THE ONLY DISCOVERY

Worthy of any confidence for RESTORING THE BALD AND GRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18th, 1859.

Prof. O. J. Wood & Co. Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablation of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear Sir, yours,

A. C. RAYMOND.

Prof. O. J. Wood: Dear Sir,—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will here take occasion to recommend this valuable remedy to all who may feel the necessity of it. Respectfully yours,

REV. S. ALLEN BROCK.

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of it) is unsolicited;—but if you think it worthy a place among the rest, insert it if you wish; if not destroy and say nothing.

Yours, &c., Rev. S. A. B.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds 1/2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proportion, and retails for \$3.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Itchings, Erysipelas, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859. J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and troublesome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was referred to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. Now my healthy skin soon began to form under the scalp, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Bling Eruptions, Sore Eyes, Dropsy, &c.

Dr. Robert M. Probst writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the use of your Sarsaparilla, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Erysipelas by it constantly.

Bronchocoele, Gout, or Swelling of the Neck. Dr. J. S. Channing, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gout—a hideous swelling on the neck, which I had suffered from over two months."

Leucorrhoea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. R. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in the numerous complaints for which we employ such a remedy, but especially in the case of Leucorrhoea, in which I have cured many intricate cases of Leucorrhoea by it, and some where the complaint was caused by ulceration of the uterus, and the cure effected by the use of your Sarsaparilla, and the knowledge equals it for these female derangements."

Edward S. Morrow, of Newbury, Ala., writes: "A Dangerous Ulcer on the Neck, which had existed for many months, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. I have used it for several months, and the ulcer could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it effected a cure. After taking your remedy eight weeks, no symptom of the disease remains."

Syphilis and Mercurial Disease. New Orleans, 25th August, 1859. Dr. J. C. AYER: I cheerfully concur with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured many cases of the most obstinate Syphilis, and in my practice, most of the effects of your Sarsaparilla, which I have found its effects truly wonderful in the cure of Erysipelas and Mercurial Disease. One of my patients had a very large Ulcer in his throat, which was consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the situation had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla, the ulcers healed, and he is well again, not of course without some disfigurement to his face. A woman who had been treated for the same disease by mercury, had her system cured entirely by your Sarsaparilla in a few weeks. I know from my formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

G. V. LAURIER, M. D. Fraternally yours.

Rheumatism, Gout, Liver Complaint, Intemperance, Venereal Co., Va., 6th July, 1859.

Dr. J. C. AYER: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to my side of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much, that I am far better than I have been for some time. I think it a wonderful medicine. J. FREEM.

Julius J. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed every thing I ate, and every thing I drank, and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved mother, the late Mrs. Key, advised me to try your Sarsaparilla, because she said she knew you, and any thing you made was worth trying. By the blessing of God, she has cured me, and has cured her mother, and I feel as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schierias, Cancer Tumors, Enlargement of the Spleen, Caries and Exfoliation of the Teeth.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space is limited, and we cannot detail them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Epilepsy, Mania, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alternative power of this medicine. It strengthens the vital functions, and restores the system, and overcomes disorders which would be required beyond its reach. Such a remedy has long been sought by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Gonorrhoea in its advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivaled excellence for coughs and colds, and its truly wonderful cures of pulmonary diseases, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them, that have not some person who has derived benefit from some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it ever had, when making the cure which it has now so strongly upon the confidence of mankind.

J. LANTZ, DENTIST.

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite S. Rees's Hat & Cap store, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far—Hence the necessity of obtaining the services of a dentist near home.
