

Huttonville, July 14, 1861. Col. E. D. Townsend - Sir Gen. Garnett and all his forces are routed. His baggage and one gun taken. His army are entirely demoralized. General Garnett is killed. We have annihilated the enemy in Western Virginia. We have but thirteen killed and not more than forty wounded. We have in all killed at least 200 of the enemy, and the prisoners will number at least 1,000. We have taken seven guns in all. I still look for the capture of the remnant of Garnett's army by Gen. Hill. The troops defeated are the crack regiments of Eastern Virginia, aided by Georgians, Tennesseans, and Carolina. Our success is complete, and Secession is killed in this part of the country.

G. B. McCLELLAND, Maj. General. Philadelphia, Monday, July 15, 1861. According to the Richmond Whig Gen. Garnett is Robert S. Garnett, late a major in the Federal army, and not a member of Congress.

Advance of Gen. McDowell's Army. The Grand Corps d'Armee 55,000 Strong. Washington, Tuesday, July 16 1861.

At last! The movement has begun! -Already the great army is on its march, and the Rebels are to be indulged with no child's play.

The first steps in the advance were taken this afternoon by the N. Y. 71st, the two Rhode Island Regiments, the 21 New Hampshire, and the Marine and United States Artillery, who formed on the Long Bridge to take their place in the line.

While we are not at liberty to give in full the organization of the army and the order of the march, we may say that the entire force will number more than 50,000 men. It will consist of five divisions, and is to move from Arlington House, Alexandria, and Arlington Heights. The whole is under command of Gen. McDowell. Brigadier General Daniel Taylor, Col. David Hunter, Col. S. P. Heintzelman, Brigadier General Theo. Ronson, and Col. E. S. Miles will command the divisions. They will include twelve brigades, comprising 47 or 48 regiments. Each brigade will be accompanied by cavalry and artillery.

The columns this afternoon probably moved only to the advance picket; to-morrow morning, at early dawn, they will press forward upon the enemy.

The first fighting will take place near Fairfax Court House, where there are nine rebel regiments. It is believed that the design of our Generals is to avoid Manassas Junction, and, if possible, to circumvent it. A positive intention, however, is to allow no delays, but to push vigorously South, and fight their way to Richmond.

It is also supposed that the movement to this important point will not be direct, but by flank, and that our columns will pass around the city and approach it from the South after cutting off all communications.

Military Printers having their Joke. A delegation of printers from the Twentieth Ohio regiment, now stationed at Fairmount, Va., have taken possession of the True Virginian printing office, in that town. Their first leading article was an invitation to the late editor, to come back - thus:

"Men with military trappings now occupy the identical chair in which your peaceful body once sat. They write Union articles with your 'veeesh' pen; they drink Union whisky out of your old butle, Drinkard; and the devil wears your coat; and the pike you kept as a relic of John Brown at Harper's Ferry, the boys use now to cut your rules, and the paper and ink you prepared for secession purpuses are now used to print army blank-upon. O, Drinkard! you ought to be here. How can you stay away? Your type are set up for Union articles; your press prints them. And more than this, the Stars and Stripes float from your window; and we all know, from the flies in your sanctum, that this doesn't suit you. Come back, then, and take possession. Bring all your friends - Henry A. Wise, John Letcher, and the rest - with you."

The Trenton True American having repeated its false assertion that three-fourths of the soldiers from this State were Democrats, receives the following proper answer in refutation from the Trenton True Democrat:

The revamped lie that three-fourths of those who have enlisted in support of the Government, are Democrats, is scarcely worth noticing. If any one, however, feels disposed to test the assertion let him investigate the politics of the rank and file, the men who carry the muskets and live on one ration per day, in either the Cumberland or Gloucester county companies. We refer to these companies because we are personally acquainted with the men.

Not one in six of them are Democrats, and not one in a hundred was a Breckinridge democrat of the True American stamp. And we do not instance these cases to prove that the democrats of those counties are less loyal than their opponents. But as the population is largely anti-democratic, it goes to show that politics are lost sight of, and that the political preponderance of a company is only in accordance with that of the section from whence they come. In this connection we may say that the strong democratic county of Bergen has not produced a single company for the First or Second New Jersey Brigades.

The Cincinnati Inquirer says that Major General McClelland's command, as exhibited by the consolidated returns to the War Department, shows the force to be 45,000 men from the States of Ohio, Indiana, and Illinois. Many returns have not been sent in, but the War Department has been assured that the total number in the department of Ohio will exceed 80,000.

CONTRARY WISHES. BY THE BARD OF THE EASTON HALL OF FASHION. I hope we'll have a soaking rain To-morrow, for I'm sure The garden truck and grain, for want Of it, are looking poor. The morrow will be clear, I hope, Then boys, rise with the ark; For all the grain that has been cut, Must be hauled in by dark.

I hope 'twill rain all day to-morrow, That callers may be few; That day of all in the whole week We find so much to do. An excursion to the forest glades, 'Is planned for on the morrow, Oh, much I hope it may be clear, A rain would cause much sorrow.

Would it would storm to-morrow, so Our plagues bore can't come; For nought but pouring rain will keep Miss Betsy Grimes at home. A visit from dear Uncle Joe, Just listen, mother dear; I'll come (if there's no rain) to-morrow, Oh! I pray it may be clear.

I trust we may have rain to-morrow, For our cistern water's out; The meadow springs are drying up From the excessive drought. To-morrow is the time to fix Accounts for the whole year; 'Twould much facilitate our work, If the day is bright and clear.

'Tis ever thus, ' conflicting wants, Desires, opinions, may Be, in our intercourse with man, Heard on each passing day. One subject there is, upon which Most men agree the while; 'Tis that superior clothes are made, And cheaply sold by Pyle.

A splendid lot of all kinds of Clothing at Pyle's Easton Hall of Fashion, opposite the old Easton Bank. The Victory at Rich Mountain. WASHINGTON, Tuesday, July 16. Fuller dispatches have been received here from Gen. McClellan, stating that the victory of Rich Mountain resulted in the seizure of eight cannons, 300 horses, 2,000 muskets, 800 tents, and 200 wagons from the enemy. Col. Pogram surrendered with his command of 700 men, with stragglers enough to make up 1,000 men.

Member Expelled. John B. Clark of the 3d District Missouri, was expelled from the House of Representatives on Saturday by a vote of 94 to 45. It was said by Mr. Blair of Missouri that Clark was in arms against the government at Booneville. Col. Wright voted to retain a rebel in his seat, which we are sorry to see. He might as well vote to keep Jeff. Davis in Congress.

Every one who has read Secretary Chase's report must have been amazed at his announcement that the value of the real and personal property of the people of the United States, according to the census of 1840, is \$16,162,924,115. In 1850, it was only \$7,066,562,966. It has, therefore more than doubled in ten years. During the last decade, too, occurred the great financial crash of 1857, seriously checking the prosperity of the country.

Skill and Bravery. While our army was on the march to Martinsburg, a private of the 3rd Regiment had his arm dreadfully shattered by the accidental discharge of a musket. Dr. Jackson, the Surgeon of the Regiment, without a moment's delay had the wounded man carried off the road, and under the shade of a tree amputated the limb. The soldier stood the operation without wincing, and after it was concluded was asked how he felt. "Bully," he answered, "but very hungry. Can't somebody give me something to eat?" Such is the metal which composes the Union army. - When can it be conquered?

Arms for the Government. The Hartford (Ct.) Press of Tuesday evening states that Sharp's Company received an order, a few days ago, from the War Department, for six thousand rifles, to be delivered as soon as possible - a job amounting to over a quarter million dollars. The works run night and day, employing about 325 men.

Col. Samuel Colt received an order from the War Department, on Friday last, for 25,000 Mianic muskets.

Swindling the Government. It is stated that Congress will be strongly urged to appoint a committee to investigate the alleged frauds upon the Government in the furnishing of supplies to the army, the purchasing of horses and the chartering of steamboats. It is one half of the statements published be true, advantage has been taken of the necessities of the Government or good will of its members to make most exorbitant bargains with it. - N. Y. Sun.

A Remarkable Parish. The first church in Braintree, Mass., was gathered in September, 1803, since which time it has had but three pastors beside Rev. Dr. Storrs, the present minister. None of his predecessors has lived less than fifty years. The second pastor was blessed with good health to such a rare degree that he preached every Sunday but two during forty years. Dr. Storrs has just entered upon the fifty-first year of his ministry, over the ancient society.

John W. Forney, Clerk of the last House, was on the 14th chosen Clerk of the Senate, receiving 25 out of 36 votes. Mr. Forney is capable, energetic and industrious, and makes an efficient Clerk. He will be a great improvement on the late Clerk, Asbury Dickens, who is superannuated.

AYER'S CATHARTIC PILLS. Are you sick, bilious, and complaining? Do you feel a general debility, and your system deranged, and your feelings unaccountably irritable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors - purify the blood, and restore the system to its normal activity. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease a cold settle some-where in the body, and obstruct its natural functions. These, if not relieved, react upon the constitution and the surrounding organs, producing general prostration, suffering and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and what the happy feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous disorders. The same purgative effect exists there. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Mo., A. 1865. DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcers upon her hands and feet that had proved incurable for years. Her mother has been long and only afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORRIDGE.

As a Family Physic. From Dr. E. W. Cartwright, New Orleans. Your Pills are the price of purgation. Their excellent qualities surpass any cathartic I have ever used. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Pail Stomach. From Dr. Edward Day, Baltimore. DEAR DR. AYER: I cannot answer you what complaint I have cured with your Pills better than to say all that we ever treat with your Pills. My mother has been long and only afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORRIDGE.

Bilious Disorders - Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have cured many complaints that any one remedy I can mention. I sincerely rejoice that we have at length a purgative of this kind, worthy the confidence of the profession and the people.

Dyspepsia, Impurity of the Blood. From Rev. J. F. Hanes, Pastor of Advent Church, Boston. DR. AYER: I have used your Pills in my general and hospital practice ever since you made them, and have found them to be the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious dyspepsia so obstinate that it did not readily yield to them. Respectfully yours, ALEXANDER BALE, M. D. Physician of the Marine Hospital.

Dysentery, Diarrhoea, Relax, Worms. From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best agents I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhoea. Their evacuant effect makes them very acceptable and convenient for the use of women and children.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Stranguria, Dropsy, Paralysis, Fits, &c. From Dr. J. P. Vaughn, Montreal, Canada. Too much cannot be said of your Pills for the cure of costiveness. If others of your Pills have been found as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although but enough to trouble the proprietor of others that are worse. I believe cathartics to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent remedies of the natural action when wholly or partially suppressed, and also very effectual to cleanse the system of the morbid humors. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawley, of the Methodist Ep. Church, Pleasant House, Savannah, Ga., Jan. 6, 1856. HONORABLE SIR: I should be very glad to have found that your Pills have brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating sciatic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Nicholas, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1856. DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout - a painful disease that had afflicted me for years. VINCENT SIDLELL.
