FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrafula and Scrafulous Affectious, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. ATER & Co. Genter I feel it my duty to seknowledge what your Savapacitle has done for me. Having inherited a Scrofnlous infection, I have suffered from it in various ways for years. Semetimes it burst out in Ulests on my bands and arms; sometimes it turned neward and distressed me at the stemach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and losthsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In tact, the disorder grew worse. At length I was rejided to read in the Gospol Messenger that you had prepared an alterative (Sarsapathia, 1 r I knew from your reputation that any thing you made must be good. I sent to Chemonal and got it, and used it till it cared me. I took it, as you anyles, in small doses of a tenspoonful over a New Arth healthy. menth, and used almost three bottles. New and healthy skin sorn began to form under the scab, which after a while fed off. My skin is now clear, and I know by my feelings that the discase has gone from my system. You can went believe that I feel what I am so ing when I tell you, that I hold you to be one of the aposities of the age, and remain ever gratefully. Yours, ALFRED B. TALLEY.

I have cured many inveterate cases of Legeorrheea by it, and some where the con plaint was caused by abstraction of the interns. The niceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous corriga tumor on one of the females in my family, which had defied all the remedies we could coupley, has

at length been completely cured by your Extract of Sar-saparilla. Our physician thought mething but extinu-tion could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cursing, and it proved effectual. After taking your remedy eight weeks no symptom of the disease registra." Syphilis and Mercurial Disease.

Dr. J. C. Aver: Sir. I claserfully comply with the request of your agent, and report to you some of the effects I have realized with your Saranavilla.

I have coved with it, in my practice, most of the com-plaints for which it is recommended, and have found its effects truly wonderful in the cure of Feneral and Mer-cural Poseuse. time of my patients had Syphilitic alores in his throat, which were consuming his pointe and the top of his mouth. Your Sars parilla, steadily taken cured him in five weeks. Another was attached by secondary symptops in his uses, and the niceration has enten away a considerable part of it, so that I look be the disorder would soon reach his brain and kill him. But it violded to my administration of your barsaquilla; the alcers healed, and he is well again, not of course without on to his face. A wetman who had betreated for the same disorder by mercury was suffering from this poison in her bones. They had become so ? sitive to the weather that on a dump day she suffered ex-cruciating pain in her joints and hones. She, too, was cured entirely by your Sarsayurilla in a few works. I know from its formula, which your agent gave me, that this Preparation from your isborptory toust be a great remedy; consequently, these truly remarkable results with it have not surprised use.

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, of Wesleyon University: MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. - Gentlemen : - I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recemmendation of Dr. Green, "to try one bottle, and if

no benefit was received to discontinue the use," The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia vice to other members of my family.

Very respectfully yours,

The first bottle it not been for the urgent request of my physician, I should then have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bot-
