Bath, Maine, April 18th, 1859. Great Bend for New York and Philadelphia Prof. O. J. Wood & Co: Gents :- The letler I wrote you in 1856 concerning your valnable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color ! To all I can and do answer invariably yes. My hhir is even better than in any stage of my life for 40 years past, more soit, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to Passengers from New York, leave be good ; as there is so much fraud in the manufacture and sale of various compounds Or foot of Courtland street at as well as this, it has, no doubt been basely From Phila, leave Kensington imitated and been used, not only without any Leave Junction, . good effect, but to absolute injury. I received your favor of two quart hottles last summer, for which I am very gratefal: I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. AYER'S Sarsaparilla FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Ecuptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OARLAND, Ind., 6th June, 1859. J. C. Arin & Co. Gents: I feel it my duty to se knowledge what your Sarsaparilla has done for me-laving inflerited a Serofadous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed nee at the stomach. Two years ago it broke out on my head and covered my scale and cars with one sore, which was painful and hathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rej icod to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it curved me. I took it, as you advise, in small dozes of a tenspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the sech, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours, Yours, ALFRED E. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rhenm, Scald Rend,

Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an invelorate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Ergsipelas by large doses of the same; suys he curves the common Eruptions by it constantly. Bronchogele, Galtre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes : "Three bot-

tles of your Sarsaparilla cured me from a Gei're - a hid-cous swelling on the neck, which I had suffered from over two years."

Lencorrhee or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes ; "I most cheerfully comply with the request of your agent in saying I have found your Saraparilla a most excellent alterative in the numerous complaints to which we employ such a remedy, but especially in *Finale Discoset* of the Scrofulows disthesis. I have cured many inveter-ate cases of Lencorrheen by it, and some where the complaint was caused by ulceration of the nterus. The ulceration itself was soon cured. Nothing within my knowl-edge equals it for these female derangements,"

Edward S. Marrow, of Newbury, Ala., writes, " A dan groups overfain tumor on one of the females in toy family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sar saparilia. Our physician thought nothing but extirpa tion could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remody eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859. Dn. J. C. Avra : Sir, I cheerfully comply with the re-

part of your agent, and report to you some of the effects I have realized with your Sarsaparilia. I have cured with it, in my practice, most of the com-plaints for which it is recommended, and have found its effects truly wonderful in the cure of Venered and Me curial Disease. One of my patients had Syphilitic uters in his threat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by sec ondary symptoms in his nose, and the ulceration had gaten away a considerable part of it, so that I believe the er would soon reach his brain and hill him. But it yielded to my administration of your Farsaparilla; the ulcers heated, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by morcury was suffering treated for the same disorder by hitroury was suffering from this poison in her bones. They had become so sen-sitive to the weather that on a damp day she suffered ex-cruciating pain in her joints and hones. She, teo, was cured entirely by your Sarsaparilla in a few works. I know from its formula, which your agent gave me, that this Preparation from your leboratory must be a great remedy; consequently, these truly remarkable results
