THE Only Discovery

Worthy of any confidence for RESTORING THE BALD AND GRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18th, 1859.

Prof. O. J. Wood & Co. Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful. I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear Sir, yours, A. C. RAYMOND.

Prof. O. J. Wood: Dear Sir,—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restorative extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will here take occasion to recommend this valuable remedy to all who may feel the necessity of it. Respectfully yours, REV. S. ALLEN BROCK. P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited;—but if you think it worthy a place among the rest, insert it if you wish; if not destroy and say nothing. Yours, &c., Rev. S. A. B.

The Restorative is put up in bottles of three sizes, viz large, medium, and small; the small holds 1/2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proportion, and retails for \$3. O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo. And sold by all good Druggists and Fancy Goods Dealers. [March 29, 1860.—1y.]

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Itchings, Boils, Blains, and all Diseases. OAKLAND, Ind., 6th June, 1859. J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous Infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disease grew worse. At length I was advised to read in the Hospital Messenger that you had prepared an alternative (Sarsaparilla), for I knew from your reputation that my ailment was cured. I bought a bottle and used it as you advised, in small doses of a teaspoonful or a marble, and almost immediately a new and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has been entirely cured. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Itch of the Eyes, Dropsy. Dr. Robert M. Frodo writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the use of your Sarsaparilla. He writes, "I have cured many cases of Dropsy by large doses of the same; says he cures the common Erysipelas by it constantly. Bronchocele, Gout or Swelled Neck. Zebulon Sloan of Liverpool, Texas, writes: "I have cured my Sarsaparilla cured me from a Gout—a bilious swelling on the neck, which I had suffered from over two years. Leucorrhoea or Whites, Ovarian Tumor, Uterine Obstruction, Female Diseases. Dr. J. B. S. Chaney, of New York City, writes: "I most cheerfully comply with the request of your agent, who has found your Sarsaparilla an excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases. I have cured many inveterate cases of Leucorrhoea by it, and some where the complaint was caused by absorption of the uterus. The absorption of the uterus, which I had within my knowledge equals that of these female derangements." Edward S. Marrow, of Newbury, Ala., writes: "A dangerous case of Dropsy, which I had in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extraction would afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Syphilis and Mercurial Disease. New Orleans, 26th August, 1859. Dr. J. C. AYER: I have been afflicted with a painful chronic Rheumatism for a long time, which left the skin of my body and struck me in the spine of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I can now far better than before I was attacked. I think it a wonderful medicine. J. FLEMING. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than the disease of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. I bought a bottle of it, and I have so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough." Schirrus, Cancer Tumors, Enlargement of the Spleen, Caries and Exostosis of the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space does not permit us to mention some of them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Pits, Epilepsy, Melancholy, Neuritis. Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond the reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

Its use is not confined to coughs and colds, but it is a tried and wonderful cure of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the consumptive, or even families, situated in the most life threatening stages of this terrible disease, who do not know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that if it lies near them, the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind. J. LANTZ, DENTIST.

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, and nearly opposite S. Rees's Hat & Cap store, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance, it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far.— Hence the necessity of obtaining the services of a dentist near home.
