This Convention was called by the chairman of the Breekinridge State Central Committee and so was the County Convention called by a Breckipridger, and it was of ficered by men of the same stamp. The leaders of the State Convention were almost entitely Breekinridge men; and to settle the matter in our favor in char acterizing it as we did, it passed the strongest kind of Breckipridge Resolu tions, which approvingly pat the traitoron their shoulders.

The Democrat talks very flippantly about the Republicans refusing to allow the South her "constitutional rights."-This is extreme folly. The Republicans do not desire to deprive the South of a single right that the Constitution giveber. Come, Mr. Demoorat, tell us what rights you refer to ?
