fifteen rods along some of the creeks and giving the work their personal attention and labors; the outlay is nothing to talk about, and the realization immense.—This whole country is under lease for oil purposes, but it may be obtained second-hand at fair prices."

New York Markets.
WEDNESDAY, August 2, 1860.
FLOUR AND MEAL—Wheat flour, the sales are 17,870 bbls at \$5 10a\$5 15 for superfine State; \$5a\$5 10 for superfine Western; \$5 25a\$5 46 for shipping brands of round deep extra Ohio, and \$5 40a\$6 50 for St. Louis extra. TALLOW—sales of 12,000 lb. at 10a\$10 1/2c.
WHISKY—The market is steady but not active; sales of 350 bbls, at 20c.

The meanest man in the country is in Noble county, Indiana. Having procured a divorce from his wife, she was left without the means of living, and consequently became a charge on the county. It being the custom in that section to let out the paupers to keep them, for the smallest price, this man underbid the whole parish, and now maintains his former wife at the public expense.

An Adventurous Woman.
A "lone widow" from the State of Missouri recently arrived at Denver City, Pike's Peak, having travelled alone from the Missouri river to that point—her "train" consisting of a yoke of oxen and wagon, a few hens and a quantity of provisions. She had taken care of and driven her cattle without assistance, and made her trip without annoyance, either from Indians or white men. By selling eggs to emigrants at \$2 per dozen, she had accumulated considerable money, and from a small quantity of Hungarian grass seed, purchased at the river for 14 cents, she realized \$14. She was about fifty years of age. After remaining a few days, she went on towards California, where she once resided, and now proposes to spend her days.

A CARD TO THE SUFFERING.
The REV. WILLIAM COSGROVE, while laboring as a missionary in Japan, was cured of Consumption, when all other means had failed, by a recipe obtained from a learned physician residing in the great city of Jeddo. This recipe has cured great numbers who were suffering from Consumption, Bronchitis, Sore Throat, Coughs and Colds, and the debility and nervous depression caused by these disorders. Desirous of benefiting others, I will send this recipe, which I have brought home with me, to all who need it, free of charge. Address Rev. WM. COSGROVE, 439 Fulton Avenue, Brooklyn, N. Y. June 14, 1860.—3m.

THE GREAT ENGLISH REMEDY.
SIR JAMES CLARKE'S
Celebrated Female Pills.
PROTECTED BY ROYAL LETTERS PATENT.
Prepared from a prescription of Sir J. Clarke, M. D. Physician Extraordinary to the Queen.
This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It moderates all excess and removes all obstructions, and a speedy cure may be relied on.

To Married Ladies
It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.
Each bottle, price One Dollar, bears the Government stamp of Great Britain, to prevent counterfeits.

CAUTION.
These Pills should not be taken by females during the first THREE MONTHS of Pregnancy, as they are sure to bring on Miscarriage, but at any other time they are safe.
In all cases of Nervous and Spinal Affections, pain in the back and limbs, fatigue on slight exertion, palpitation of the heart, hysterics and whites, these Pills will effect a cure when all other means have failed; and although a powerful remedy, do not contain iron, calomel, opium, or anything hurtful to a constitution.
Full directions in the pamphlet around each package, which should be carefully preserved.
Sole Agent for the United States and Canada, JOSEPH BARRY, (Late L. C. Baldwin & Co.), Rochester, N. Y. N. B.—\$1.00 and 6 postage stamps enclosed to any authorized Agent, will insure a bottle, containing 50 pills by return mail. For sale in Stroudsburg, by J. N. DURLING, Agent, July 1, 1860.—1y.

POND'S EXTRACT OF HAMAMELIS, Or Pain Destroyer.
Is one of the few domestic remedies which have come into general use and favor, without puffing. It is the product of a simple shrub, harmless in all cases, and as a domestic remedy unequalled. For Burns, Cuts, Bruises, Soreness, Lame ness, Sprains, Rheumatism, Bolls, Ulcers, Old Sores and Wounds, it has not an equal. It is also used with great success, for Toothache, Headache, Neuralgia, Sore Throat, Colic, Diarrhoea, Hoarseness, and other similar troublesome and painful affections, while it promptly arrests all Hemorrhages. Hundreds of physicians use it daily in their unqualified recommendation. Sold by our agents and dealers, and by
P. HUMPHREYS & Co., 562 Broadway, March 29, 1860.—1y.

NEW CONFECTIONERY, BAKERY AND Oyster and Ice Cream Saloons.
J. M. ROBESON respectfully informs his friends and the public, that he has opened a new wholesale and retail Confectionery, Bakery, Oyster, and Ice Cream Saloon, in the building, on Main st., in Stroudsburg, formerly occupied by Drake & Felker, which has been fitted up in the most elegant and complete manner for the business. He has secured the services of Samuel Hoffman, an experienced Confectioner and Cake Baker, who will superintend the manufacturing department, and is confident that he will be able to give general satisfaction.
His rooms are completely furnished, where fresh Oysters, and Ice Creams of the purest quality and finest flavors will be served at all hours of the day and evening.
Cakes and Ice Creams furnished to order, for parties, private families, etc., at the shortest notice, and at the lowest rates.
April 19, 1860.—1y.

Oysters, Clams, Pickled Tripe, and Ice Cream.
Always on hand at J. M. Robeson's Saloon, [May 24, 1860.]

THE Only Preparation
Having proofs so strong and direct as to EXPEL THE DOUBTS OF ALL.
For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite in testifying that it will preserve the hair from being gray, and from falling to any age, as well as restore. Read the following:
Oak Grove, S. C. June 24th, 1859.
To Prof. O. J. Wood: Dear Sir:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test:—
During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.
These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my most sincere thanks.—
Rest assured, dear sir, I shall use your influence, which I flatter myself to say, is not a little.
You can publish this if you think proper. Yours, very respectfully,
M. J. WRIGHT, M. D.
Office of the Jeffersonian, }
Philippi, Va., Dec. 12, 1858. }

Dear Sir:—I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer), has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents.
Yours, &c.
THOMPSON SURGNOR.
Dr. Wood: Dear Sir:—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.
S. THALBERG.
The Restorative is put up in bottles of three sizes, viz large, medium, and small; the small holds 1/2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proportion, and retails for \$3.
O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo.
And sold by all good Druggists and Fancy Goods Dealers. [March 29, 1860.—1y.]

For sale at this Office

Scrofula, or King's Evil,
Is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, rich, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children into the third and fourth generations; indeed, it seems to be the root of many of the diseases which visit the families upon their children.
Its effects commence by deposition from the blood of corrupt or vitiated matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions of various kinds. Scrofulous taint, which penetrates the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by diseases which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.
One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in
AYER'S Compound Extract of Sarsaparilla,
the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the removal of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERYSIPELA and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYTHELMA, EMPLEPS, PESTULES, BLOTCHES, BLAISES AND BOILS, TETTERS, AND ALL SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSENTERIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITiated OR IMPURE BLOOD. The popular belief in "impurity of the blood," is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. It is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.
So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never be forgotten, and produced cures too numerous and too remarkable to be forgotten.
