AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.
And for the speedy cure of the following complaints: Scrofulous and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Bores, Boils, Blisters, and all Skin Diseases.
OAKLAND, Ind., 6th June, 1859.
J. C. AYER & Co. Gent: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having labored with Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my limbs and on my face, and sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and troublesome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was induced to read in the Great Register that you had prepared an alternative (Sarsaparilla). For I knew from your reputation that any thing you made, must be good. I sent to Circular No. 1, and read it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. Now and healthy I have begun to form under the skin, which after a while fill off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully,
Yours,
ALFRED B. TALLEY.

THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR RESTORING THE BALD AND GRAY.
Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:
Bath, Maine, April 18th, 1859.
Prof. O. J. Wood & Co. Gent:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablation of the face, when it were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and I have had it examined by a surgeon, as I am now 61 years old and not a gray hair in my head or on my face, and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear Sir, yours,
A. C. RAYMOND.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.
Dr. Robert M. Preble writes from New York, Y. 12th Sept. 1858, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of your Sarsaparilla, and also that the *Maligant Erysipelas* he has cured the same; says he cures the common Erysipelas by it constantly.
Bronchocele, Goitre or Swelled Neck.
Zelma Sloan of Tropic, Texas, writes to you, a hind-side swelling on the neck, which I had suffered from over two years.
Leucorrhoea or Whites, Ovarian Tumor, Female Ulceration, Female Diseases.
Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla to be most effective in the numerous complaints for which you specify a remedy, but especially in *Female Diseases* of the Scrofulous character. I have seen many cases of Leucorrhoea by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was cured. Scalds, sores, my knowledge enables me for these female derangements."
Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family had length been completely cured by your Extract of Sarsaparilla. My physician thought it would not be given, but he has been advised to give the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptoms of the disease remained."

Rheumatism, Gout, Liver Complaint.
Dr. J. C. Ayer, Sr., writes from Boston, Mass., 24th July, 1858.
Dr. J. C. Ayer, Sr., I have been afflicted with a painful chronic Rheumatism for a long time, which would not yield to any of the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far from being so much as I was attacked. I think it wonderful medicine. J. FERRIS.
Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Eddy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and I feel young again. The best that can be said of you is not half good enough."

Scurvy, Cancer Tumors, Enlargement, Ulceration, Caries and Extirpation of the Bones.
A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space will not permit us to detail them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for the *Book of the Diseases*. Heart Disease, Piles, Epilepsy, Melancholy, Neuralgia.
Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this was done for them all that medicine can do.

Ayer's Cherry Pectoral.
FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Whooping Cough, Consumption, and the Relief of Consumptive Patients in advanced Stages of the Disease.
This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is needless here to publish the evidence of its virtues. It is unrivaled in its efficacy for coughs and colds, and in all the wonderful cures of pulmonary disease, have made it a household name throughout the civilized nations of the earth. It is the only remedy, or even food, that has been known to have not some personal experience of its efficacy. Some living trophies in their midst of its victory over the subtle and dangerous disease of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it is the best, and that we had it in mind when making the cures which have won so strongly upon the confidence of mankind.
