

The foreign demand for United States bonds at this time is said to be immense.

The lawyers of Adrian, Michigan, are on a strike. The people are debating whether to give them bigger wages or to live quietly and starve them out.

THEODORE SCHOCH, P. M.

HEAD QUARTERS DEP'T., OF THE SUSQUEHANNA CHAMBERS, Pa., January 20th, 1864.

To the people of the Department of the Susquehanna.

I cordially invite the attention of all persons within the Department of the Susquehanna to the address recently issued by Major General Hancock, Commanding 2d Army Corps in which that distinguished officer announces, that he has come to Pennsylvania under the authorities of the War Department for the purpose of recruiting his Corps to 50,000 men with a view to special service.

The gallantry and Military ability of Major General Hancock, and the courage and discipline of his Corps have justly won the admiration of the people. Those who shall enlist under him will find comrades with whom it will be an honor to be connected, and a leader whose past career gives the assurance that he cannot fall short of the full performance of all his duties as an officer, a soldier and a gentleman.

Having been associated with Major General Hancock on many trying occasions, I heartily command him to the patriotism of the people of this Department, and earnestly advise those fit for military action, to embrace this opportunity of taking a position in which they will gain honor and distinction for themselves, and render essential service to their country.

### U. S. 5-20'S.

The Secretary of the Treasury has not yet given notice of any intention to withdraw this popular Loan from sale at Par, and until ten days notice is given, the undersigned, as "General Subscription Agent," will continue to supply the public.

The whole amount of the Loan authorized by Five Hundred Millions of Dollars. Nearly Five Hundred Millions have been already subscribed for and paid into the Treasury, nearly within the last seven months. The large demand from abroad, and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing in all parts of the country, will in a very short period, absorb the balance. Sales have lately ranged from ten to fifteen millions weekly, frequently exceeding three millions daily, and as it is well known that the Secretary of the Treasury has ample and unfailing resources in the Duties on Imports and Internal Revenue, and in the issue of the Interest bearing Legal Tender Treasury Notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or permanent loans. THE INTEREST AND PRINCIPAL OF WHICH ARE PAYABLE IN GOLD.

Prudence and self interest must force the minds of those contemplating the formation of National Banking Associations, as well as the minds of all who have the idle money on their hands, to the prompt conclusion that they should lose no time in subscribing to this most popular Loan. It will soon be beyond their reach, and advance to a handsome premium, as was the result with the "Seven Thirty" Loan, when it was all sold and could no longer be subscribed for at par.

It is a Six per Cent Loan, the Interest and Principal payable in Gold, thus yielding over Nine percent per annum at the present rate of premium on coin.

The Government requires all duties on imports to be paid in Coin; these duties have for a long time past amounted to over a Quarter of a Million of Dollars daily, a sum nearly three times greater than that required in the payment of the interest on all the 5-20's and other permanent Loans. So that it is hoped that the surplus Coin in the Treasury, at no distant day, will enable the United States to resume specie payments upon all liabilities.

The Loan is called 5-20 from the fact that whilst the Bonds may run for 20 years yet the Government has a right to pay them off in Gold at par, at any time after 5 years.

The Interest is paid half-yearly, viz: on the first days of November and May.

Subscribers can have Coupon Bonds, which are payable to bearer, and are \$50, \$100, \$500, and \$1000; or registered Bonds of same denominations, and in addition, \$5,000, and \$10,000.—For banking purposes and for investments of Trust-monies the Registered Bonds are preferable.

These 5-20's cannot be taxed by States, cities, towns or counties, and the Government tax on them is only one-and-a-half per cent, on the amount of income, when the income of the holder exceeds Six Hundred dollars per annum; all other investments, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent tax on the income.

Banks and Bankers throughout the Country will continue to dispose of the Bonds; and all orders by mail, or otherwise, promptly attended to.

The inconvenience of a few days delay in the delivery of the Bonds is unavoidable, the demand being so great; but as interest commences from the day of subscription, no loss is occasioned, and every effort is being made to diminish the delay.

### ADVERTISEMENT OF THE GOOD SAMARITAN!

AN INQUIRY.—What is your System of Practice? Are you a BOTANIC or INDIAN DOCTOR!

- TERRAPATHY, ALLOPATHY, THOMPSONIAN, HYDROPATHY, ELECTROPATHY, MAGNETISM, HOMEOPATHY, CHROMO THERMALIST, ISOPATHY.

Or do you adopt the new method of CURE, BY NUTRITION.

In answer to the above, I would say I am familiar with all the above different theories, and would appropriate them to the full extent of their merits, and would be thankful for all the knowledge they impart. In regard to the Indians, I would say I have spent some number of months with each of several different tribes, and have gained much valuable knowledge of their medical skill by so doing. The art of healing among the Indians consists in the application of simples; such as roots, barks, buds, leaves, gums and blossoms, in the virtue of which they are surprisingly skilled. The Indians have a degree of botanical knowledge that surpasses a European. They are, in general, and at a very early age, acquainted not only with the names, but the qualities and properties, of every shrub and herb among that exuberant variety with which their country abounds. They believe the Good Spirit (God) has caused a shrub or plant to grow which will cure every disease the human family is subject to. I would say my theory and practice of medicine are composed of the knowledge I have gained of the above different theories, combined with the practical knowledge I have gained by having under treatment or examination over 17,000 patients that have been afflicted with diseases of a chronic character, and among that great number have had patients laboring under all of the great variety of diseases the physical organization is subject to, and have successfully treated a great number of cases that have been given up as hopeless by some of the most eminent physicians of North America. Therefore I feel justified in saying to all afflicted with chronic diseases, that notwithstanding your case may have been of long standing, even 10 or 20 years, and you have had the treatment and counsel of those regarded as the most eminent of the profession, and your case given over by them as hopeless, and their opinion endorsed by your own, notwithstanding all of this which, I admit, makes a strong case, I should be inclined to agree with you if I had not had success in that class of cases. And the persons now enjoying health—living witnesses of the facts—after having given up all hopes of ever being again free from disease until death should come as their deliverer. I have been successful with all of the following diseases, after they had been given up as hopeless:

- Asthma, Aphonia, or loss of voice, Angina Pectoris (disease of the heart), Bronchial Affections, Bronchocele, goitre, (enlarged neck), Cancer effectually cured, Consumption, a new cure for, Chronic Diarrhoea, Costiveness, cured without medicine, Catarrh, in the head cured in all cases, Chronic Ulcers of the Legs, (Gover sores), Chronic Ophthalmia and Ophthalmic Tarses, Dyspepsia, Deafness, Diabetes, Dropsy, cured in every case treated, Disease of the scalp, causing Baldness, Erysipelas, Enlargement and Chronic Inflammation of the heart (Hypertrophy), Female Weakness, Fits, cured by a new treatment, Flux Albus, General Debility, Gravel, cured in every case treated, Headache, cured in all cases, Inflammation of the eyes, Joints Swollen, stiff and painful, Jaundice, Kidney complaint, Liver complaint, Nervous Disease, Neuralgia, Protrusion Uteri, (falling of the womb), Paralysis, Piles, cured in all cases, Rheumatism, Ruptures, cured in children in all cases, Rickets, Salt Rheum, cured in its worst form, Spinal Disease, Suppression of the Menses, St. Vitus Dance, Scald Head, Spermatorrhoea, cured in all cases, Throat Affections, Tetter, Tumors, Tape Worms, Venereal Diseases, of every character cured effectually.

Worms Special attention given to the diseases of women and children.

Dr. S. cures all diseases of the Throat and enlargement of the Tonsils. Dr. S. cures effectually Stuttering and Stammering, and the person enabled to speak and read with freedom and ease. Dr. S. has discovered a remedy that is a perfect antidote for Tobacco, it restores the appetite to its natural state, and leaves no lingering for the weed. A course of treatment will be prescribed, Dr. S. which will effectually remove the appetite for intoxicating drinks.

Dr. S. cures the bite of a mad dog (Hydrophobia) and the bite of a rattlesnake and all other poisonous snakes or reptiles. Consumption, in that advanced stage where the left lobe of the lung is consumed away, has been arrested by Dr. S.'s treatment, and the patient restored to health.

Dyspepsia, in its most aggravated character, is effectually cured by Dr. S.

Cancers of all the different varieties,—11 in number—are well understood by Dr. S., and successfully treated. Persons by applying to Dr. S. can receive a circular that gives plain description of the appearance and symptoms of the eleven different kinds of Cancers.

Dr. S.'s treatment for Consumption, Dyspepsia and Cancers, is not known or practiced by the medical profession in this country, and has been instrumental in restoring to health a great number of patients that had been considered far beyond all hopes of recovery.

Spermatorrhoea—a disease of the generative organs, that so often saps the strongest constitutions, and brings down talents of the finest promise to an untimely grave—is cured by Dr. S. in a short time, and with pleasant treatment. All diseases of a delicate nature strictly confidential.

### Dr. S. will be at the INDIAN QUEEN HOTEL,

Stroudsburg, on the 2d and 3d days of every month, to examine patients and give prescriptions. Diseases of the Lungs detected by the Stethoscope. All examinations free.—Medium charge for treatment per month, \$5. Terms—cash. The afflicted poor at all times liberally considered.

### Sarsaparilla

FOR SCROFULA AND ECZEMA-TISERDISES. From Emory Edes, a well-known merchant of Chicago, Ill. "I have used large quantities of your Sarsaparilla, but never yet one bottle which failed of the desired effect and I will continue to those who took it for twelve or fifteen years. I can say that there has been no medicine like it before in our community." Eruptions, Pimples, Itchings, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Smith, D.D., of England. "I only to my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your Sarsaparilla. My daughter, aged ten, had an itching humor in her ears, eyes, and hair for years, which were unable to cure until we tried your Sarsaparilla. It has been well for some months."

From Mrs. Jane E. Bier, a well known and much-esteemed lady of Denziesville, Cape May Co., N. J. "My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Scrofulous affections any relief until we tried your Sarsaparilla, which soon completely cured her."

From Charles F. Grove, Esq., of the widely-known firm of Gage, Murray & Co., manufacturers of enamel and glass papers in Northrup, N. H. "I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every remedy, but without success; but I finally used your Sarsaparilla, and it cured me in a few weeks; but in a few weeks the new skin began to form under the blotches, and continued until my face was smooth as a baby's. I am now without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your Sarsaparilla."

From Dr. Robt. Smith, Houston St., N. Y. "I believe that I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your Sarsaparilla, and I have just now cured an attack of Malignant Erysipelas by your Sarsaparilla. I can say that your Sarsaparilla you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., of Waconia, Ohio. "For twelve years I had the yellow scrofula on my right arm during which time I tried all the celebrated physicians I could reach, and took hundreds of bottles of the various medicines. The disease was so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla, and in two weeks the cords of my arm disappeared. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every one in the community, and excites the wonder of all."

From Hon. Henry Monroe, M. P. P., of Newcastle, C. W. "I have used your Sarsaparilla for several years for general debility, and for purifying the blood, with very beneficial results, and find confidence in commending it to the attention of the public."

From Dr. Henry Jones, St. Anthony's Fire, Ross, Salt Rheum, Scald Head, Sore Eyes.
