HEAD QUARTERS DEPT., OF THE SUSQUEHANNA, CHAMBERSBURG, PA., January 20th, 1864.

To the people of the Department of the Susquehanna.

I cordially invite the attention of all persons within the Department of the Susquehanna to the address recently issued by Major General Hancock, Commanding 23 Army Corps in which that distinguished officer announces, that he has come to Pennsylvania under the authorities of the War Department for the purpose of recruiting his Corps to 50,000 men with a view to special service.

The gallantry and Military ability of Major General Hancock, and the courage and discipline of his Corps have been tested on many battle fields and have justly won the admiration of the people. Those who shall enlist under him will find comrades with whom it will be an honor to be connected, and a leader whose past career gives the assurance that he cannot fall short of the full performance of all his duties as an officer, a soldier and a gentleman.

Having been associated with Major General Hancock on many trying occasions, I heartily commend him to the patriotism of the people of this Department, and earnestly advise those fit for military duty, to embrace this opportunity of taking a position in which they will gain honor and distinction for themselves, and render essential service to their country.

U. S. 5-20'S.

The Secretary of the Treasury has not yet given notice of any intention to withdraw this popular Loan from Sale at Par, and until ten days notice is given, the undersigned, as "General Subscription Agent," will continue to supply the public.

The whole amount of the Loan authorized is Five Hundred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed for and paid into the Treasury, mostly within the last seven months. The large demand from abroad, and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing in all parts of the country, will, in a very short period, absorb the balance. Sales have lately ranged from ten to fifteen millions weekly, frequently exceeding three millions daily, and as it is well known that the Secretary of the Treasury has ample and unfailing resources in the Duties on Imports and Internal Revenue, and in the issue of the Interest bearing Legal Tender Treasury Notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or permanent loans. THE INTEREST AND PRINCIPAL OF WHICH ARE PAYABLE IN GOLD.

Prudence and self interest must force the minds of those contemplating the formation of National Banking Associations, as well as the minds of all who have the idle money on their hands, to the prompt conclusion that they should lose no time in subscribing to this most popular Loan. It will soon be beyond their reach, and advance to a handsome premium, as was the result with the "Seven Thirty" Loan, when it was all sold and could no longer be subscribed for at par.

It is a Six per Cent Loan, the Interest and Principal payable in Coin, thus yielding over Nine per Cent per annum at the present rate of premium on coin.

The Government requires all duties on imports to be paid in Coin; these duties have for a long time past amounted to over a Quarter of a Million of Dollars daily, a sum nearly three times greater than that required in the payment of the interest on all the 5-20's and other permanent Loans. So that it is hoped that the surplus Coin in the Treasury, at no distant day, will enable the United States to resume specie payments up to all liabilities.

The Loan is called 5-20 from the fact that whilst the Bonds may run for 20 years yet the Government has a right to pay them off in Gold at par, at any time after 5 years.

The Interest is paid half-yearly, viz: on the first days of November and May.

Subscribers can have Coupon Bonds, which are payable to bearer, and are \$50, \$100, \$500, and \$1000; or registered Bonds of same denominations, and in addition, \$5,000, and \$10,000. For banking purposes and for investments of Trust-moneys the Registered Bonds are preferable.

These 5-20's cannot be taxed by States, cities, towns or counties, and the Government tax on them is only one-and-a-half per cent, on the amount of income, when the income of the holder exceeds Six Hundred dollars per annum; all other investments, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent tax on the income.

Banks and Bankers throughout the Country will continue to dispose of the Bonds; and all orders by mail, or otherwise, promptly attended to.

The inconvenience of a few days' delay in the delivery of the Bonds is unavoidable, the demand being so great; but as interest commences from the day of subscription, no loss is occasioned, and every effort is being made to diminish the delay.
