Worthy of any confidence for RESTORING

THE BAID AND GRAY. Many, since the great discovery of Pro-Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been torced to leave the field to its resistless sway Read the following :-

Bath, Maine, April 18th, 1859. Prof. O. J. Wood & Co: Gonts :- The let ler I wrote you in 1856 concerning your valuanie Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the lucis in the case. The enquiries are first, is it a fact of my habitation and name, as slated in the communication; second, is i true of all therein contained; timro, dies not hair still contains to be in good order and o natural color ! To all I can and do answer invariantly yes. My hair is even better than in any stage of my life for 40 years past. more so t, thrifty, and better colored; the same is true of my whish is, and the only cause why it is not generally true, is that the su stance is w shed off by frequent ablution of the face, when if care were used by wi ping the fice in close connection with the whishers, the same result will to:low as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to Pa be good; as there is so much fraud in the mann acture and sale of various compounds Or as well as this, it has, no doubt been basely Fr imitated and seen used, not ally without any Le good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined a with surprise, as I am now 61 years old and not a gray hair in my head or on my lace; and to prove this lact, I send you a lock of my hair taken off the past week. I received your favor of two quart nottles last summer. for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask a lavor, that you send me a test by which I can discover traud it. the Restorative, sold by many, I fear, without authority from you. A pure article wil insure success, and I relieve where good erfects do not tollow, the failure is caused by the the impure article, which curses the inventor | Th Expr ss Passenger Train South, conof the good. Prof. O. J. Wood: Dear Sir .- I would certamly be using you a great injustice not to make known to the world, the wonderful, aswell as the unexpected result I have experienced from using one cottle of your Hair Restor tive. After using every kind of Restoratives extant, but without success, and East arrives at Great Bend, at 1:43 p. m. finding my head nearly destitute of hair. I was finally induced to try a bottle of your Har Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now poss as a new and reauti'n growth or hair, which I pronounce richer and handsomer than the original was. I will here take occasion to recommend this valuable remody to all who may feel the necessity of it. Respectfully yours.

REV. S. ALLEN BROCK P. S .- This testimental of my approbation for your valuable medicine (as you are aware of) is unselicated : -- but if you think it worth a place among the rest, insert if you wish; if not destroy and say nothing. Yours, &c.,

The Restorative is put up in bottles of three sizes, viz. large, medium, and small; Returning, will leave Junction at 4:35 a. in the small holds & a pint, and retails for one dollar per sottic; the medium holds at least twenty per cent, more in proportion then the small, retails for two dollars per sottle; the large holds a quart, 40 per cent, more in proportion, and retails for \$3.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system de ranged, and your feelings un comfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and change out the disordered hu

cheanse out the disordered humors—purify the blood and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vignous activity, purify the system from the obstructions which make tructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, projecing general aggravation, suffering, and disease. lucing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system and with it the buoyant defing of health again. What is true and so apparent in his trivial and common complaint, is also true in many of the deep-scated and dangerous distempers. The same argative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means.
