Let it be borne in mind that the Borough schools will re-open on Monday next; and let all parents be careful and send their children if possible the first day as it is of great advantage to all concerned, to have a full school the first day. It saves the teachers much trouble, and prevents confusion in the arrangement of classes. We trust as it is now a season of the year when children are but of little service at home that they will be punctual in attendance upon school, and thus lay up stores of learning for future usefulness.

Monroe County. We give below the vote of a few of the townships for Governor, Congress and Senate. Stroudsburg, Curtin 150, Foster 99; Shoemaker 153, Johnson 88; Shouse, 143, Mott, 101. Stroud township—Curtin 172, Foster 144. Hamilton—Curtin 123, Foster, 255. Pocono—Curtin 48, Foster 149; Shoemaker 49, Johnson 141; Mott 138, Shouse 47.

We will give full returns next week. The Democratic majority will probably be about 1350. Thomas M. McIlhenny is elected Prothonotary; Joseph Barry, Register and Recorder; James N. Durling, Sheriff; Charles Price, probably County Commissioner; Wm. K. Haviland, District Attorney, without opposition; and Peter Gilbert, Auditor, without opposition.

"Times tries all things," and has proven that Wistar's Balsam of Wild Cherry is the remedy, par excellence, for the cure of coughs, colds, croup, whooping cough, bronchitis, asthma, phthisis, sore throat, influenza, and "last, not least," consumption.

There's a vile counterfeit of this Balsam, therefore be sure and buy only that prepared by S. W. FOWLE & Co., Boston, which has the written signature of I. BUTTS the outside on wrapper.

The Advertisement of Messrs Hunt & Co., of Philadelphia, under the caption of "Handsome Women," will attract the attention of our lady readers. Their Advertisement sets forth that they are Perfumers to Her Majesty, Queen Victoria, and at the late bridal ceremony of the Princess Royal, presented a magnificent case of these Perfumes to the Princess; in which were included all of the above-named exquisite toilet goods, manufactured expressly for the ladies.

VICTORY! VICTORY! VICTORY!

The ringbone, spavined, fussed and confused as well as broken Democracy and Know Nothings combined, were met and triumphantly defeated on last Tuesday, by the gallant Republican army, led by our valiant Andrew G. Curtin, who is to be the next Governor of this State.

This glorious result was foreseen and confidently predicted by our friends, but they knew at the same time that our principles and policy must be laid before the people clearly, and in that way which would shield us against the false and slanderous charges made by the Democracy, before this good work could be accomplished. It was done; and the people have rendered their judgment in favor of Free Territories for free Whites; in favor of Protection to American Labor, and against the Democratic doctrine of setting the Territories apart for the slaveholder and his slaves; and they have also spurned the contemptible pretense of the Free Trade Democracy, that whenever they wanted the votes of Tariff men they would pretend to be in favor of Protection to American Labor until the election was over. The Democracy will remember that they succeeded in humbugging the people in 1844 on the tariff question, but they did not in 1860.

The people have said to this bogus Democracy that we believed your pretensions in 1856 in favor of Buchanan and Free Territories, to be sincere; but a trial of four years has shown us that you were welded to the Negro, and the interests of the slaveholder, and that you are opposed to the true interests of Free White Labor, and for this reason we discard you and go with the Republican party which represents our true interests. Indiana and Ohio, so far as we have heard, come in all right. Thus is the way to the White House opened up free and wide to Honest Old Abe of the West, who on the 4th of next March, will inaugurate a new policy of government, the great feature of which will be to administer it as to promote the prosperity and happiness of the White race, and not the Black race and their owners.

But Republicans, be not lulled into quietness and inactivity by this great victory, but be diligent and active until the final battle comes off in November. Then continue to spread documents, make speeches and reason with your Democratic friends, and thereby induce them to leave the sinking Democratic ship and come over with us and share the glory of regenerating the Government.

PENNSYLVANIA ELECTION. So far as we have tolerable definite returns, the majorities given Tuesday in the several Counties of Pennsylvania are as follows:

Report of the Proceedings at the Monroe County Fair.

Tuesday was occupied in bringing in articles for exhibition. The citizens generally displayed commendable zeal in contributing articles for exhibition, and by night the building was well filled with all descriptions of goods, merchandise, farm produce, ladies work, machines, &c., and presented a truly pleasing appearance. Wednesday dawned clear and beautiful, and a vast crowd early thronged about the gates and choked every avenue. The usual number of side shows, refreshment stands, &c., speedily arose upon all sides, and contributed to the general excitement. Fast horses were also not wanting to add to the general interest of the occasion; and after some skirmishing around the track, the first match came off in which the premium of ten dollars was awarded to Moses W. Coolbaugh, his horse having won in two straight heats. Thursday morning came; the weather looking very threatening. These threats were put in execution about two o'clock, when it commenced raining and continued with a few short intervals during the remainder of the day, to the great damage of the sprints of everybody in general. The grounds were well filled during the day, between four and five thousand tickets having been sold, but the great match between the fastest trotting horses for the premium of one hundred dollars, was postponed on account of the rain until the next day.

On Friday the clouds cleared away, the sun came out and dried up the mud on the grounds and the sorrow in the hearts of those present. In the forenoon there was a trot between a horse called "Sorrel Ned," the "Shifter horse," and a dark Roan owned and driven by Westbrook;—best three in five, for the premium of fifty dollars.

The judges we believe divided the premium among them, awarding twenty dollars to Westbrook, and thirty dollars to be divided equally between the other two. In the afternoon there was a race between a sorrel horse, and a gray owned by Westbrook, and a sorrel mare, for a purse of twelve dollars. Between the sorrel horse and the gray there was tight work, the sorrel winning in three straight heats; in no one, by over half a length, and one heat, by a neck.

Then there was an exciting match at corn husking, in which a shock of corn containing one hundred ears was given to each competitor. First premium \$2.—Second \$1, and third 50 cents.

On the whole the exhibition may be taken to be a perfect success, and a great credit to Monroe County. In many respects the fair will compare favorably with any fair held anywhere, and for a first attempt can hardly be excelled in any other county. But the exhibition next year, we are satisfied, will go far ahead of the present. The farmers and mechanics will be better prepared; the trotting course will be better arranged, and perfected, the officers will be better posted in regard to their several duties, and we shall confidently expect such an exhibition next year as cannot be beat anywhere.

Among the exhibitors inside of the building we would mention as deserving of particular notice: Mr. Silas L. Drake, Mr. Keeler and Mr. Goforth, for their fine display of vegetables; three pumpkins brought in by Mr. Drake, picked from one vine, weighing in the aggregate three hundred and forty-six pounds, viz: 161 lbs., 103 and 82 lbs.

Mr. Samuel Melick also had a very extensive display of Jewelry, Sewing Machines, &c.; Mr. James A. Pauli, of hats and caps, and furs; Mr. Reuben Miller of harness; Messrs. Hollinshead & Detrick, of perfumery, &c. Mr. Reuben Cross had a chicken, quite a curiosity in its way, and worthy of a passing notice. J. H. Cotton, of Smithfield, entered a bottle of Grape Wine. The Committee failed to notice it. This wine was submitted to some gentlemen who pronounced the article the best they ever tasted.

Interesting Political News from Oregon.

News has been received from Oregon, overlaid by telegraph, from Aegis, the northern terminus of the Utah line. The Oregon Legislature met at Salem on the 10th. The House organized by choosing Benjamin Harding, (A Douglas Democrat, who at the last two elections voted for Mr. Logan, the Republican candidate for Congress,) Speaker; T. McPatton, (Republican) Chief Clerk; Mr. Allen, (Douglas Democrat), Assistant Clerk, and Mr. Leverage, (Republican,) Sergeant-at-Arms.

The Senatorial organization of the Assembly was regarded by the Breckinridge members as an indication that a Douglas-Republican coalition was already formed to elect Col. Baker and S. W. Nesmith U. S. Senators. The constitution of Oregon requires two-thirds of all the members elected to each House, to form a quorum to do business. Upon receiving the news of the organization of the House, six of the Breckinridge Senators bolted, and left Salem early on the morning of the 11th. The Senate was thus left without a quorum, and in that condition it has continued up to the latest accounts. The names of the Senators who withdrew are Messrs. Florence, Monroe, Berry, McHenry, Fitzhugh, and Shelby—the latter being a son-in-law of General Lane.

A resolution was passed by the Senate, empowering the Sergeant-at-Arms to compel the attendance of the absent members, and call to his aid whatever force is necessary. The President of the Senate is Hon. S. L. Elkins, and the Secretary, Mr. People, both Douglas Democrats. The Sergeant-at-Arms, to whom has been intrusted the delicate task of bringing back the absconding Senators, is of the same political party. The Assistant Secretary and the Enrolling Clerk are Republicans. An attempt will be made by the Breckinridge men to defeat a quorum in the House, in order to prevent the election of Baker and Nesmith. This cannot be accomplished, and the want of a quorum in the Senate will not necessarily prevent the election of the Senators.

It is probable that the two United States Senators will be elected by a coalition between the Douglas men and the Republicans. Col. E. D. Baker has received the Republican nomination in caucus, and will be one of the Senators, if there is an election at all. This is generally conceded on all sides. Both Houses had adjourned till Monday, September 17th.

The Pony Express, with San Francisco dates of Sept. 26 arrived at St. Joseph on Sunday night. The Government dry dock at Mare Island had been destroyed, by accident, and it would cost \$200,000 to repair it. The new copper mines of Del Norte County give evidence of immense wealth. There was no new feature in the political canvass of the State. The mining accounts are encouraging.

The latest dates from Oregon state that the Senate continued adjourning from day without a quorum. The House had invited the Senate in its disorganized state to meet in Joint Convention to ballot for United States Senators. The determination of the Senate was not known when the mail left. The news from the Oregon and British Columbia mines was very encouraging. An arrival from Japan at Victoria brings the information that the French Minister at Yeddo had resigned, being unable to effect anything with respect to the treaty.

The handsomest assortment of Ready Made Clothing and piece goods ever seen in Easton is now on exhibition, at Pyle's Great Easton Hall of Fashion, opposite the Easton Bank. James Buchanan is exceedingly anxious for the election of General Foster. He will consider that event as a full endorsement of his administration. The Convention which nominated Foster declared that Buchanan's domestic policy has been wise, patriotic and just. Gen. Foster is also a family connection of Mr. Buchanan, his sister having married the President's brother. New York now consumes 180,000 quarts of milk per day. In sixteen years more it will require 720,000 quarts, and in forty years, 1,000,000.
