A good Sewing Machine in a family is a treasure. Have you seen the machine called the "Erie"?

Good news continues to greet us from every quarter; and Old Abe's chance, before almost sure, is by the recent union of the Democrats with the Know Nothing party...

In New Jersey the Breckinridge Democracy and Know Nothings, find themselves in an equally bad plight...

The Republican party is every day gaining ground in the South, and at present, our vote from that quarter, would appear that it will be on next November, at least a very respectable one.

The Democrats of Monroe and Pike Counties met at Milford on September 1st, and nominated Col. Charles D. Broadhead, of Monroe for Representative.

Robert W. Swink, Peter Gilbert, and Wm. Haney were appointed Congressional Conferees.

Wm. Smith, A. J. Coolbaugh, and Gen. Charlton Burnett were chosen Senatorial Conferees and instructed to cast the vote of Monroe County for Henry S. Mott.

The Democratic Senatorial Conference will be held at Honesdale, on Wednesday the 13th inst.

Gen. Foster's organ, the Greensburg Democrat, goes in for fusion with the Breckinridgers. Can there be any doubt as to where Mr. Foster stands?

The following Republican nominations for Congress have been made in Philadelphia:

THE POWER OF MEDICINE OVER DISEASE—We know of no better illustration of this fact than the wonderful effects of the Oxygenated Bitters...

Gen. Sam Houston has declined being a candidate for the Presidency, without declaring a preference for either of the other candidates.

Acquittal of Joseph Oliver, Easton, Pa., Saturday, Sept. 1, 1860.

The Jury in the case of Joseph Oliver, indicted for the murder of John Phetzing, after an absence of half an hour, brought in a verdict of not guilty...

Arrest of Dr. Wickham.

We learn by the New York papers of the 3d inst. that Dr. Wickham who gained some notoriety in connection with the poisoning of Mrs. Cole, of Montague N. J., but who eluded the pursuit of the officers...

Terrible Tragedy.

The Crown Point (Indiana) Register, of the 16th inst., gives the particulars of a shocking tragedy in that vicinity, in which an old man was compelled by the law of self-preservation to kill his son and son-in-law.

On Monday last the quiet citizens of Hobart Township were startled with the sounds of guns, pistols, etc., and the cry of murder. The sounds came from the vicinity known as the Mummy neighborhood...

A family by the name of Mummy, consisting of the old man, three boys, a son-in-law and several daughters, have been living at variance for a year or two, but have had hard words, and frequently threatened each other's lives.

On Monday, the old man was told by his daughter, that a hawk was flying about the house, and that he could shoot it. He took down a heavy double-barrel gun. He did not see the hawk, but looked about until he got a short distance from the house, when he met his son and son-in-law...

Public opinion seems to favor the old man, and the general opinion seems to be that he did no more than was necessary to save his own life.

The old man is about 60 years old, the son he killed about 30 or over. The son-in-law, and leader in the difficulty, was an old man, probably older than his father-in-law.

The Charleston Mercury regrets that Mr. Breckinridge has consented to imitate Mr. Douglas in delivering speeches, with a view to the Presidential election. We had hoped that now, and forever after, Mr. Douglas would have stood alone in the 'bad eminence' of a Presidential stump-speaker.

Peaches.

A peach grower informs us that the peach crop in the southern part of this State is immense. A ridge in Union and Jackson counties, twenty miles long and from five to seven miles wide, will produce at least one million bushels.

Bethlehem Bank.

A new bank is about to be established at Bethlehem with this title, under the free banking law, of last winter. The capital is to be \$50,000 with the privilege of increasing it to \$200,000.

An Incident. From The Oregonian. During the Presidency of Gen. Jackson and while Mr. Barry of Kentucky, was Postmaster-General, Mr. Lincoln held the office of Postmaster in the little town of New-Salem, in Sangamon Co., Ill.

Gen. Sam Houston has declined being a candidate for the Presidency, without declaring a preference for either of the other candidates.

We learn by the New York papers of the 3d inst. that Dr. Wickham who gained some notoriety in connection with the poisoning of Mrs. Cole, of Montague N. J., but who eluded the pursuit of the officers...

I claim that in this comparatively little incident, we have practical illustration of the beautiful workings of the sub-treasury system, when carried out as intended...

During all this period, money was being loaned for three and five per cent, per month, and Mr. Lincoln was often, from inability to collect what was due him, sorely pressed for five dollars to pay a board bill. Besides, it was then the policy of the Government to allow the banks to use the people's money for speculative purposes...

The Hon. William L. Goggin on Thursday evening addressed the Bell and Everett party in Petersburg, Va. His views upon the stability of the Union were clearly expressed in the following words: "There could be no danger of a dissolution of the Union, no matter who was elected."

The Troy Times of the 25th says: "Yesterday morning John Morrissey received information that a southern gentleman stopping at one of the hotels at Saratoga was desirous of betting \$2,000 that Abraham Lincoln would not be the next President."

Rand, the well known robber, who stole \$5,000 from the safe of the Bellevue Delaware Company, some two years since, and subsequently escaped from the Hunterdon Co. jail, was retaken last week in Connecticut, and is now returned to his old quarters at Flemington.

From Pennsylvania. Correspondence of The N. Y. Tribune. Harrisburg, Aug 30, 1860. The October contest promises now to be peculiarly animated.

It is most inconvenient for Col. Curtin to accept this challenge now, as he has already been in half the counties of the State, and had his arrangements perfected to visit the other half...

This new feature in the contest will add 30,000 to the poll in October, and will make the rural districts cast the whole available vote.

Death of a Little Girl said to be Fascinated by a Snake.

At half past eleven o'clock yesterday forenoon, the little daughter of B. D. Davis, of this city, whose familiarity with a snake has been frequently noticed, died at the residence of her parents, on Centre street.

At length Mr. Davis moved into the city and took a house on Centre street, hoping that the change would be advantageous to his child.

Her mother informs our reporter that she was attended to by Dr. Fleming, who treated the child on the electrical principle, and she says that he found it difficult case to treat, and expressed the belief that the snake had taken the electricity from the system of the child.

There is not much doubt about the statement made, as far as the facts are concerned. The conclusions and inferences are quite another thing.

PRINCE OF WALES. BY THE BARON OF THE EASTON HALL OF FASHION. New York's alive with expectation of great banquets, feasts and balls.

We would tell them rich yet simple. Neat and graceful in its style, Just like garments daily made, and Cheaply sold, by R. C. Pyle.

The handsomest assortment of Ready Made Clothing and piece goods ever seen in Easton is now on exhibition, at Pyle's Great Easton Hall of Fashion, opposite the Easton Bank.

"Boy" Lost. "Left Washington, D. C., some time in July, to go home to his mother in New-York. He has not yet reached his mother, who is very anxious about him."
